

Peter Gross

Vice President and General Manager, HP Critical Facilities Services,
Delivered by EYP MCF

Hewlett-Packard Company

Peter Gross is vice president and general manager of HP Critical Facilities Services, delivered by EYP MCF, and his responsibilities include strategic technology planning and business development, assuring the quality of the consulting and engineering services, and maintaining a direct link of communication with clients.

Gross is a leading thinker and practitioner of mission-critical information and infrastructure design with numerous published technical papers and frequent international speaking engagements.

He has more than 20 years of experience in the engineering and design of power systems as applied to data centers, trading floors, command and control centers, and telecommunication and broadcasting facilities.
