

## Jeri Callaway

Vice President and General Manager, Personal Systems Group

Hewlett-Packard Company

Jeri Callaway is vice president and general manager in the Personal Systems Group at HP, with responsibility for customer relationships and go-to-market activities for North America commercial products.

Previously, Callaway was vice president and general manager of the commercial client business at Compaq Computer Corp., where she led the worldwide development and marketing launch of desktop, workstation and thin client products.

Prior to joining Compaq, Callaway held engineering and managerial positions at Lexmark and IBM Corp.

Callaway has a bachelor of science degree in electrical engineering from University of Tennessee. She completed graduate studies in business administration, electrical engineering and computer science.

In addition to being active in mentoring programs for developing diversity and leadership talent, Callaway serves on the board of directors of the Houston Technology Center, a non-profit organization that assists Houston-based emerging technology companies accelerate their business.
