10 things you should know

about HP Latex Printing Technology

10 Things you should know about **HP Latex** Printing Technology

An industry-Awarded Technology

- The HP Scitex LX800 Printer won Top Product in the 2011 Wide Format Imaging Awards, 'Output Device – Wide Format Printer (96 inches+)' category.
- The HP Designjet L25500 Printer has been named 'Best Eco-friendly Wide Format Inkjet printer' by the Business Equipment Research & Test Laboratories (BERTL).
- HP earned 'Best Innovation in Environmentally Friendly Inks' by BERTL for its HP Latex Inks.
- The HP Designjet L25500 earned the European Digital Press Association's award for 'BEST Wide Format Printer up to 1.6 meters in 2010'.

Designed with the environment in mind

It helps reduce the environmental impact of printing.

It leaves solvent behind

"Compared to the solvent world that we're used to dealing in, it's really a breath of fresh air. The HP Latex Printing Technology allows us to do a lot of things that solvent didn't, and it's increased our productivity by leaps and bounds."-Duston Noble, Co-owner, Wrap Experts

It increases your offering

"We chose HP Latex Printing Technology because its versatility allows us to offer our outdoor and indoor signage at higher image quality than before, combined with the ability to print on a broader range of media and substrates, such as fabrics." -Marc Gispert, Partner and Managing Director, Rètols Gispert
