

Onagh Ash

Senior Vice President, Consulting and Integration, HP Services

Hewlett-Packard Company

Onagh Ash leads the global HP Services Consulting and Integration business unit of the Technology Solutions Group. The organization includes consultation, design and technical teams focused on enterprise IT infrastructure, applications and business process services. It supports global enterprises in the manufacturing, financial services, network and service provider industries and public sector with solutions that can deliver simplicity, agility and value across an organization.

Ash was most recently with Mercury Interactive, where she led an effort to build and rejuvenate the company's global services and support offerings.

Prior to that, Ash was as a partner at BearingPoint, where she helped build the SAP practice. Earlier in her career, she held a variety of management, sales and services roles at Indus International, SAP America and Oracle.

With more than 30 years of software industry experience, Ash has been focused on customer satisfaction, team building and leadership through action. She first joined the industry with Management Science America (Dunn and Bradstreet) implementing enterprise resource planning solutions for large global clients.
