

## Antonio Neri

Senior Vice President and General Manager,  
Technology Services  
Hewlett-Packard Company

---

Antonio Neri is senior vice president and general manager of Technology Services, the largest segment of the Enterprise, Servers, Storage and Network (ESSN) business at HP.

Neri is responsible for consistently delivering a personalized, proactive and connected support experience to all clients around the world. He works across HP and its partners to ensure clients have access to the complete solutions and services they need.

Previously, Neri was responsible for leading the Total Care Services organization for the Personal Systems Group at HP. In this role, he managed the Total Customer Experience and Quality as well as the Warranty Services organizations.

Neri joined HP in 1995 and has more than 25 years of experience in the services industry. Prior to joining HP, he held services management positions in Argentina, Italy and The Netherlands. In his management career at HP, Neri has established new services delivery capabilities in Europe, the Middle East and Africa and in the Americas, in support of both imaging and printing and personal computing products.

Neri holds a degree in computer engineering and is a professor of arts and drawing.
