

## Fact Sheet

# HP Scanjet Pro 3000 s2 Sheet-feed Scanner

---

The HP Scanjet Pro 3000 s2 Sheet-feed Scanner is an easy-to-use, intuitive scanner that offers organizations of all sizes, fast speeds, the ability to scan to multiple formats and HP Flow CM Professional compatibility. Additionally, organizations can easily send documents directly to cloud storage or a SharePoint site. This saves time and simplifies the transition to the digital office by transforming piles of paper into searchable, editable digital files.

Delivering reliable and professional scanning, the HP Scanjet Pro 3000 s2 Sheet-feed Scanner provides for automatic two-sided scanning and dependable paper handling with HP EveryPage Ultrasonic multifeed detection. HP EveryPage technology helps users avoid missed pages in scanned files by preventing more than one page from being scanned at a time.

The HP Scanjet Pro 3000 s2 Sheet-feed Scanner offers organizations:

- Support for HP Flow CM Professional, HP's secure, cloud-based solution for managing paper and digital documents, making it easier and faster to search for important documents and information.
- No learning needed—intuitive flow and PDF-centric capture experience that provides a simple setup and install experience
- HP Easy Scan software designed for SMB customers that allows users to create a PDF with one click
- Fast speeds with 20ppm/40ipm, 1,000/day duty cycle and 50-page stack size
- Professional, high-quality output with the ability to scan at 600-dpi resolution
- Small footprint that is ideal for desktop placement
- Energy Star® qualification that conserves power without sacrificing performance
