

HP ePrint Home & Biz mobile app

Overview

HP ePrint Home & Biz is a mobile app that unlocks printing from your mobile device. Once the app is installed on the device, smart phone and tablet users can wirelessly print to any legacy networkable or ePrint-enabled HP printer.¹ Printable content includes photos, saved PDFs, text files, Microsoft Office and web pages. HP ePrint Home & Biz is free to download and can be used to print from anywhere to any registered HP ePrint printer in the world.¹

Hewlett-Packard Company

Key features and benefits

- Print photos, PDF files, PowerPoint presentations, Excel spreadsheets, Word documents, Web pages and text files from virtually anywhere¹ through the cloud or over a local Wi-Fi network.
- New features allow for auto printer discovery and set-up, auto listing and sorting of photos and documents on Android devices and last used printer and Print Settings remembered after use.
- Scan directly from your printer to your mobile device.
- Increases image resolution before printing for more vibrant prints.
- Advanced print settings allow users to select paper size and type, one- or two-sided prints, quality modes, color or black and white prints, number of prints and orientation.

Availability

- Available for Android smartphones and tablets version 2.1 or later, Apple iPhone, iPad and iPod touch running iOS version 4.2 and later and Nokia Symbian smartphones.
- Supported on more than 200 legacy network-enabled and new HP

ePrint-enabled Photosmart, Officejet and LaserJet printers.

Footnotes :

- (1) Requires an Internet connection to the printer. Feature works with any Internet- and email-capable device. Print times may vary. For a list of supported documents and image types, see www.hp.com/go/ePrintCenter. Some HP LaserJet products will require a firmware upgrade.
