

## HP iPrint Photo

### Overview

HP iPrint Photo is the first photo printing application of its kind<sup>(1)</sup> and allows for quick and easy printing of 4 x 6-inch photos from an iPhone or iPod touch to most HP inkjet printers connected to a local Wi-Fi network.<sup>(2)</sup> HP iPrint Photo is fully compatible with Apple's Bonjour technology and features the innovative Multi-Touch interface for the easiest and fastest wireless iPhone or iPod touch print experience.<sup>(3)</sup>

More information on the HP iPrint Photo application is available at [www.hp.com/go/iprintphoto](http://www.hp.com/go/iprintphoto).

### Key features and benefits

- Quickly and easily print compelling, borderless 4 x 6-inch photos from an iPhone or iPod touch to an HP inkjet printer connected to a local Wi-Fi network.<sup>(2)</sup>
- Effortlessly print photos, plus save time, ink and paper using HP photo papers with HP Auto Sense, which prevents common photo printing mistakes.<sup>(4)</sup> HP Auto Sense optimizes for print and copy quality for various types of papers and sizes with HP's automatic paper-type sensor.
- Download the free HP iPrint Photo application in just a few moments from the iTunes App store directly onto an iPhone, iPod touch or personal computer.
- Enjoy full compatibility with Apple's Bonjour technology, which automatically identifies HP wireless printers or other supported HP printers available on the network.
- HP iPrint Photo is compatible with industry-standard Wi-Fi environments, including Apple Airport, Linksys, D-Link and Netgear.

### Technical specifications

To install HP iPrint Photo to a device via a computer, Apple iTunes application must be installed and in use, and the handheld device firmware must be version 2.0 or higher.

### Availability

HP iPrint Photo is available at no charge from Apple's App Store on iPhone and iPod touch or at [www.itunes.com/appstore](http://www.itunes.com/appstore).

<sup>(1)</sup> HP iPrint Photo is the first application available on the Apple App store to print photos directly from an iPhone or iPod touch without using a desktop/laptop computer.

<sup>(2)</sup> A list of compatible products is available at [www.hp.com/go/iprintphoto](http://www.hp.com/go/iprintphoto).

<sup>(3)</sup> Wireless performance is dependent upon physical environment and distance from access point.

<sup>(4)</sup> When using HP Advanced Photo paper, HP Premium and Premium Plus Photo Papers or HP CD/DVD Tattoos with HP Auto Sense technology.
