Curriculum Spotlight—Training for Superdome 2 and Integrity Server Blades

HP's **Integrity Server Blades** and **Integrity Superdome 2** servers provide unprecedented reliability, manageability, flexibility, and total cost of ownership for customers running mission critical HP-UX workloads. Whether you are upgrading from a previous version of HP-UX, or transitioning from a different UNIX environment, **HP Education Services** offers the training you need to effectively deploy, configure, and maintain your new hardware.

	New to UNIX	Migrating from AIX, Linux, or Solaris to HP-UX 11i v3	Upgrading from HP-UX 11i to HP-UX 11i v3	Cost Per Student

Stretch your Training Budget with HP Care Pack Services for Education

Turn end-of-year budget into year-round value with convenient HP Care Pack Services for Education. HP Care Pack Services for Education allow you to purchase training credits now to leverage your budget cycle. The credits can then be redeemed at any time over the next twelve months. Simple, flexible, and economical, HP Care Pack Services for Education can be used to purchase *any* scheduled open enrollment class (delivered at an **HP Education Center** or by **HP RAIL**) or **dedicated onsite class** offered by HP Education Services. Quantity discounts often apply — so the bigger the Care Pack, the bigger the discount. We offer two types of Care Packs:

- *HP Care Pack Total Education* — allow a volume purchase of training credits in units of either \$100 or \$1000; and,
- *HP Care Packs for Technical Training* — tailored to a specific technology and priced based on the cost of sending one student to one day of open enrollment training in that specific technology. Talk to your HP Education Consultant about our new *HP Care Pack for HP-UX Training* (SKU HF382E/HF382A1).
