

HP 500B Minitower Business PC Series

Smart and flexible design for small business

Overview

The new HP 500B Minitower Business PC Series is designed to deliver small businesses cost-effective, out-of-the-box computing in an easily upgradable Minitower design. Stylish, yet functional, the new HP 500B and 505B business PCs are available with Intel® or AMD processors, respectively, offering efficient and reliable business-grade performance at an affordable price.

Flexible to suit small business needs

Built to expand for future business growth, the HP 500B business PC offers conveniently positioned bays and ports, including PCI Express (PCIe) slots, 3.5- to 5.25-inch bays and optional optical drives, ideal for businesses requiring customized storage.

The HP 500B business PC allows for quick and easy data transfer and storage, through a choice of a DVD-ROM Drive or a SuperMulti LightScribe DVD Writer Drive, allowing for professional-quality DVD burning and label creation.

Customers also can experience enhanced graphics capability through an optional discrete graphics card, a serial/parallel card for legacy support, an IEEE 1394 card for fast data transfer, or an 802.11 b/g/n wireless networking card to stay connected. Equipped with Windows® 7 operating systems, the desktops feature configurable hard drives of up to 640 GB as well as DDR3 SDRAM memory.

Secure and enhanced features

The HP 500B business PC offers integrated security options including a padlock loop and Kensington Lock, to help secure and defend physical property and data.

For increased productivity, the series includes a blend of preinstalled software such as Corel® WinDVD 8 for an exhilarating entertainment experience; Roxio Creator 10 for advanced photo, video and audio sharing; and eReaders for access to the latest books, magazines and newspapers.

The desktops come with HP Power Assistant for built-in energy monitoring and savings and users can select from a range of HP Care Pack Services to extend the protection of their PCs beyond the standard warranties.

The HP 500B and 505B desktop PCs start at \$459 and \$429, respectively. They

are expected to be available Sept. 7, 2010.
