

HP recommends Windows.

Just what the doctor ordered

HP ElitePad

Go beyond every day mobility. Grab the tablet that helps deliver the very best in patient care.

Make big strides in medicine

On rounds

Access and capture data, handwritten notes,¹ images, and voice in real-time using the intuitive Windows 8 touch interface.²

In the office

Move to a desktop-like system with docking station and keyboard.¹

Across the health system

Simplify with familiar Windows on x86 platform.

The HP ElitePad can keep up

From bedside, to private practice, to professional conference—and all points between—the HP ElitePad meets the demands of healthcare professionals on-the-go. Your high standards for performing well in critical environments are matched with durability and reliability. HP Elite hardware, software and services work seamlessly together so technology doesn't get in the way of you and your patients. And when you need it, you have immediate access to concierge-level support from an HP Elite expert any time of day, any day of the year, toll-free.³

Facilitate forms

Ease the burdens of data entry across the healthcare team. The HP ElitePad's unique 16:10 aspect ratio is made for form presentation, reducing the need to scroll. And the 10.1-inch diagonal HP ElitePad display screen supports the intuitive Windows 8 Pro² touch and precise pen-point¹ interaction, offering new possibilities in personal care management and records management.

Return to the office, and click your ElitePad into the docking station, viewing and amending reports with the sleek new HP LED monitor, wireless mouse and keyboard.¹

Features that matter

Go forward with backward-compatibility

Collaborate with colleagues and access existing systems and applications. The industry-standard HP ElitePad running Windows 8 is easy to deploy, effortless to manage, and simple to secure.

Low profile, high impact

Weighing just under 1.5 pounds with up to 10.25 hours of battery life⁴, the ElitePad is your go-to device, assisting you throughout your day, from anywhere in the hospital.

- Use the HP Executive Tablet Pen¹ to write notes on the screen, make a quick sketch, or sign orders
- Take advantage of built-in voice capabilities to record observations on the move
- Save time by sending on-the-go electronic prescriptions direct to the pharmacy⁵
- Enjoy sharp, clear web conferences with high-quality webcam⁶, microphones, and speakers
- Photograph the pages of journal articles and other documents and rely on HP PageLift technology to automatically enhance and orient the images for easy reading

1. Accessories sold separately. 2. Not all features are available in all editions of Windows 8. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8 functionality. See microsoft.com/. This system is Windows 8 certified and supports the new Windows UI. The integrated display resolution is below the threshold for Snap, a Windows UI feature that allows two Windows Store apps to be viewed simultaneously. This feature may be enabled by attaching an external 1366 x 768 or higher resolution display. 3. Elite Support is only available in North America. 4. Testing conducted by HP consisting of full battery discharge while running a series of productivity scripts against the following applications (which may or may not be included with your particular product): Adobe® AcrobatReader 7.0, Adobe® Illustrator® CS2, Adobe® Photoshop® CS2, Apple® Quicktime 7.1, Intervideo® WinDVD® 8, Macromedia® Flash 8, Microsoft® Office® 2003 Pro, Microsoft® Project 2003, and Winzip® 10.0. Prior to testing, the system was fully charged, display brightness was set at 60 nits, wireless was turned off, and auto dim, suspend, hibernate and all other programs, utilities, and services not essential to running the computer system or battery life test were disabled. Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. 5. LOB custom application is required and sold separately. May require internet access. 6. Internet access required.

Customize with these HP ElitePad accessories

HP ElitePad Dock

Click your ElitePad into the dock when you return to the office to upload patient records to the server.

HP Elite L2401x 24-in LED Monitor

Plug-in to the microthin LED display for reviewing detailed images and charts in vivid color, from almost any angle.

HP Executive Tablet Pen

Take notes, sign documents, and precisely enter in critical data. Coming soon

HP Productivity Jacket

For more detailed work, opt for the integrated keyboard, USB ports, and SD card reader. Planned availability April 2013

HP Expansion Jacket with Battery

Power through your day with more battery life when bundled with the optional HP ElitePad Jacket battery.¹

Second-to-none security

HP applies integrated security to help protect at every level—data, device, and identity—with HP Client Security, HP BIOS Protection,⁷ Microsoft® Defender,⁶ and TPM 2.0 chip. Rely on HP's differentiated LANDesk Security Suite to locate, lock, and remotely wipe data clean, if a tablet is ever lost or stolen.⁹ You can count on HP security features to:

- Assist with HIPAA requirements and protect confidential patient information
- Defend against virus attacks and other threats
- Keep data encrypted

The best-of-the-best

Healthcare professionals and their patients deserve the very best—and the HP ElitePad delivers, with best-of-the-best features on a device that's intuitive to use and easy to deploy, secure, and manage.

The HP ElitePad features:

- Windows 8 Pro operating system² for secure, flexible ways to collaborate and retrieve critical data and applications on-the-go
- Under 1.5 lb so you can take it on your rounds
- Intel Z2760 Atom Processor (up to 1.80GHz),⁹ or last option, to access patient information quickly
- Familiar Windows on x86 platform, plus available HP Custom Integration Services, for simple and cost-effective deployment in existing IT environments
- 10.1-inch diagonal multi-touch display with Corning® Gorilla® Glass 2 and machined aluminum to withstand the rigorous demands of the healthcare professional
- 115,000 hours of testing for all around world-class dependability

Ready to practice

The HP ElitePad comes ready to work with everything needed to get moving:

- HP Wireless Hotspot¹⁰
- LANDesk Management Suite
- HP ePrint for printing on-the-go¹¹
- Cyberlink YouCam and MediaSuite Windows Apps

Supporting your peace-of-mind

HP Elite Premium Support provides near-instant phone access to an Elite-accredited, U.S.-based specialist at any time, any day of the year—and at no extra cost. Ask for your agent of choice by name and schedule appointments to suit you—we'll make our schedule match yours.

And, if you ever need it, you can count on us for next-day, onsite repair, any where in the U.S.—available as part of the optional HP CarePack Services.¹²

7. HP Tools partition must not be deleted to use automatic recovery. Opt-in required. 8. LANDesk software is required and sold separately. Location based functionality planned to be available in May 2013 and requires active LANDesk maintenance service or purchase of updated LANDesk license with location based settings when available. 9. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. 10. The mobile hotspot application requires an active internet connection and separately purchased data plan. While HP mobile hotspot is active, on-device applications will continue to work and will use the same data plan as the mobile hotspot. Mobile hotspot data usage may incur additional charges. Check your plan details. Requires Windows 8. 11. Requires an Internet connection to HP web-enabled printer. Printer requires HP ePrint account registration. Mobile device requires Internet connection. May require wireless access point. Separately purchased data plans or usage fees may apply. Driver update may be required. For more details, visit hp.com/go/eprintmobiledriver/. 12. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit hp.com/go/cpc.
