

PAUL EVANS
Worldwide Lead, Application Transformation Solutions
HP Enterprise Business

HEWLETT-PACKARD COMPANY

Paul Evans is the worldwide lead for Application Transformation Solutions at HP.

Evans has worked in the IT industry for many years. He began his career as a software developer before moving to positions with Digital, Compaq and HP.

Evans has a passionate interest in the future of applications and their inherent architectures, focusing on the business benefits that this technology can bring. This passion began with his work on the early adoption of Ethernet-based networks through client server to his current responsibility.
