Key Features of HP Total Care

- HP support agents are available 24/7 by phone, real-time chat or email.

Customers can also choose other repair options including the Express Parts Program, where HP ships the new part directly to the customer for self-repair within 24 hours, or they can send the DEC back to HP for repair without incurring shipping or handling charges.

Additional Services

- Customers who want the added reassurance of services beyond the first year of ownership can purchase an extended service plan for an additional one or two years.

- HP House Call sends an HP technician onsite to fix select DEC issues.
- HP also offers accidental damage protection to safeguard customers and their DEC's against unexpected spills and damage.
- To purchase extended service plans, customers should contact an HP Total Care service plan advisor at 1-866-234-1377.
