

Executive Biography

Antonio Neri

Senior Vice President and General Manager, Servers and Networking
Hewlett-Packard Company

Antonio Neri is senior vice president and general manager for HP Servers and HP Networking. In this role, he is responsible for driving technological and go-to-market strategies for compute and network fabric architectures to generate even greater business value for HP customers and partners.

Prior to this role, Neri was the leader of HP Technology Services, one of the largest global business segments of HP's Enterprise Group. Neri joined HP in 1995 and has more than 25 years of experience in the services industry. Neri has established new services delivery capabilities in Europe, the Middle East and Africa and in the Americas, in support of both imaging and printing and personal computing products. He has also managed the Total Customer Experience and Quality, and Warranty Services organizations.

Neri holds a computer engineering degree and is a professor of arts and drawing.
