

Jennifer Tisevich

Worldwide Product Marketing Manager, Information Management Solutions, Software and Solutions

Hewlett-Packard Company

Jennifer Tisevich is worldwide product marketing manager of Information Management Solutions in the Software and Solutions organization at HP, where she is responsible for worldwide marketing of the company's data protection and recovery portfolio.

Prior to HP, Tisevich was responsible for product management and marketing of storage area network (SAN) management tools for VERITAS Software. She came to VERITAS through the merger with Seagate Software, where she managed product marketing for systems management products. Prior to her role in product marketing, Tisevich was director of marketing at both Seagate and Frye Computer Systems, a start-up business acquired by Seagate in 1995.

Tisevich graduated magna cum laude with a Bachelor of Arts in business and economics from Boston University.
