

Executive Biography

Lauren A. Cotugno

Distinguished Technologist,
Enterprise Cloud Services, Technology Consulting
Hewlett-Packard Company

Lauren Cotugno manages the Cloud Services Portfolio within the Technology Consulting Division at HP. In this role, she is responsible for driving the vision and strategy for cloud across the Technology Consulting portfolio and developing new cloud consulting services to support the HP cloud strategy, such as helping clients adopt the cloud as quickly as possible.

Prior to joining HP, Cotugno was a distinguished engineer and lead technologist in the Systems and Technology group at Unisys, where she played a significant role in defining the technical strategy and roadmap for the Unisys cloud computing initiative. Cotugno also functioned as the cross-business unit global product owner for the Unisys Secure Cloud program, responsible for the rollout and corporate-wide implementation of the cloud strategy.

Cotugno holds 10 patents and has served as an industry conference speaker, with published papers on topics such as building scalable infrastructures, application scaling concepts and cloud computing.

Cotugno holds a Bachelor of Science in Information Systems Management from State University of New York, College at Buffalo, where she graduated Magna Cum Laude.
