Hugh Njemanze

Chief Technology Officer and Vice President,
Research and Development, Enterprise Security
Products
Hewlett-Packard Company

Hugh S. Njemanze is chief technology officer and vice president of
research and development for Enterprise Security at HP. In this role,
Njemanze serves as the chief technologist for ArcSight, an HP company,
which is a leading global provider of cybersecurity and compliance
solutions.

Njemanze cofounded ArcSight in May 2000 and served as the
company's chief technology officer and executive vice president of
research and development. Prior to ArcSight, Njemanze was chief
technology officer of Verity Inc., a provider of knowledge retrieval
software products.

Njemanze is a Certified Information Systems Security Professional (CISSP)
and holds a bachelor's degree in computer science from Purdue
University.
