

HP Scanjet G3010 Photo Scanner

Overview

The HP Scanjet G3010 Photo Scanner provides photo, film and document scanning with one of the highest resolutions available at this scanner's price, making it one of the most competitive home scanning solutions worldwide.¹ Ideal for customers who want to share images with friends and family, the HP Scanjet G3010 makes it easy to quickly preserve and restore memories. With exceptional photo, film, and document scanning, users can enjoy high-definition scans at 4800 x 9600 dpi hardware resolution and true-to-life, 48-bit color that produces reprints as beautiful as originals.² A built-in adapter makes it easy to convert 35mm slides and negatives into digital files to be printed, shared, and saved. Bundled with HP Photosmart software, users can easily bring old or damaged photos, slides and negatives back to life by removing dust and scratches and restoring faded color.
