

Don't gamble with your future – save the date!

HP Certified Professionals.
Get IT right the first time.

It's time to mark your calendar and prepare for the premier HP worldwide event of the year! The HP Technology Forum and Expo will be held 16–19 June at Mandalay Bay Hotel in Las Vegas, Nevada. With over 10,000 square feet of innovative HP solutions on display, attendees will have the opportunity to get an up-close, hands-on view of some of the industry's most cutting-edge technology.

These four days offer an ideal chance for HP partners to broaden their field of expertise with in-depth technical training and demos. With content from HP, HP solution partners and third-party vendors, the event offers more than 500 comprehensive break-out sessions and 300 labs, plus access to the latest technological advancements developed by world-renowned HP Labs. Attending this event also counts as a continuous learning activity, which will help your employees keep their knowledge of the latest HP products, solutions and technologies up to date.

This event is highly recommended for IT managers and directors, system and network administrators, systems analysts and architects, and systems engineers. Participants will have the opportunity to network in professional and casual settings with over 7,000 peers, experts and partners.

Don't miss out on this fun and exciting event in fantastic Las Vegas! Space is limited to only 300 participants from EMEA, so make plans now to attend. For more information or to register, visit the official website: [HP Technology Forum & Expo 2008](#).
