

# HP Smart Buy Promotion - Desktops

November 2009 Edition

## About Smart Buy

The HP SmartBuy promotion offers aggressive savings on expertly pre-configured, HP-recommended business solutions including notebooks, desktops, workstations, servers, monitors and accessories. SmartBuy products are ideal for organizations looking for the best value on HP products while not committing to minimum volume requirements. The promotional pricing for these Smart Buy products is upfront, there are no rebates, claims or minimum volume requirements. This upfront pricing reduces administration while still allowing HP Resellers to deliver aggressive pricing on HP products. Reseller discounts have been increased on selected SKUs increasing flexibility in setting margins. As well Partner ONE spiffs or Blue Carpet incentives are available on selected SKUs.
