

Fact sheet

HP Hahnemühle Watercolor Paper

Overview

HP Hahnemühle Watercolor Paper, part of a full line of HP Digital Fine Art Media, is designed to meet the needs of artists and photographers who create fine art reproductions and photographs. This high-quality, acid-free mould-made paper delivers exceptional image quality and stability. With slightly structured texture with natural white shade, it features 50 percent cotton rag content for enhanced strength and durability. This paper works seamlessly with the HP Photosmart Pro B9180 Professional Photo Printer and HP Vivera pigment inks as a total fine art solution.
