with accessories
from HP.

Docking

An efficient computing environment helps you stay productive, whether you're working in your main office, a satellite office or a home office. The HP USB 2.0 Docking Station gives you video, audio, network connectivity¹ and lets up to four universal serial bus (USB) connected devices work at the same time. Setting up the docking station at home or in the office is easy—just connect the notebook to the docking station and get down to business.

Power solutions

The HP 2100 Series 6-cell Primary Battery provides extra battery life when you are on the go. Keep working when on the road with Smart AC power adapters from HP.

Cases

Secure your notebook inside your HP Carrying Case for easy portability and notebook protection. HP offers a complete range of carrying cases for your HP Business notebook.

Memory

Boost your notebook performance cost-effectively by reducing bottlenecks caused

by memory-intensive applications with certified and warranted HP Memory.

Security solutions

Help prevent your equipment from being stolen and your data from being compromised by locking-down your notebook and/or HP USB 2.0 Docking Station with the HP Kensington Security Lock.

Complete portfolio of accessories

HP offers a complete portfolio of accessories that includes hard drive, back-up and optical drive solutions - all the accessories you need to help create your mobile office.
