

# HP LaserJet P1006 vs. Dell 1110

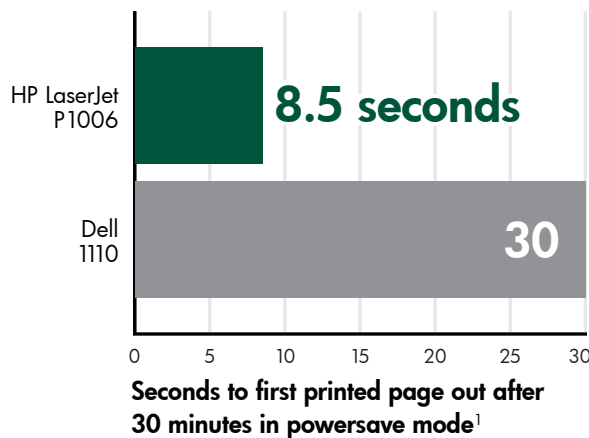

## Boost productivity and reduce costs with the HP LaserJet P1006 printer

- **Fast, on-demand printing** — Instant-on Technology lets your HP LaserJet P1006 print up to 7 pages from powersave mode before the Dell 1110 can even finish warming up.
- **Energy efficient** — The advanced, fast-heating ceramic element within your HP LaserJet P1006's Instant-on Fuser consumes significantly less energy than the conventional fuser Dell builds into the 1110. Your HP LaserJet also meets the new, more strict ENERGY STAR® rules that went into effect April 1, 2007.
- **Fast sustained performance** — Your HP LaserJet P1006 has a faster processor — 266 MHz vs. the Dell 1110's 150-MHz chip. And the Dell 1110 only offers 2 MB of memory while your HP LaserJet P1006 boasts 8 MB.
- **Superior paper handling** — Your HP LaserJet P1006 lets you place up to 10 sheets or envelopes in the priority input tray vs. only 1 sheet or envelope for the Dell 1110. And unlike Dell, HP delivers manual duplex support.
- **Broader client OS support** — Your HP LaserJet P1006 supports Mac OS X (v.10.28, v.10.3, and v.10.4), Linux, and UNIX. The Dell 1110 does not support any of these operating systems.
- **Better warranty** — HP backs your LaserJet P1006 with a 1-year limited warranty, whereas the Dell 1110 only comes with a 90-day warranty.
- **Inconspicuous** — Your HP LaserJet P1006 emits less noise and has a smaller footprint than the Dell 1110.

### Save time and energy with HP LaserJets

HP Instant-on technology virtually eliminates warm-up time, letting HP LaserJet P1006 users print some documents before the Dell 1110 can even finish warming up. Plus HP Instant-on fusers also use far less energy than their Dell counterparts.

### Enjoy less-obtrusive printing with HP

Free up desk space and reduce distractions with HP. For instance, the HP LaserJet P1006 consumes 27% less desk space than the Dell 1110. Plus the HP device is inaudible in ready mode, whereas the Dell unit emits up to 17 decibels.
