

HP 3-in-1 NAS Docking Station

HP recommends Microsoft® Windows® XP Professional.

Robust 'all-in-one' mobile office solution for HP Business Notebook PC users, offering Network Attached Storage for data backup, recovery and file sharing in addition to all the conveniences of docking.

The HP 3-in-1 Docking Station is the ideal mobile office solution for HP Business Notebook PC users requiring:

- Robust docking capabilities
- A convenient, easy-to-use data backup and recovery solution
- An easy-to-manage file sharing solution that makes information accessible from anywhere

Docking Capabilities

Designed for mobile professionals that demand desktop-like ergonomics and expandability from their notebook while in the office, The HP 3-in-1 NAS Docking Station provides the right balance of key features including port replication, cable management, and security. It features six USB ports as well as MultiBay II and ExpressCard slots for future expansion.

Data Backup and Recovery

The HP 3-in-1 NAS Docking Station features an integrated 160GB 7200rpm SATA hard drive that is accessible as a network drive via a Broadcom BCM4781 NASoC chip for secure and reliable data backup and recovery. HP's Backup and Recovery Manager software (included) allows for convenient automatic or manual system backup to prevent data loss and reduce potential downtime.

File Sharing

The HP 3-in-1 NAS Docking Station is an easy-to-manage file sharing solution that allows an administrator to set up and manage access to the network drive via an embedded NAS Configuration Utility. The administrator is able to subdivide the disk space into "pools" for individual users and can control access to the drive or secure pools by creating encryption passwords. Authorized users can then save and retrieve data from anywhere with network access.

Network USB Ports

Connect a USB printer to one of the two network USB ports on the HP 3-in-1 NAS Docking Station and use the docking station as a network print server. Connect an external hard drive to the other network USB port and use it as a "legacy drive" in Windows or add the hard drive capacity to the 160-GB docking station network drive for more shared disk space.

The HP 3-in-1 NAS Docking Station is compatible with HP Compaq 4200, 4400, 6120, 6125, 6200, 6320, 6325, 6400, 7400, 8200, 8400 and 9400 series Notebook PCs and HP Compaq 4200 and 4400 series Tablet PCs.

Specifications

HP 3-in-1 NAS Docking Station

| | | | |
|---------------------------------|---|--|--|
| Dimensions (H x W x D) | 11.02 in x 2.95 in x 9.69 in (28.0 cm x 7.5 cm x 24.6 cm) | | |
| Weight | 6.09 lbs (2.76 kg) | | |
| Power Supply (input) | Rated Voltage | 100-240V~ | |
| | Rated Current | 2.5A | |
| | Line Frequency | 50-60 Hz | |
| Environmental conditions | | Operating | Non-operating |
| | Temperature | 0° to 95° F (10° to 35° C) | 14° to 140° F (-10° to 60° C) |
| | Relative humidity | 10% to 90% relative humidity | 5% to 90% relative humidity |
| | Maximum Altitude | 0 to 10,000 ft (0 to 3,048 m) | 0 to 30,000 ft (0 to 9,144 m) |
| | Shock | 40 G, 2 ms, half-sine | 240 G, 2 ms, half-sine |
| | Vibration | .5 G zero-to-peak, 10 to 500 Hz, 0.25 oct/min sweep rate | 1.5 G, zero-to-peak, 10 to 500 Hz, .5 oct/min sweep rate |

HP 3-in1 NAS Docking Station Hard Drive

| | | | |
|--|--|--------|--|
| Capacity | 163,928,604,672 bytes | | |
| Height | 1 in (2.54 cm) | | |
| Width | Media diameter: 3.5 in (8.89 cm) / Physical size: 4 in (10.2 cm) | | |
| Interface | Serial ATA (3.0 Gb/S) | | |
| Synchronous Transfer Rate (Maximum) | Up to 3 Gb/s | | |
| Seek Time (typical reads, includes controller overhead, including settling) | Single Track | 0.9 ms | |
| | Average | 9.3 ms | |
| | Full-Stroke | 18 ms | |
| Cache | 8 MB | | |
| Rotational Speed | 7,200 rpm | | |
| Logical Blocks | 320,173,056 | | |
| Operating Temperature | 41° to 131° F (5° to 55° C) | | |
