product description

Model: Hp PhotoSmart E317 (L2051A-UK3)

Weight: 0.109 kg

Height: 5.2 cm

Width: 9.9 cm

Depth: 3.0 cm

(Measurements provided are for a non-packaged product)

environmental certifications

This product conforms to the following voluntary environmental program criteria:

- Not applicable

other features

HP has designed this product with the following additional features to help the user conserve resources:

- No applicable

warranty, service & options

Standard Warranty: 90 days exchange warranty

Extended Warranty: None

Spare Parts Available: 3 years after end of production

Service Available: 3 years after end of production

The product can be upgraded, or its useful life extended as follows:

- Upgradeable memory cards.

operational data

Operational Mode: Not applicable

Energy Consumption:

Operation: 3.6 W maximum

Acoustical Noise: (declared sound power (L_{wAd}) per ISO 7779/ISO 9296)

Operation: Not applicable

Chemical Emissions: Not applicable

product safety information

For chemical information about related HP printer supplies, please refer to Material Safety Data Sheets for these products at: <http://www.hp.com/go/msds>

product restricted materials

The information in this section refers to materials restricted by regulation or law and applies to parts, components and products sold by HP. This product does **not** contain:

- Asbestos
- Cadmium as a stabilizer, coloring agent or surface coating treatment.
- Lead carbonates or sulfates are not contained in any paint applied.
- Mercury (except lamps containing less than 10 mg)
- Chlorofluorocarbons (CFCs), halons, HCFCs, HBFCs, 1,1,1 trichloroethane, carbon tetrachloride or methyl bromide.
- Chlorinated or brominated dioxins or furans are not present at a concentration that is currently prohibited by law.
- Polychlorinated biphenyls (PCB) or polychlorinated terphenyls (PCT).

For additional product material information about this product, see "additional product materials" below. For product material information for associated batteries and packaging, see "batteries" and "packaging", below.

- This HP product L2051A-UK3 complies with requirements of the European Union Directive (2002/95/EC), "Restriction of the use of Certain Hazardous Substance in Electrical and Electronic equipment." And China's, "Management Methods on the Prevention and Control of Pollution Caused by Electronic Information Products."

additional product materials

- Plastic parts do not contain polybrominated biphenyls (PBBs) or polybrominated biphenyl ethers (PBBEs) (also known as polybrominated biphenyl oxides (PBBOs)).
- Halogenated flame-retardants are not used in the housing plastics.

batteries

The batteries contained in or supplied by Hewlett-Packard for this product do not contain mercury or cadmium

Type: Alkaline AA

Weight: 0.0041kg

- Easily removable: Yes
- Included not installed

packaging

- Packaging materials do not contain lead, mercury, cadmium or hexavalent chromium as an intentionally added element. The sum concentration of incidental lead, mercury, cadmium and hexavalent chromium in the packaging for this product is less than 100mg/kg.
- No chlorofluorocarbons (CFCs), halons, HCFCs, HBFCs, 1,1,1 trichloroethane, carbon tetrachloride or methyl bromide are used in plastic foam packaging materials.
- Plastic packaging materials are marked according to ISO 11469 and DIN 6120 standards.
