PRINT SHOP QUALITY
WITHOUT LEAVING THE OFFICE

HP offers a full line of paper products that deliver high-quality results for all of your in-house printing needs.

What print project do you have?

**HP Professional Papers**
Suggested uses:
- Brochures
- Flyers
- Presentations
- Tri-fold brochures
- Proposals
- Business reports

HP offers a wide range of inkjet and laser papers to create impressive, professional, outsource-quality documents in-house.

**HP Everyday Papers**
Suggested uses:
- High-volume copy jobs
- Memos
- Homework
- Proposals and newsletters
- E-mail and Internet printouts
- Recipes

These papers are engineered to optimize the performance of HP printers, inks and toners for the print projects you do every day.

**HP Photo Papers**
Suggested uses:
- Photos
- Greeting cards
- Thank-you notes
- Scrapbooks and photo albums
- Announcements
- School Project

HP’s easy-to-use photo papers resist fading, are quick drying and smudge proof, and their thickness and weight provide a superior look and feel. With a variety of sizes to choose from, you can get photo quality prints for any project.

What printer type do you have?

**HP Inkjet Printer**
HP’s coated inkjet papers are engineered with swellable or porous coatings that provide the highest-quality document reproduction. When you print using HP inks and paper, you get documents that deliver a professional look and feel.

**HP Laser Printer**
Choosing the right laser paper for different uses makes good sense. It allows you to be economical on your everyday jobs and to highlight your communications on the important ones. HP laser papers are engineered to have a supersmooth texture and, in some cases, a special coating for when you want your images to all but leap off the page.

**HP Multi-machine**
Exhaustive research goes into all the HP Multi-machine paper selections to ensure that they are optimized to work well in both inkjet and laser machines. HP has engineered a wide variety of economical and reliable papers that keep productivity up and costs down.

**HP Inkjet Photo Printer**
HP has you covered for inkjet photo paper. From sharing photos with friends to the needs of businesses and professional photographers, HP has engineered a broad range of photo paper types and sizes for all your photo printing needs.
HP papers are designed with the environment in mind. We source our papers from suppliers that use pulp from renewable forests which are managed responsibly and certified by an independent third-party certification body, such as the Forest Stewardship Council (FSC®), the Programme for the Endorsement of Forest Certification (PEFC), or the Sustainable Forestry Initiative, Inc. (SFI®). Look for the forestry certification logo on packaging.

### HP Everyday Papers—Inkjet

#### HP Inkjet Paper

**What is it**
- An outstanding value for everyday inkjet printing
- 92 brightness, 24 lb

**When to use**
- Ideal for Internet printouts, homework and other everyday documents

**Key benefits**
- Heavy weight to reduce show-through
- Heavier than ordinary papers—great for two-sided printing
- ColorLok Technology for brighter colors, fewer smears and bolder blacks
- Acid-free for longer lasting documents

**Eco benefits**
- Certified by the Sustainable Forestry Initiative, SFI®

#### HP Bright White Inkjet Paper

**What is it**
- Scientifically formulated to help inkjet printers produce their boldest, most intense colors
- 97 brightness, 24 lb

**When to use**
- The ideal choice for color-intensive documents you want to reflect your best efforts
- Great for proposals, presentations, newsletters, flyers and other color-rich documents

**Key benefits**
- Extra white, scientifically formulated to help inkjet printers produce their boldest, most intense colors
- Color inks are “fixed” onto the sheet for superior color imaging
- ColorLok Technology for brighter colors, fewer smears and bolder blacks
- Acid-free for longer lasting documents

**Eco benefits**
- Certified by the Forest Stewardship Council, FSC®

HP Everyday Papers customer service line: 1-800-477-5010
Hours: 8:00 a.m.—5:00 p.m. (Eastern) or visit: [www.hp.com/go/everydaypapers](http://www.hp.com/go/everydaypapers)
For HP everyday papers the supplier is the FSC® and SFI® chain of custody certificate holder.
THE DIFFERENCE BETWEEN ORDINARY AND EXTRAORDINARY PAPER.

ColorLok® Technology is standard in all HP inkjet, multi-use and copy papers. What does that mean for you?

- **Brighter colors.** Colors are 30% brighter compared to ordinary papers.
- **Fewer smears.** Documents dry three times faster so there’s less risk of smearing.
- **Bolder blacks.** Black inks print up to 60% bolder, so text is super crisp and sharp.

In short, the ColorLok® Technology symbol on the package means you’ll get it right the first time, every time you hit “print.” Why settle for anything less?

ColorLok® Technology. One of the many ways you get more for your money from HP Everyday Papers.
HP Professional Papers—Laser

**HP Paper Designed for Laser Printers**

Choosing the right laser paper allows you to be economical on your everyday jobs and to highlight your communications on the important ones.

### HP Professional Papers—Laser

#### HP Premium Presentation Paper 120g, Glossy

**What is it**
- A thick, heavy paper that delivers sharp images, rich colors and an impressive appearance with a uniform, glossy finish
- Weight: 32 lb/120 g/m²

**When to use**
- For professional-quality documents and marketing materials, including presentations, proposals and reports
- Designed for documents with more images than text

**Key benefits**
- Brighter, glossier paper for a more professional appearance than plain paper
- Saves time and money with minimal paper jams and reliable two-sided printing
- Optimized for HP Color LaserJet printers

**Eco benefits**
- FSC® certified fiber from well managed forests
- Recyclable in community collection systems that accept mixed paper

HP Everyday Papers customer service line: 1-800-477-5010

Hours: 8:00 a.m.—5:00 p.m. (Eastern) or visit: www.hp.com/go/everydaypapers

For HP everyday papers the supplier is the FSC® and SFI® chain of custody certificate holder.
Why HP Photo Paper

Customers choose HP Photo Papers for a lot of different reasons. One key reason is that they are optimized for HP inkjet printers to deliver consistent, quality results and the best possible experience. But that’s not all—HP has a photo paper to fit your every need.

- Print casual photos for class projects
- Print snapshots or enlargements to share with friends and family
- Create photo albums and scrapbooks
- Frame photos for display or gift giving

HP Photo Paper Portfolio

HP offers a simple, but well-differentiated photo paper portfolio to accommodate different projects.

- **HP Everyday** photo paper offers an excellent value and is suitable for casual photos, student projects or crafts.
- **HP Advanced** photo paper, ideal for scrapbooking or photo albums, delivers great all-around performance. And **HP Premium Plus** photo paper is optimized to deliver top quality for the prints you want to display or give as gifts.

Quality photos on ALL inkjet printers

It gets even better. In addition to being optimized for HP inkjet printers, HP photo papers also provide a great printing experience on all other manufacturers’ inkjet printers.¹

Designed with the environment in mind

So, best of all, customers can feel good about using the portfolio because most HP Everyday (glossy), HP Advanced², and HP Premium Plus photo papers:³

- Use FSC® certified chain-of-custody fiber, from responsibly managed forests
- Are recyclable; just add them to your mixed-paper recycling⁴
- Have packaging that is made from 100% recycled content, minimum 35% post-consumer content

¹ Universal compatibility available with select HP photo papers, including HP Everyday, HP Advanced, and HP Premium Plus (Applies for 8.5” x 11” sizes and smaller).
² HP Advanced photo papers with FSC-C017543 certification will begin to be introduced in June 2011; look for the FSC certification logo on the pack.
³ Environmental benefits available with select HP photo papers, including HP Everyday (glossy), HP Advanced, and HP Premium Plus A sizes and smaller.
⁴ May not be recyclable in your area.

The good, better, and best about HP photo papers
HP Paper Designed for Inkjet Photo Printers

HP has crafted a broad range of photo paper types and sizes for all your photo printing needs.

HP Photo Papers—Inkjet

HP Everyday Photo Paper, Glossy

What is it
• Paper designed for casual photo printing that gives sharp, colorful photos with a glossy finish at a low cost and dries quickly for easy handling with any inkjet printer
• 8 mil, 200 g/m², 45 lb

When to use
• Ideal for casual photos, school projects and crafts
• Affordable glossy alternative to plain paper

Key benefits
• Dries quickly for easy handling
• Thinner and heavier than plain paper
• Delivers vivid colors with a glossy finish
• Value priced for attractive, affordable prints

Eco benefits
• FSC® certified fiber from well managed forests
• Recyclable in community collection systems that accept mixed paper
• Paperboard packaging made from 100% total recycled content, minimum 35% post consumer content

HP Everyday Photo Paper, Matte

What is it
• Brighter, thicker and heavier than plain paper; an affordable photo-quality inkjet paper with a bright white matte finish that intensifies colors and prints on both sides with no show-through on any inkjet printer
• 6 mil, 125 g/m², 33 lb

When to use
• For casual photos, drafts, projects, proofs
• Everyday photo alternative to plain paper

Key benefits
• Bright white matte finish on both sides for two-sided photo printing
• Thicker and heavier than plain paper so colors don’t bleed through
• Value priced for attractive, affordable prints

Eco benefits
• Recyclable in community collection systems that accept mixed paper
• Paperboard packaging made from 100% total recycled content, minimum 35% post consumer content
• Everyday photo paper matte with PEFC certification will begin to be introduced in June 2011, look for the PEFC certification logo on pack

HP Advanced Photo Paper, Glossy

What is it
• Instant-dry photo paper for photos with rich, vivid colors that are smudge- and water-resistant
• 10.5 mil, 250 g/m², 66 lb

When to use
• For albums, photo enlargements, scrapbooks
• Excellent all-around performance

Key benefits
• Dries instantly and resists water and smudges. Thick, durable, professional-feeling paper that withstands repeated handling
• Great for framing or gifts, these beautiful photos feature rich, vivid colors that capture your memories with true-to-life accuracy. Maximize color intensity with an impressive, glossy finish.

Eco benefits
• Recyclable in community collection systems that accept mixed paper
• Paperboard packaging made from 100% total recycled content, minimum 35% post consumer content
• Advanced photo paper with FSC® certification will begin to be introduced in June 2011, look for the FSC® certification logo on pack

### HP Premium Photo Paper, Glossy

**What is it**
- Premium inkjet photo paper with true-to-life color that resists fading longer than store processed photos
- 10 mil, 240 g/m², 64 lb

**When to use**
- For printing enlargements and creating photo albums with the look and feel of traditional photos
- Better image quality and image permanence on older-technology HP inkjet printers using the inks
- For display, albums and scrapbooks

**Key benefits**
- True photo quality—vibrant colors, glossy blacks, realistic skin tones
- Thick and sturdy like traditional photos
- Unique HP back coating to prevent prints from sticking when stacked

**Eco benefits**
- Paperboard packaging made from 100% total recycled content, minimum 35% post consumer content
