

HP USB Network Print Adapter

Overview

Conveniently share a printer or all-in-one with multiple PCs on a network with the HP USB Network Print Adapter, HP's easy-to-use network solution for home and small office professionals. Compatible with both wired and wireless networks, users can easily set up the small, lightweight 10/100 Ethernet adapter with a new or existing HP printer or all-in-one to easily share printing, scanning, and faxing capabilities and access memory card and printer status from anywhere on their network.

Key features and benefits

- Easily upgrade an HP printer or all-in-one to share with networked desktops and notebook PCs;
- Quickly set up the HP USB Network Print Adapter with an easy-to-install CD;
- Experience outstanding compatibility for wired and wireless networks;
- Print, copy, scan and fax from an all-in-one printer simultaneously;
- Compatible with most HP and non-HP printers or all-in-ones and any wired/wireless PC, and works with or without a home network;⁽¹⁾
- Supports Microsoft Windows XP and Vista.
