

The HP Notebook QuickDock helps you to reduce desktop clutter for a cleaner workspace and stay connected to everything-power, peripherals and Internet-with a single cable, and even charges your battery while docked.

Compatibility:

- **Compatible with the following notebook Series:**

Pavilion: dv4, dv5, dv7, dv2000, dv6000, dv9000, tx1000, tx2000, HDX Series*

Presario: CQ45, V3000, V6000

Features & Benefits:

- **Cut cable clutter:**

1. Stay connected to everything - power, peripherals and Internet - with a single cable .
2. Recharge your battery while the notebook is connected to the HP Notebook QuickDock.
3. The sleek, compact design reduces cable clutter and keeps your workspace clean and efficient.

- **Conveniently expand your connectivity:**

1. The VGA port allows you to quickly and easily attach a monitor for expanded viewing options.
 - Project the application running on your notebook onto a large screen monitor while the notebook remains closed.
 - Replicate the same application on your notebook and a large screen monitor simultaneously.
 - View one application on your notebook and a different one on your monitor
2. Utilize any of the 6 USB 2.0 ports for immediate access to peripherals such as printers, keyboards and mice, and external hard drives.
3. Utilize the ethernet port to stay connected to the Internet or your home or office network.
4. Multiple audio port output options and a consumer IR port let you manage your notebook's media content

- **Simplify your mobile lifestyle:**

The quick and simple connection to your notebook lets you easily move from your workspace to being on the go
