HP ePrint

HP ePrint is the essential app for printing from your iPhone or iPad (iOS 4.2 or later) to your HP printer.

It upgrades and replaces the HP ePrint Home & Biz app, and combines innovative, convenient HP printing solutions into one powerful app.

What you can do:

- Print wirelessly from virtually anywhere to supported HP printers with an Internet connection.
- Easily add printers connected to your network as well as HP ePrint printers via their HP ePrint email address.
- Control print job settings, monitor printer, and print job status.
- Crop and rotate images before printing.

HP ePrint public print locations: Search for and print to thousands of HP ePrint public print locations including print and copy retail stores, hotels, airport lounges, and more, including:

- FedEx Office and UPS store locations, Walmart stores (photo printing only), Swiss Post stores, many Hilton hotels, airport kiosks and VIP lounges, and other print locations powered by PrinterOn.
- Maintain confidentiality: Receive a unique pickup code for your print job.

HP and ePrint

Unlock the power of your Web-connected printer.

What is ePrint?

HP ePrint lets you print from virtually anywhere. Once enabled, ePrint assigns an email address to your printer. To print, simply send an email containing your document to your printer's address. You can print images, Microsoft® Word, Excel,®* and PowerPoint® documents, PDFs, and photos. You can view and manage print jobs sent to your printer using your printer job history that is available on HP ePrintCenter.

When you send an email to your printer's email address, the HP ePrint service will securely print the email and any supported attachments.

To receive email, your printer must be connected to the Internet on a wired or wireless network.

How much does ePrint cost?

Nothing. The HP ePrint service is available free of charge with your HP ePrint-enabled printer.

Note: HP ePrint provides convenience printing. Documents printed with ePrint may appear different from the original. Style, formatting, and text flow may differ slightly from the original document. For documents that need to be printed with a higher quality (such as legal documents), we recommend that you print from the software application on your computer, where you will have more control over how your printouts appear.

What printers are ePrint enabled?

Currently these printer models support ePrint:

- HP Deskjet 3050A (J6110a)
- HP Deskjet 3054A (J6111a)
- HP Deskjet 3510

Apple's AirPrint Wireless Printing for iPad, iPhone, and iPod touch

Available first on HP ePrint printers

AirPrint is Apple's next-generation Wi-Fi print architecture that dramatically simplifies printing by completely eliminating printer drivers. It enables iPad, iPhone, and iPod touch to print directly to an HP ePrint product over a local wireless (Wi-Fi) network. It's available on devices running iOS 4.2 and later.

- HP LaserJet P1102w Printer
- HP LaserJet P1606dn Printer

HP LaserJets—firmware update may be required depending on the model. Firmware updates need to be downloaded from hp.com/support and installed to the printer using a Mac or PC.

HP always recommends checking for firmware updates.

¹ Supports the following devices running iOS 4.2 or later: iPad, iPad 2, iPhone (3GS or later), iPod touch (third generation or later). Works with HP AirPrint-enabled printers and requires the printer be connected to the same network as your iOS device. Wireless performance is dependent upon physical environment and distance from the access point.

HP Printers Color Inkjet

HP Officejet 100 Mobile CN551A

Produce professional-quality documents on the go, using built-in Bluetooth[®] wireless technology and Original HP high-capacity ink cartridges.

HP Deskjet 1000 CH340A

Print and share everyday documents with this reliable HP printer. Designed to fit your budget, it is easy to use, and helps you conserve resources.

HP Officejet 6100 CB863A

Print professional-quality color affordably page after page, using four individual inks. Stay productive on the go with HP ePrint, and easily share resources with wireless and wired networking. Rely on HP to help you conserve resources.

HP Officejet Pro 8100 ePrinter CM752A

Get professional color for up to 50 percent lower cost per page than lasers. Easily print on the go and increase productivity. Includes USB, Ethernet, and 802.11n wireless networking plus automatic two-sided printing and HP ePrint.

HP Officejet Pro 8000 Enterprise – E809a CQ514A

Print professional-quality color for up to 50 percent lower cost per page compared with lasers. Includes HP Postscript 3, two sided printing, USB, and Ethernet connectivity.

HP Photosmart 5520 e-All-in-One Printer

Printing and sharing wirelessly is easier than ever.² Print from virtually anywhere with HP ePrint¹ and send scans to email, using the vibrant touchscreen. Conserve resources with automatic two-sided printing and copying.

Ideal for

- Wireless printing of lab-quality photos and everyday documents easily and affordably at home

Features

- Print wirelessly and stay connected—on the go.¹
- Apple AirPrint™ compatible for iOS and OS X Mountain Lion.
- Easily print and share, using built-in wireless,² and connect quickly with HP Auto Wireless Connect.
- Balance affordable printing and brilliant quality.
- Easily save paper and energy.

Eco highlights

- Designed with the environment in mind—made from 10% recycled plastic.
- Save paper by up to 50 percent using automatic two-sided printing.
- Free, convenient cartridge recycling in 47 countries.³

¹ Requires an Internet connection to the printer. Feature works with any connected Internet- and email-capable device. Print times may vary. For a list of supported documents, and image types, see hp.com/go/eprintcenter. And for additional solutions, see hp.com/go/mobile-printing-solutions.

² Wireless performance is dependent upon physical environment and distance from access point.

³ Program availability varies. Original HP cartridge return and recycling is currently available in more than 47 countries and territories around the world through the HP Planet Partners program. For more information, or to request return envelopes and bulk collection boxes, visit hp.com/recycle.

HP Mobile apps for iPad, iPhone, and iPod touch

HP ePrint

hp.com/go/eprint

HP ePrint is the essential app for printing from your iPhone or iPad (iOS 4.2 or later) to your HP printer.

Upgrades and replaces the HP ePrint Home & Biz app, and combines innovative, convenient HP printing solutions into one powerful app.

What you can do:

- Print wirelessly from virtually anywhere to supported HP printers with an Internet connection.
- Easily add printers connected to your network as well as HP ePrint printers via their HP ePrint email address.
- Control print job settings, monitor printer, and print job status.
- Crop and rotate images before printing.

HP ePrint Public Print Locations: Search for and print to thousands of HP ePrint Public Print Locations including print and copy retail stores, hotels, airport lounges, and more, including:

- FedEx Office and UPS Store locations, Walmart stores (photo printing only), Swiss Post stores, Many Hilton hotels, Airport kiosks and VIP lounges, and other print locations powered by PrinterOn.
- Maintain confidentiality: receive a unique pickup code for your print job.

HP ePrint services

hp.com/go/eprintenterprise

With the HP ePrint services app, iPhone users can easily search a directory of available print locations and use their smartphone's GPS functionality to navigate to HP ePrint mobile print locations including print and copy retail stores as well as hotels and airport lounges.

Print emails, documents, webpages, photos, and more when you are on the go or to your HP AirPrint-compatible printer.

This app allows you to easily print in two ways:

- Search for, locate, and submit your print jobs to one of thousands of HP print service partners, publicly available through the HP Mobile Print Location cloud system.
- Choose an HP AirPrint compatible printer available on your local wireless.

This same app can be used along with a deployment of HP ePrint Enterprise, a private cloud-based solution for corporate network printers (optional, must be purchased separately).

HP eSupplies

HP eSupplies is a free downloadable mobile app for Android, iPad®, iPhone®, and iPod touch® that allows you to identify and buy the right print cartridge for your HP printer(s), from a host of online retailers, including HP. You can use HP eSupplies wherever you are, at home, on the go, even while shopping for genuine HP supplies at your local store. New features include easy viewing of the print cartridge status of printers on your local wireless network, sending an email with a list of the print cartridges you need. Gain peace of mind by verifying the cartridge is packaged by HP.

What you can do:

- Identify and buy the right print cartridge for your HP printer(s). Just download HP eSupplies, then:
- View compatible cartridges and prices
 - By identifying the print cartridges used by your printer(s) from a list, by using the search box or when on your local wireless network, by using the using the “local printers” feature
- Save your printer details to “Favorites” for easy reference
- Email a list of your printers and supplies
- Buy the print cartridge you need, from a choice of online and offline options including your local HP retail partner, an online HP reseller, or directly from HP in participating countries
- Check for genuine HP print cartridges before you buy, using the “Verify” feature and following the inspection recommendations

HP Printer Control

HP Printer Control offers remote control for the new HP ePrint-enabled printers⁴ through a simple yet robust mobile experience. Manage your Web-connected printer wirelessly with anywhere access and innovative scan and copy services. Print photos and documents, and enjoy increased control, convenience and accessibility of your HP e-All-in-One printer.

Supported printers include:

- HP Envy 110 e-All-in-One
- HP Deskjet 3050A e-All-in-One
- HP Deskjet 3070A e-All-in-One
- HP Officejet Pro 8600 e-All-in-One series
- HP Photosmart 5510 e-All-in-One
- HP Photosmart 6510 e-All-in-One
- HP Photosmart 7510 e-All-in-One
- HP LaserJet Pro 100 Color MFP M175nw
- HP TopShot LaserJet Pro 200 Color MFP 275nw

Key features and benefits:

- Easy access and control of your printer through a simple user experience
- Comprehensive printer management features, including auto printer discovery and set-up, printer status notification, ink/toner status, and cartridge identification
- Interactive scan—preview, crop and scan images and documents wirelessly from e-All-in-One printer to your mobile device
- Scan to email using your default email application
- Use your mobile device as a scanner
- Scan to social sharing sites, such as Facebook and Google Docs
- Interactive copy (crop or resize before copying documents, reports, or images)
- WEBDAV wireless file transfer to/from computer
- Access your HP ePrint enabled printer remotely⁵ and print photo, PDF, HTML files, and Microsoft Office documents⁵ from virtually anywhere
- Manage print settings
- Save or email your ink/toner status and cartridge information

Learn more.

HP GlamShots

HP GlamShots is a downloadable mobile app that helps you show the world your awkward side. Choose a photo, customize it, and then print, email, or post it to Facebook for everyone to see.

Featuring the exciting ePrint technology, this versatile mobile app allows you to print on the go with the touch of a button.

- Create and customize hilarious portraits
- Use images from your photo library or take your own
- Email your creations to your friends and family or share them on Facebook
- Save your creation to your mobile device or print on the go with HP ePrint

HP Creative Studio Mobile

HP Creative Studio Mobile is a free downloadable mobile app that allows you to personalize and send invitations, calendars, and more to the people who want to hear from you. Featuring the exciting ePrint technology, this versatile mobile app allows you to print on the go with the touch of a button.

- Create and customize your own greeting cards, calendars, photo frames, announcements, and more
- Email your creations to your friends and family or share them on Facebook

Save your creation to your mobile device or print on the go with HP ePrint

Hewlett Packard 12C Calculator

hp.com/buy/calculators

For the millions of business professionals and students who rely on the HP 12C Financial Calculator, the HP 12C Financial Calculator App is now available for your iPhone or iPod touch.

It is built with the same algorithms and calculation sequences you trust for real estate, banking, and finance functions every day.

When you find yourself without your calculator, relax—just open it on your iPhone or iPod touch. Get fast answers with the identical layout and functions of your HP 12C Calculator.

HP 12C Platinum Financial Calculator

hp.com/buy/calculators

The Platinum version of the industry-standard HP 12C Financial Calculator adds the choice of time-saving RPN or traditional algebraic data entry as well as convenient editing features such as “backspace” and “undo” keys.

What you can do:

- Developed by HP, the original inventor of the HP 12C Platinum Financial Calculator
- Identical layout, functions and answers millions rely on 130+ functions
- Horizontal mode shows full calculator and vertical mode provides a simplified basic RPN calculator
- In horizontal mode, click on the HP logo to show the back of the original calculator with quick references to common calculations

HP CodeScan

HP CODESCAN turns your camera phone into an all-in-one bar code reader—one of the only apps that can scan QR codes and UPC codes found on products. Scan regular UPC/EAN barcodes from most products, like computers, printers, ink, DVDs, books, and food to see reviews, accessories, and nutritional information (U.S. only).

Also scan any 2D barcode (QR code, Datamatrix, EZcode) that you find in print, packaging, or business cards to launch specific websites, videos, or contact information. Want to share what you’re scanning? Just go to the history menu, to quickly send the content to your Facebook wall or email to a specific contact.

HP 15C Scientific Calculator

hp.com/buy/calculators

Developed by HP, the HP 15C Scientific Calculator app for your iPhone or iPod touch is an exact replica of the original layout, functions, algorithms, and calculation sequences you trusted to help you through college and your career.

What you can do:

- An array of matrix calculations
- Complex functions—real and imaginary
- SOLVE key finds the root of an equation
- Programmable—up to 448 lines
- Horizontal mode shows full calculator and vertical mode provides a simplified basic RPN calculator
- In horizontal mode, just click on the HP logo to show the back of the original calculator with quick references to common calculations

Snapfish

snapfish.com/iphoneapp

Some of the best memories happen on the go—now you don’t have to wait to share your favorite photos.

With the Snapfish app, you can easily share and upload photos directly from your iPhone.

Everything you love about Snapfish is now on your iPhone.

- Easy, fast uploads—upload several photos at once
- FREE, unlimited storage
- Share photos and albums to multiple mobile numbers and email addresses
- Toggle between uploading photos and browsing and sharing your existing Snapfish photos

⁴ Works with select HP 2011 and later ePrint-enabled printers, including Officejet Pro 8600; Envy 110; Deskjet 3050A and 3070A; Photosmart 5510, 6510 and 7510; and LaserJet Pro 100. iOS devices require an 802.11 “wireless network” connection to the printer. Wireless performance is dependent upon physical environment and distance from the access point.

⁵Print photos and PDF files instantly on your local wireless network. Register with the HP ePrint service to print Microsoft Office files.

HP MagCloud Magazine Store and Reader

magcloud.com/ipad

The free MagCloud iPad app offers a browsable magazine store, a gorgeous issue viewing experience, and a “Buy in Print” button that enables readers to buy any magazine in print. This new app provides readers choice and flexibility and publishers a new way to promote their magazines.

MagCloud Magazine Store and Reader features:

- Download thousands of full-color, glossy magazines
- Read magazines in full color in both portrait or landscape mode, with support for swiping, pinching and zooming
- View “all pages” at a glance
- Buy print versions of magazines directly from your mobile device
- Publish your magazine in both digital and print formats through magcloud.com

HP Photobook Lite

autophotobook.com

This is a free iPad app developed at HP labs that allows you to create, edit, and share photo books with flicks of your finger.

Key features:

- Your photo collection is automatically pruned and only the best photos are selected.
- Your photos are automatically cropped to add visual interest.
- Your photos are intelligently grouped on pages based on content and time of capture.
- And you can always add, delete, move, swap, and crop photos on a page to your liking—the layout adjusts automatically.
- Use the unique “Shuffle” capability to view alternative layouts for a page.
- Share books in PDF format or order a print copy of your book through MagCloud.

Big business impact on a small business budget.

Get Professional color for up to 50 percent less cost per page than laser.*

HP Officejet Pro

While budgets may be limited, the possibilities don't need to be. With the HP Officejet Pro, your business can get professional quality color printing for up to half the cost. Create the impact you need to help boost both your image and your bottom line.

hp.com/officejetpro

*Majority of color laser AIOs < \$600, March 2011; for details, see hp.com/go/officejet.

OJ Pro ISO yield with highest-capacity cartridges based on continuous printing; see hp.com/go/learnaboutsupplies.

HP SureSupply

HP SureSupply makes reordering original HP supplies simple, convenient, and hassle-free. It gives customers the choice of ordering supplies online from HP or valued HP Retailers. And now, HP has made the SureSupply ordering experience even easier.

Understanding HP product codes

All HP products follow a specific naming convention. A product name without any letters at the end is a base model; any suffix tells you what additional features a particular model offers.

a	Warranty (for regional use)	sk	Stapler and stacker
b	Battery	t	Extra tray
bm	Bookmaker	tn	Tray and networking
bt	Bluetooth	wbt	Wireless and Bluetooth
d	Duplex	wf	Wi-Fi
dn	Duplex and network	y	Wildcard (for regional use)
dt	Duplex and extra tray	x	Duplex, extra tray and network (formerly dtn)
f	Fax	xh	Duplex, extra tray, network and hard drive
h	Hard drive	xm	Duplex, extra tray, network and mailbox
i	Imaging (card slots)	xs	Duplex, extra tray, network and stacker
m	Mailbox	xsk	Duplex, extra tray, network and stapler/stacker
n	Network		
nw	Wireless network		
ps	Postscript		
r	Folder		
s	Stacker

	Add high-quality color to documents, using an affordable, wireless, and Ethernet-connected HP LaserJet. The world's smallest color laser printer is also one of the planet's most energy efficient. Print from anywhere with HP ePrint.	Create your own professional-quality color documents on a compact, easy-to-use printer with wireless and Ethernet connectivity. Print from anywhere with HP ePrint. Save on energy and print black documents affordably.	Produce professional-quality color documents with ease and fast speed. Seamlessly integrate into your office or wireless home network. HP features help you save paper and energy.	Professional color, intuitive manageability, and world-class extensibility—all for an outstanding value. The M551dn adds duplex printing, and M551xh adds a second 500-sheet paper tray and secure hard disk.	This easy-to-use color laser printer offers powerful, professional-quality color and black-only printing—ideal for sharing with small to medium workgroups.	This network color laser printer is ideal for large workgroups that need to print high-impact color documents and protect their confidential print jobs. Manage your color printing costs using HP Color Access Control.	Gain control of your printed documents and make an impact when communicating. One versatile printer covers all your printing needs from general office to oversize documents.	Produce professional-quality color documents with ease and efficiency. Easily add printing capabilities, third-party solutions, networking options, and expandable paper capacity—up to 2,350 sheets—with automatic media sensing.	Experience maximum flexibility with one printer for high-volume office printing as well as for high-quality marketing collateral.

HP Color LaserJet CM6040f MFP Q3939A

Produce professional-quality color at the office using the smallest HP color laser MFP. Print, scan, and copy; includes USB, Ethernet, and Wi-Fi connectivity.

The first HP color MFP with TopShot scanning lets you scan, copy, and print with ease. Use HP TopShot scanning to capture images of 3D objects.

Use a color touch screen to print, copy, scan—in color—and fax. Connect this MFP to a wired or wireless network and give your office high-quality prints with vivid color and sharp black. Save energy and reduce your impact.

Boost productivity and gain efficiency. Produce professional-quality, color documents in house. Easily print, scan directly to email, copy, and fax with a Web-connected, color laser MFP.

Boost productivity and gain efficiency. Produce professional-quality, two-sided, color documents in house. Easily print, scan directly to email, copy, and fax with a Web-connected, color laser MFP.

Add more capabilities and space to your office with the first fully featured HP desktop color laser MFP. CM3530fs adds fax and stapler.

Set your sights on productivity with this high-performance MFP. CM4540f adds fax and 500 sheet paper feeder. CM4540fskm adds 900 sheet stapling paper bin, 3 × 500 sheet bins, and stand.

Maximize workgroup productivity with this breakthrough Color LaserJet MFP; consolidate multiple functions and get efficient A3 printing. CM6040f includes fax.

	Scan documents on the spot, wherever you are—in the office or on the go—with this HP compact, portable scanner.	Scan business documents from your desktop using a fast, reliable, sheetfed scanner. Scan two-sided documents at up to 20 ppm using the 50 page automatic document feeder.	Get exceptional photo, film and document scanning—at 4800 × 9600 dpi—for a variety of projects.	Scan photos, slides, and negatives for creative projects with superior results. Capture the best color accuracy with 6-color, 96-bit scanning—exclusive to HP—and high-definition detail with 4800 × 9600 dpi. Restore photos, too.	Scan even more slides, negatives, and photos with superior color accuracy. Capture the most realistic and high-definition detail at 4800 × 9600 dpi with 6-color, 96-bit scanning. Get built-in dust and scratch removal, too.	Scan more—including slides and negatives, plus professional unattended two-sided, multi-page scans.	Work more productively with 50-page auto document feeder and 12 ppm scanning. Document management software is included.	Perform fast document scanning at up to 25 ppm with this reliable, easy-to-use scanner.	Scan documents, photos, film and a variety of materials with a versatile, professional scanner.

Apple Airport Extreme, Express, Time Capsule—HP printer support

Most HP Inkjet, LaserJet and All-in-Ones manufactured in the last few years are compatible with Apple's Airport Extreme, Express, and Time Capsule for print functionality. Just connect the HP device directly into the Airport's USB or Ethernet port. Use Bonjour to create a printer queue.

- **USB connection:** Print-only support. Scanning and utilities are not supported with USB connection.
- **Ethernet:** Full print and scan functionality is supported if printer is connected to Ethernet port of Airport Extreme. For best wireless functionality with any HP model that has 802.11b/g wireless networking built in, it is recommended to set up device in 802.11 infrastructure mode. For HP inkjet models, configuration is easy with HP Setup Assistant software. With LaserJet and Inkjet printers, configuration can also be accomplished by accessing the printers embedded Web server.
- **Supported HP printers:**¹ Device must include PCL or HP Postscript 3 Emulation language firmware and/or support networking with embedded Ethernet or optional HP Jetdirect Print servers.
- **Not supported:**¹ HP printers with LIDIL (Lightweight Imaging Device Interface Language) firmware.

¹ To learn if your printer has supported firmware printer language (PCL or Postscript), please refer to the specific language specs for your model from hp.com.

Bonjour and HP peripheral support

Bonjour is Apple's brand name and solution for zero-configuration networking and device discovery over TCP/IP Ethernet and wireless networks. Minimum requirements recommended by HP to use Bonjour with HP peripherals:

HP Postscript printers:

- Mac OS X v10.2.3 minimum
- HP Jetdirect print server minimum firmware v24.06
- Ethernet and 802.11b/g wireless HP Jetdirect print servers
- Printer and Mac must have IP address

HP Inkjet and LaserJet printers (raster, non-postscript)

- HP Inkjet driver v2.3 and later
- HP Jetdirect print server minimum firmware v24.06

HP Trade-in program

Trade any product, any brand.

The HP Trade-In Program is a simple, seamless way for HP customers to upgrade to HP products and get paid the current fair market value for their aging technology. Spanning every product category, the program has the added benefit of eliminating the hassles (and in most cases, the costs) of old technology disposal by simplifying the shipping process. Trade products in any of these categories:

Business partner friendly

HP business partners can also leverage the program to help their customers upgrade to new HP products. To learn more about this option, look for us in the programs section at hp.com/partners/us.

HP Exchange/Sale Program: the Trade-In Program for public sector¹

Created specifically for federal, state, local or educational organizations that can't accept back-end rebates, this new program enables you to take advantage of market

trade-in values while reducing the cost of new HP products. Get more information about the HP Exchange/Sale Program at hp.com/go/exchangesale or call us at 1-877-766-3050 ext. 366.

Donate

A new option for donating used IT assets

- Online tool gives instant tax deduction value quotes.
- Donated products are placed with deserving recipients.
- Certain products categories apply.

This program is made possible through a partnership with the National Cristina Foundation. Learn more at hp.tradeups.com/hpdonations.asp.

HP Planet Partners return and recycling program

HP inkjet and LaserJet supplies recycling

It's easy and free. When your HP inkjet or LaserJet print cartridge is empty, return it for recycling by using the pre-addressed, postage-paid label or envelope found in many HP LaserJet and inkjet print cartridge boxes. For additional information or to request free shipping materials, visit hp.com/recycle.

The recycling process

What happens when you return an Original HP print cartridge or any brand of computing hardware for recycling? Our state-of-the-art recycling facilities process each return through a multi-phase recycling process. No HP print cartridges returned and recycled through HP Planet Partners are sent to a landfill. Products are sorted and shredded, then separated into plastics and metals. Residual ink, foam, or toner are also separated and disposed of in an environmentally responsible manner.

Plastics and metals from recycled HP print cartridges have been used to make a range of everyday new products such as auto body parts, clothes hangers, fence posts, microchip processing trays, roof tiles, serving trays, shoe soles, and spools.

HP inkjet and LaserJet print cartridge recycling facts

- The HP Planet Partners return and recycling program for HP printing supplies has been operating for the past 15 years and today extends to customers in more than 50 countries, regions, and territories.
- Over the last 15 years, more than 143 million HP LaserJet and HP inkjet print cartridges have been returned and recycled worldwide representing a weight of nearly 260 million pounds.
- HP has to date recycled 1 billion cumulative pounds of electronics and HP print cartridges with a goal of doubling our annual recovery rate to reach 2 billion pounds by 2010.

HP wireless direct

It's easy to print without a network with HP's wireless direct printing.

Print directly from your mobile device to your HP wireless direct printer without the need for your printer to be connected to a network.

Get easy wireless printing from your mobile device without a network or router.

- Immediate printing without downloading additional software*
- Perfect for guest printing—direct communication between wireless devices and the printer, does not require a network or router so no network passwords
- Does not require access to secure networks

What is HP wireless direct?

HP wireless direct is a new feature that allows your Wi-Fi capable devices (for example: smart phones, tablets, or computers) to make a wireless network connection directly to your printer without using a wireless router. You connect to your printer's HP wireless direct signal the same way you connect your Wi-Fi capable device to a new wireless network or hotspot.

From a computer, smart phone or tablet, being connected to the HP wireless direct connection looks the same as being

hp.com/wirelessprinting

Note: Your wireless direct connection can be secured to prevent unauthorized use of your printer with a password similar to the password set on a standard wireless network.

HP products supporting wireless direct:

- HP LaserJet Pro CP1025nw Color
- HP LaserJet Pro M1217nfw MFP
- HP LaserJet Pro 100 Color MFP M175nw

connected to a typical network to which the HP printer is already connected. A print application (for smart phones and tablets) or printer software (for a computer) must be installed in order to use the printer over the HP wireless direct connection.

All printer functions will be available, with the exception of photo uploads and memory card access, via a mapped drive. Some printers have implemented HP wireless direct with two modes: "Print only" and "Open." If "Print Only" mode is selected, only the print function will be available. If "Open" mode is selected, all of the printer features will be available, with the exception of photo uploads and memory card access, via a mapped drive.

Some important things to know about HP wireless direct:

- The HP wireless direct connection supports up to five clients at the same time.
- You can turn HP wireless direct on and off from the HP wireless direct menu on the printer display.
- HP wireless direct is available even if the printer is also connected to a network or by a USB cable.
- **Important:** You cannot access the Internet through the HP wireless direct connection.

How to buy

Visit us online.

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk.
hp.com/go/smbstore

Order by phone.

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293.

Contact your reseller.

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support.

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector

For HP Public Sector sales information, please call 1-800-727-2472.

For additional information and to download this HP Mac-connect Product Guide PDF, visit hp.com/go/mac.

[†] Except where noted, all prices are estimated U.S. street price. Actual prices may vary. Contact your authorized HP reseller for the most current pricing information.
