Executive Biography

Christoph Pfister

Vice President, General Manager, Business Service Management, Hewlett-Packard Company

Christoph Pfister is vice president and general manager of HP Software's Business Service Management (BSM) business. In this role, he is responsible for leading all aspects of HP's BSM business within the IT Management Business Unit.

Pfister has been with HP since 1995 and has served in various executive Product Management and research and development roles within HP Software. Prior to joining HP, he worked at Oracle Corporation, and was a founding partner of a database consulting and tools company in France.

Pfister received his bachelor's degree in Engineering from FHT Esslingen in Germany and a master's degree (DESS) from the University of Lyon in France. He is a graduate of the Stanford Executive Program.
