

HP Scanjet 7000 Sheet-feed Scanner

Overview

Improving workflow for IT-managed small and mid-sized and enterprise customers, the HP Scanjet 7000 Sheet-feed Scanner is a fast, duplex-capable scanner that can serve as a standalone document management system or easily integrate into an existing document management and workflow system. Ideal for dynamic office environments, the HP Scanjet 7000 Sheet-feed Scanner offers advanced paper handling and document capture features and is able to scan stacks of mixed length paper and archive information from business documents, ID and embossed cards. It can also convert and manage incoming mail.

The HP Scanjet 7000 Sheet-feed Scanner features ultra-sonic double-feed detection and multi-color dropout. Network management of the scanner is supported by HP Web Jetadmin.

Key features and benefits

- Quickly scan documents at speeds up to 40 pages per minute⁽¹⁾ (ppm) and 80 images per minute (ipm) in black and white and grayscale, and up to 35 ppm and 70 ipm in color, at 200 dpi resolution⁽¹⁾
- Enjoy advanced paper handling with HP Precision Feed Technology, a suite of technologies that ensure reliable paper feeding
- Reliably scan up to 2,000 pages a day and quickly scan documents up to 8.5 x 34 inches using the 50-page automatic document feeder (ADF)
- Create and launch customized profiles and view other scanner settings with the two-line LCD display
- Save scanned electronic files in a variety of formats, including PDF-A, PDF, TIFF and JPEG, at manageable file sizes
- HP Smart Document Scan Software ships with the scanner and is a standalone document capture application with options to set up scan profiles, settings and destinations
- Produce higher-quality results with Kofax Virtual Rescan®, which enhances the accuracy of scanned images, and IRIS Readiris™ Pro OCR, which converts and saves text into searchable PDF and word processing files
- ISIS®, TWAIN and WIA drivers allow customers to integrate the scanner into existing document management systems and workflows
- Reduce costs by easily managing imaging and printing peripherals through a network

using [HP Web Jetadmin](#)
