

HP Pro Slate 8

Work seamlessly in and out of the office with the highly portable HP Pro Slate 8, a full HD commercial-grade Android™ tablet with hardware-enabled security, a Qualcomm Snapdragon 800 series processor,¹ and an included HP Duet Pen.²

Hardened data protection

- Stay lock-tight secure and in control with a commercial-grade Android™ tablet that uses business-class hardware security managed by HP Touchpoint Manager,⁶ HP Managed Mobility Services,³ and optional third-party Enterprise Mobility Management suites.⁴

Create content on the go

- Be more productive than ever by instantly digitizing the notes you write on paper.² The included high-fidelity HP Duet Pen, integrated suite of productivity apps, and range of available apps on Google Play™ give you the flexibility to write on paper or your tablet.

Form and function

- Be business-ready anywhere, anytime with a business-class tablet that delivers a long battery life, more natural reading experience from the 4:3 aspect ratio, and a suite of optional, convenient accessories.⁴

Presentations unplugged

- Run meetings without wires when you share your screen on a projector or monitor using a secure business-ready wireless display link over Miracast with easy set-up, live markers, and annotations.⁵

Featuring

- Help protect your tablet with device authentication and tamper-resistant features.
- Manage data, security, and a wide array of branded devices from the cloud with HP Touchpoint Manager.⁶ Use Locate Device to remotely locate, lock, and wipe your tablet.⁶
- Easily integrate your devices with optional, leading EMM solutions or customize your enterprise mobility solution with optional HP Managed Mobility Services.⁴
- Get quick app responsiveness and pristine graphics from a Qualcomm processor.¹
- Enjoy stunning full HD ultra-high 2048 x 1536 resolution on a 7.9-inch diagonal Corning® Gorilla® Glass screen.
- Access your data, network, and devices with wireless connectivity options.
- Do more with up to 32 GB storage,⁸ micro USB connectivity, and integrated communication tools.
- Go business-class all the way with innovative optional accessories⁴ that connect easily with a zero-force, Pogo pin connector. Make it yours with a choice of adapters, HP Bluetooth Keyboard Folio or HP Paper Folio for use with the HP Duet Pen.²
- Rely on support you can trust with HP's world-class limited warranty and optional HP Care Services.⁷
- Cover spills, drops, falls, and more with HP Accidental Damage Protection.⁷

Product number: K2P81AA

Messaging Footnotes

¹ Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Qualcomm's numbering is not a measurement of clock speed.

² Designed for use with HP Paper Folio, sold separately, and planned to be available Spring 2015.

³ Select features are available only with purchase.

⁴ Sold separately.

⁵ A Miracast dongle (sold separately) is required if the projector or monitor is not Miracast-enabled.

⁶ HP Touchpoint Manager supports Android™, iOS, and Windows® operating systems, and PCs, notebooks, tablets, and smartphones from various manufacturers. Not available in all countries. See www.hp.com/touchpoint for availability information. HP Touchpoint Manager requires purchase of a subscription.

⁷ Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

⁸ For storage drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 6 GB of system disk is reserved for system software.

Technical Specifications Footnotes

¹ Multi-core is designed to improve performance of certain software products. Not all customers or software will necessarily benefit from use of this technology. Performance will vary depending on your hardware and software configurations. Qualcomm's numbering system is not a measurement of clock speed.

² For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. 5.1 GB of the eMMC are dedicated/allocated to the OS and OS partitions.

³ Wireless access point and internet service required and sold separately. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ac WLAN devices.

⁴ Miracast technology only works with other Miracast ready devices. High definition (HD) content is required to view high-definition images. For details see <http://wi-fi.org/miracast>.

⁵ External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.

⁶ HD content required to view HD images.

⁷ Optional items sold separately or as add-on features.
