

## Bob Schultz

Senior Vice President and General Manager, StorageWorks Division

### Hewlett-Packard Company

Bob Schultz is senior vice president and general manager of the StorageWorks Division at HP. The business unit encompasses networked, nearline and software storage solutions for firms ranging from small and medium businesses to the largest enterprises.

Under Schultz's leadership, StorageWorks holds leading positions in the worldwide total disk storage market and in key market categories, such as open SANs, branded tape and automation, and tape media.

Schultz has been involved in building businesses and driving new technologies in the storage industry for more than two decades. Prior to joining HP in 2002, he was chief operating officer for Adaptec, Inc., and vice president of Server Storage at Compaq. He began his career at AT&T, where he held a variety of positions.

Schultz holds a master's degree in business administration from Keller Graduate School of Management, a master's degree in computer science from Illinois Institute of Technology and a bachelor of science in engineering from University of Illinois. He is located in Cupertino, Calif.
