

HP Color Laser Glossy Presentation Paper

Overview

The new HP Color Laser Glossy Presentation Paper enables business customers to print professional quality presentations, in-house marketing collateral materials and other important documents without leaving the office. The paper's specially designed two-sided coating allows users to confidently print business documents on heavy, glossy paper. Ideal for printing proposals and special reports, HP Color Laser Glossy Presentation Paper produces sharp images, crisp text and excellent contrast with a brighter, whiter paper.

Highlights/Specifications

- Proprietary two-layer coating provides exceptional appearance even in varying temperatures and humidity levels
- Exclusive five-layer structure provides outstanding reliability on HP Color LaserJet printers
- Provides superior look, feel and image quality to plain paper with more vibrant blacks, richer colors and a smoother, glossier finish
- Enhanced gloss uniformity and thick, heavy paper give important documents a professional-quality look and feel
- Save time and money with reliable two-sided printing and minimal printing jams
- Maintain greater control and flexibility by creating professional, out-sourced quality color business documents in-house
- Specifically designed for optimal performance with HP Color LaserJet printers. Compatible with most laser printers and copiers
