

## HP Photosmart Essential 2.0 software

### Overview

HP Photosmart Essential 2.0 software provides consumers a fast and easy way to organize, edit, print, share, and creatively use photos – all in one place. This software features an entirely new and engaging user interface and personalized home page that brings photos to life and ensures success with simple web-like navigation and integrated screen help. Users can quickly find photos by date, tag, or folders - even mark as favorites or search by name, make quick edits including automatic red-eye and manual pet-eye fix, use one click Photo Fix to correct color and lighting, and enjoy lab quality prints, projects and seamless sharing with Snapfish.<sup>(1)</sup>

### Key features and benefits

- Easily import and automatically organize photos with the HP Photosmart Essential Photo Library.
- Enjoy lab-quality prints at home - the first time, every time - and create meaningful memories with photo templates that automatically turn photos into printed album pages for scrapbooks and brag books.
- A personalized Home Page offers quick, easy access to your most recent photos and projects.
- Seamless integration with Snapfish makes sharing photos online without attachments a snap.
- New web-like interface guides consumers through their custom digital photography needs.
- Rotate, flip, resize or apply color and light tools or special effects like black and white or sepia tones.
- View your photos as slide shows to your own music right on your PC.

### Pricing and availability

Ships with HP 2007 hardware products and PCs world wide. HP Photosmart Essential 2.0 software is automatically installed with product-related software, or available as a no charge download at [www.hp.com/go/pse](http://www.hp.com/go/pse), available in 21 languages.

<sup>(1)</sup> Snapfish online photo service availability varies by country/region.
