The Japanese Electronics and Information Technology Industries Association (JEITA) PC Green Label indicates that the product manufacturer and the product meet the following

The manufacturer practices

- Environmentally conscious product design and manufacturing (including 3R's – reduce, reuse, recycle)
- PC take-back, reuse, recycling and proper disposal after end of use
- Environmental information disclosure

The products meet specific criteria for

- energy efficiency
- electromagnetic noise
- material use
- design for recycling
- product life and ability to upgrade product
- packaging and manuals

For more information on JEITA, go to <http://www.jeita.or.jp/english/>
