

## HP Proofing Paper

### Overview

HP proofing papers are designed for proofing and prepress professionals to maximize efficiency in an economical way. HP offers proofing media in high-gloss, semi-gloss and matte finishes for the HP Designjet Z Photo Printer Series. These papers have been designed to create high-quality, large-format proofs with the look and feel of professional comps.

The following HP proofing papers are designed to seamlessly integrate with the new HP Designjet Z3100ps GP and HP Designjet Z2100/ Z3100 with HP Vivera pigment inks, providing customers with a reliable printing experience, excellent print quality, maximum productivity and workflow flexibility.

### HP Professional High-gloss Contract Proofing Paper

This microporous, quick-dry paper delivers exceptional range and color accuracy, which is ideal for generating digitally accurate and low-cost proofs before going to production. The glossy white finish allows graphic designers to easily print in-house professional comps. Key features and benefits include:

- Quick drying for fast and easy proofing
- Compliant with ISO 12647-2 and SWOP standards<sup>(1)</sup>
- Other technical specifications:
  - 200 g/m<sup>2</sup>
  - 7.48 mil
  - Available in cut sheets and rolls

### HP Professional Semi-gloss Contract Proofing Paper

This microporous, instant-dry paper delivers an exceptional color range for fast and affordable color-accurate prints, enabling proofers to emulate and predict the outcome of the most demanding offset and gravure printing processes. Key features and benefits include:

- Quick drying for fast and easy proofing
- Compliant with ISO 12647-2 and SWOP standards<sup>(1)</sup>
- Other technical specifications:
  - 235 g/m<sup>2</sup>
  - 9 mil thick
  - Available in cut sheets and rolls

### HP Proofing Matte

This white, matte-finish paper produces fast and affordable full-bleed prints, enabling graphic designers to produce accurate offset emulations.

- Quick drying for easy proofing
- Other technical specifications:
  - 146 g/m<sup>2</sup>
  - 7 mil thick
  - Available in cut sheets and rolls
