

Fact sheet

HP LaserJet 9040 series

Overview

Boost productivity with the HP LaserJet 9040 series – reliable, entry-level, high-volume printers designed for the department or large workgroup. The HP LaserJet 9040 series increases the productivity of users and IT managers by easily and reliably handling demanding, high-volume printing, including batch printing. This series also has wide-format capabilities (up to A3 size) and optional duplexing and advanced finishing.

Key Features and Benefits

- Reduce wait times and see productivity rise with print speeds up to 40 pages per minute and first page out in under eight seconds
- Meet demanding, high-volume printing needs with a 300,000 page-per-month duty cycle and 3,100-page input capacity
- Take advantage of advanced finishing options including an eight-bin mailbox
- Improve performance with a 533 MHz processor and expandable memory
- Manage easily with HP Web Jetadmin and embedded Web server for remote installation, configuration and management
- Share printing reliably and easily with HP Jetdirect Fast Ethernet Internal Print Server embedded on the device formatter board
- Conserve paper, time and money using the automatic two-sided printing function available on the HP LaserJet 9040dn
- Designed together with the printer, the HP LaserJet C8543X Black Smart Print Cartridge delivers exceptional quality and reliability.
- HP Smart printing technology enables hassle-free print management and quick and simple replacement of toner cartridges and other supplies through proactive alerts
- Produces high-quality prints on a variety of media types, including HP Advanced Paper

Pricing⁽¹⁾

- HP LaserJet 9040: \$2,299
- HP LaserJet 9040n: \$2,899
- HP LaserJet 9040dn: \$3,299
