

Scheduled Delivery Print Apps

Overview

Scheduled Delivery Print Apps allow customers to choose content to be pushed to select HP web-connected printers at a designated time each day or week. Users simply register for the news or content feed of their choice through the HP ePrintCenter and schedule the day(s), time and frequency of delivery so that the news and/or content will be printed and waiting when they want it most.¹

Hewlett-Packard Company
3000 Hanover Street
Palo Alto, CA 94304
www.hp.com
