

## Eric Vishria

Vice President, Products, Software, Technology Solutions Group

### Hewlett-Packard Company

Eric Vishria is vice president of products in the Software business unit at HP. In this role, he is responsible for the IT Service Management and Project and Portfolio Management products.

Vishria joined HP through the acquisition of Opsware Inc., where he most recently was vice president of marketing. During his eight years at Opsware, he held a variety of product management and product marketing positions and was instrumental in developing the strategy behind Opsware's award-winning IT automation software.

Before joining Opsware, he served as a technology investment banker at Broadview International. Prior to Broadview, he wrote computational modeling programs at the University of Tennessee.

Vishria holds a bachelor's degree in mathematical and computational science from Stanford University.
