

HP Self-adhesive Gloss Polypropylene

Overview

HP Self-adhesive Gloss Polypropylene is a high-quality film ideal for creating vibrant, photo-realistic images for store displays, banners and posters. By eliminating the need for mounting adhesive, customers can develop materials that can be used in more places and more ways with less expense. With the introduction of this new media, businesses can enjoy added versatility in printing, with the reliability and quality that comes from a trusted brand like HP.

Key features and benefits

- Glossy coating ensures excellent color vibrancy, accurate photo reproductions and crisp details
- Tear-resistant, easy-to-handle adhesive film
- Permanent solvent-based acrylic adhesive backing for secure, reliable mounting even in unstable environments
- Highly versatile for a wide range of indoor and outdoor applications
- Water-resistance when laminated currently in testing
- Fade resistance when used with Original HP Vivera pigment inks currently in testing
- Compatible with dye- and pigment-based Original HP inks

Other technical specifications:

- 120 g/m²
- 5.5 mil
