

Executive Biography

Haiyan Song

Vice President and General Manager, Enterprise Security Products,
ArcSight

Hewlett-Packard Company

Haiyan Song is vice president and general manager of HP Enterprise Security Products, ArcSight. In this role, she is responsible for driving product strategies and business execution for HP ArcSight. She oversees product management and marketing, engineering and customer support for HP ArcSight's enterprise security intelligence and risk management platform and solutions.

Prior to this role, Song served as vice president of Engineering for ArcSight.

Before joining HP, Song was vice president of Engineering at SenSage, where she oversaw product and solution development. Song also has held engineering leadership positions at various enterprise software and service providers, including, Escalate, IBM Informix, Katera Technology and Omniva Policy Systems. As executive director at IBM Informix for the System Management product division, she led the development of trusted relational database management system (RDBMS) products.

Song studied Computer Science at Tsinghua University in Beijing, and holds a Bachelor of Science and Master of Science in Computer Engineering from Florida Atlantic University.
