Easily do more in less time and grow your business

Small teams accomplish more in less time with fast setup – including the ability to print without opening any applications – and speeds, sharing, and upgrade options that let you scale the printer as needs evolve.

- Accommodate printing peaks and tight deadlines. Print quickly using the Economode setting. And print batch files easily – without opening any application – thanks to free HP Instant Printing.
- A convenient, space-saving front-loading top roll enables small teams to seamlessly load and easily swap media. The printing system runs quietly and intelligent technology built into Original HP supplies provides alerts to facilitate timely replacement.
- Leverage and scale your investment with a printer designed for sharing with a built-in network card.
- Do more with your printer and accommodate large, complex files by upgrading this printer’s memory up to 8 GB. Large PostScript and PDF files travel quickly over the network without complication with an optional PostScript accessory.

Small details increase your power to communicate

Make a real impact with clear, accurate drawings and colorful presentations. This printing system – with 6 HP Vivera inks – deliver crisp text, fine 0.1% line accuracy, and vivid color. Do more with the optional Serif PosterDesigner Pro for HP with this HP Designjet. Click print, then return to business quickly with in-printer processing architecture and additional memory for easy processing of even the most complex files.

- Print confidently, knowing that, even if you’re in a rush, this printer will handle all your files. With its in-printer processing architecture and dedicated file processing memory, files are processed in the printer rather than on your workstation.
- Enhance your productivity with a 160 GB hard disk, including 8 GB of dedicated memory for fast, complex file processing. Also, manage your printer queue from the front panel.

Focus on your design with a reliable printer

Put your energy into designing – not printing – with this reliable HP Designjet. Click print, then return to business quickly with in-printer processing architecture and additional memory for easy processing of even the most complex files.

- See exacting detail with 0.02 mm (0.0008 in) minimum line width accurate drawings with 0.1% line accuracy.
- Use the optional Serif PosterDesigner Pro for HP with this HP Designjet to inform, educate, and promote your business on a new and larger scale. Achieve superb results quickly, easily, and reliably. And use HP Original HP media for optimal, reliable results.
- Optimize your blueprints with dark area fills, well defined lines, and improved optical density. The HP Designjet T770 comes with a new printing mode specifically for use with generic natural tracing paper.
