

# HP ElitePad Security Jacket with Smart Card Reader and Fingerprint Reader

Add an extra layer of security to your HP ElitePad with the HP ElitePad Security Jacket, which includes integrated smart card and fingerprint readers to help simplify logins and prevent unauthorized access to data on your device or private network.

Use the smart card reader and fingerprint reader located on the back of the Jacket with your choice of smart card and security software<sup>1</sup> to add multi-authentication and secure login procedures in sensitive environments.

Line the jacket up with the HP ElitePad's connector, snap into place, and secure with the included screw. The tablet's ports, connectors, and camera remain accessible, and, you can still charge in the HP ElitePad Docking Station.<sup>2</sup>

Expand what you can do with a suite of accessories designed specifically for the HP ElitePad and turn a true business tablet into a total business solution.

Get the peace of mind of a one-year limited warranty. Additional support is available (North America only) seven days a week, 24 hours a day by phone as well as through online support forums.

1. Smart card and smart card and fingerprint reader middleware are required and sold separately. Third-party security software can be purchased separately.

2. Sold separately.
