HP T350 Color Inkjet Web Press

Achieve entirely new levels of productivity and improve your profitability with the HP T350 Color Inkjet Web Press—delivering speeds up to 600 feet per minute. Whether you're printing books, direct mail pieces, newspapers or transaction documents¹, you'll achieve exceptional results—color without compromise, and breakthrough economics.

Advancements in HP's scalable printing technology, inks, and data pipeline combine together in the T350 Color Inkjet Press to achieve a new level of printing productivity while maintaining excellent image quality. And a comprehensive portfolio of partner finishing solutions will support the productivity of the T350.

Boost your productivity and your business

- Scalable web width up to 30 inches (762 mm) delivers highly efficient production of signatures, full-broadsheet formats or multiple-up documents at up to 600 feet per minute
- High-speed data processing supports 100% variable content printing at full press speed
- Experience smooth operation with easy, automated quality control features

Achieve Outstanding Quality

- High-quality text, images, graphics, and uniform area-fills at 600 feet per minute print speed
- HP Bonding Agent—enables printing on low-cost, standard uncoated offset media with outstanding quality and durability
- Broad media compatibility includes uncoated offset stock as well as a range of inkjet coated papers. Further improve print quality with uncoated ColorPRO papers and inkjet coated papers with HP high-speed coating technology

A smart investment with breakthrough economics

- Long-life HP Thermal Inkjet printheads and ink supplies engineered for printing up to 600 feet per minute keep expenses down with low-maintenance
- Purchase consumables as needed without click charges
- Count on a robust device that delivers a duty cycle of up to 105 million letter-size equivalent images per month
