

Fact sheet

Compaq Presario V5000 Notebook PC

Overview

The Compaq Presario V5000 Notebook PC puts the power of a desktop PC in a sleek notebook design to create a versatile mobile solution for the home, small business or dorm room. The V5000 makes it easy to enjoy digital entertainment and photography, or complete work-related tasks, such as creating documents or keeping track of spreadsheets. Featuring powerful AMD processors and a 15.4-inch widescreen display with optional BrightView technology, the V5000 is powerful enough to replace a desktop PC yet designed for the professional who's always on the go.

Key features and benefits

- Optimized for mobile performance with AMD Turion 64 or AMD Sempron™ processors, the V5000 includes PowerNow! Technology to help increase battery life as well as built-in Enhanced Virus Protection⁽¹⁾ to protect it from malicious viruses.
- For sharper 3D action video and graphics-intensive games, the V5000 includes ATI RADEON™ XPRESS 200M Integrated Graphics Processor with 128MB discrete video memory which is optimized to extend battery life.
- The V5000 includes a 6-in-1 media card reader on select models⁽²⁾, ExpressCard/54 slot for next-generation PC Card expansion products and up to three on select models. USB 2.0 ports to support the latest in consumer devices, files and digital media.

Additional features

- Optional⁽³⁾ HP Remote Control makes it easy to turn notebook into an entertainment center. Control CDs and DVDs like any other media player; video toggle function to view content between notebook panel and external display devices.
- Easily connect notebook to other peripherals with expansion port for the HP xb2000 Notebook Expansion Base⁽³⁾ for a true desktop experience and HP xc2000 All-in-One Media Cable⁽³⁾ for a one-step connection to home entertainment systems.

Technical specifications

- 15.4-inch widescreen display for optimal viewing; optional BrightView technology
- ATI RX 200M (HyperZ II Technology, SMARTSHADER pixel and 128MB Framebuffer memory x16 DDR1) Graphics

- Optional⁽³⁾ integrated wireless support⁽⁴⁾ for 802.11 b/g, configurable 802.11 a/b/g and Bluetooth™ wireless technologies on select models
- 6-in-1 media card reader on select models⁽²⁾
- IEEE1394 port and up to three USB 2.0 ports on select models
- ExpressCard 54 slot
- 6-cell standard and 12-cell available for additional battery life
- Powerful but portable: weight starting at 6.6 lbs⁽⁵⁾ and as thin as 1.38 inches

Service and support

- HP offers a one-year warranty for PCs as part of HP Total Care, the service and support program recently recognized by JD Power and Associates for consistently providing an “Outstanding Customer Service Experience.”⁽⁶⁾ HP Total Care delivers real-time chat with support agents, as fast as one-hour email response and toll-free 24x7 technical support both in and out of warranty.

Pricing and availability

- Estimated U.S. street price of \$729⁽⁷⁾ available with a \$50 rebate (rebate not available in Connecticut) depending on the configuration ordered.
- Expected to be available for purchase in early January 2006 direct from www.hpshopping.com or local retailers.

⁽¹⁾ Enhanced Virus Protection (EVP) is only enabled by certain operating systems including the current versions of Microsoft® Windows® and Linux. Protection of the OS or applications may not be enabled by default. After properly installing the appropriate operating system release, users must enable the protection of their applications and associated files from buffer overrun attacks. Consult your OS documentation for information on enabling EVP. Contact your application software vendor for information regarding use of the application in conjunction with EVP. AMD and its partners strongly recommend that users continue to use third party anti-virus software as part of their security strategy.

⁽²⁾ Memory Stick Duo Cards and Memory Stick Duo Adapters are not supported. Inserting one of these cards or adapters into your notebook can damage the memory card, adapter and/or notebook

⁽³⁾ Sold separately.

⁽⁴⁾ Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires separately purchased Internet service contract.

⁽⁵⁾ Weight will vary by configuration.

⁽⁶⁾ J.D. Power and Associates Certified Technology and Support ProgramSM, developed in conjunction with the Service & Support Professionals Association (SSPA). For more information, visit www.jdpower.com or the sspa.com.

⁽⁷⁾ Actual price may vary.
