

Randy Meyer

Director, NonStop Product Management, Strategy and Technology,
Business Critical Systems, Technology Solutions Group

Hewlett-Packard Company

Randy Meyer leads the Product Management, Strategy and Technology team for the NonStop Enterprise organization within HP. His team drives the overall strategic direction for the NonStop product family, works with enterprise customers and partners to architect, integrate and test solutions that take advantage of HP NonStop servers, and provides technical education to field support staff.

With more than 25 years of experience in the computer industry, Meyer has held a variety of technical, financial management, product management and marketing management roles. He originally joined Tandem Computers in 1986 in product management and returned to the company in 1997. Among other positions in the start-up world, he was vice president of business development for NetFRAME Systems, a high-end network server manufacturer.

Meyer holds a Bachelor of Science in economics and a Bachelor of Arts in computer science from the University of Minnesota, and a Master of Business Administration from Cornell University.
