

Mobile Broadband from AT&T on select Hewlett Packard notebooks

The coverage and performance to keep up with your business and your life.

Connect to the Internet and enjoy mobile access around the world.

Take your office with you on the go.

Imagine the possibilities when you can get online and stay completely productive while away from your home or office.

- **Wirelessly** access the Internet, your company's intranet or business applications
- **Send** and receive email, including attachments, while on the move

You can do all this with mobile broadband from AT&T.

Access the Internet on your notebook quickly and easily using AT&T's BroadbandConnect 3G and national EDGE wireless networks.

Here are just a few of the benefits of mobile broadband from AT&T:

- **Save** time by not having to search for dial-up, LAN connections or Wi-Fi hotspots
- **Leverage** the broadband-speed capabilities of AT&T's BroadbandConnect wireless network
- **Stay** productive with the wide coverage of AT&T's EDGE wireless network – the largest high-speed wireless data network in the U.S.
- **Enjoy** mobile access around the world in over 135 countries with AT&T roaming providers and a compatible integrated notebook

BroadbandConnect – Wireless mobility at broadband speeds.

AT&T's BroadbandConnect network is built on GSM™ – the global standard for wireless communications. It provides broadband access from anywhere in AT&T's BroadbandConnect coverage area. BroadbandConnect provides average download speeds of 600Kbps-1.4Mbps. With BroadbandConnect speeds, you can send and receive email faster, access the Internet, your corporate intranet or business applications easier, and download files faster.

DataConnect Service Plans.

Enjoy flat-rate, predictable data pricing. Save \$19.99 per month with a two-year agreement.

1 DataConnect customers with \$60.00 or higher service plans can get access to AT&T Basic Wi-Fi hotspots at no additional charge. (Requires AT&T Communication Manager version 6.7 or higher and Windows® operating system.) Additional restrictions may apply.

2 Requires two-year agreement. Otherwise, the monthly service charge is \$79.99.

3 A 5 gigabyte (GB) usage limitation applies. See Terms and Conditions for additional details.

*AT&T ALSO IMPOSES THE FOLLOWING CHARGES: A Regulatory Cost Recovery Fee of up to \$1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal telecom regulation, a gross receipts surcharge, and State and Federal Universal Service charges. The Regulatory Cost Recovery Fee is not a tax or a government-required charge.

CANADA AND INTERNATIONAL ROAMING: Additional data for Canada roaming per KB is \$0.015; International roaming per KB is \$0.0195.

MISCELLANEOUS: 1,024 kilobytes (KB) = 1 megabyte (MB). Additional eligibility, billing, usage and other restrictions and terms apply. See General Terms and Conditions below.

DataConnect Plan¹	
Monthly Service Charge*	\$60 ²
Domestic Included Data Usage ³	Internet browsing Email Intranet access

Extensive coverage.

The AT&T national EDGE wireless network provides extensive coverage throughout the U.S. – with typical download speeds of 70-135 kbps.

The EDGE footprint covers:

- Over 13,000 cities and towns
- Almost 40,000 miles of U.S. highways
- Over 250 million people

In addition, through AT&T roaming providers, this coverage has expanded to include over 273 million people and is growing. Plus, no domestic data roaming charges – nationwide.

For the latest coverage map(s) and BroadbandConnect markets, see att.com/coverage-viewer.

International access.

Through AT&T international roaming providers, you can stay connected and access your critical information in more than 135 countries around the globe. With far-reaching coverage, you can use AT&T's wireless data service when you need it most – on the road and while out of your office.

International DataConnect Service Plans.

International DataConnect plans are your ticket to global data access for business – at a price that makes good business sense. AT&T offers two International DataConnect plans:

	DataConnect North America	DataConnect Global
Monthly Service Charge*	\$109 ⁹⁹	\$139 ⁹⁹
Included Domestic Data Usage (within the U.S.) ⁴	Internet browsing Email Intranet access	Internet browsing Email Intranet access
Included International Data Usage (in select countries) ⁵	100 MB	100 MB
Additional International Data Usage (in select countries) ⁵	\$0.005 /KB	\$0.005 /KB
International Data Usage (in other countries)	\$0.0195 /KB	\$0.0195 /KB

⁴ A 5 gigabyte (GB) usage limitation applies. See Terms and Conditions for additional details.

⁵ Data usage only for use within "roam zone" comprised of select carriers. DataConnect North America roam zone comprised of select carriers in Canada and Mexico. DataConnect Global and Data Global roam zone currently comprised of select carriers in "select countries" including: Australia, Austria, Belgium, Canada, China, Czech Republic, Denmark, Egypt, France, Germany, Great Britain, Greece, Hong Kong, Hungary, India, Ireland, Italy, Japan, Mexico, Netherlands, New Zealand, Poland, Portugal, Romania, Singapore, Spain, Sweden, Switzerland and Taiwan. Countries and carriers within the roam zone are subject to change at any time without notice (see att.com/dataconnectglobal for most current, complete roam zone list).

*AT&T ALSO IMPOSES THE FOLLOWING CHARGES: A Regulatory Cost Recovery Fee of up to \$1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal telecom regulation, a gross receipts surcharge, and State and Federal Universal Service charges. The Regulatory Cost Recovery Fee is not a tax or a government-required charge.

MISCELLANEOUS: 1,024 kilobytes (KB) = 1 megabyte (MB). Both plans require a one-year service agreement. Additional eligibility, billing, usage and other restrictions and terms apply. See General Terms and Conditions and applicable Additional Terms below.

To activate, call: **866-890-6938**

Hours of operation: 9 a.m. to 6 p.m. ET

WIRELESS DATA SERVICE TERMS AND CONDITIONS

I. GENERAL TERMS AND CONDITIONS APPLICABLE TO AT&T'S WIRELESS DATA SERVICES, INCLUDING BUT NOT LIMITED TO, FEATURES THAT MAY BE USED WITH WIRELESS DATA SERVICES AND WIRELESS CONTENT.

AT&T provides wireless data services, including but not limited to, features that may be used with wireless data services and wireless content ("Services"). The absolute capacity of the wireless data network is limited. Accordingly, service is only provided for circumscribed purposes and pricing for Data Services is device dependent, based on the transmit and receive capacity of each device. A pricing plan designated for one type of device may not be used with another device. These Services may be subject to credit approval and may only be available when combined with certain voice rate plans. An activation fee of up to \$36 may apply to each new data line. Compatible data-enabled wireless device required.

Usage/Billing: Usage and monthly fees will be charged as specified in your plan. DATA TRANSPORT IS BILLED IN FULL-KILOBYTE INCREMENTS, AND ACTUAL TRANSPORT IS ROUNDED UP TO THE NEXT FULL-KILOBYTE INCREMENT AT THE END OF EACH DATA SESSION FOR BILLING PURPOSES. AT&T CHARGES A FULL KILOBYTE OF DATA TRANSPORT FOR EVERY FRACTION OF THE LAST KILOBYTE OF DATA TRANSPORT USED ON EACH DATA SESSION. NETWORK OVERHEAD, SOFTWARE UPDATE REQUESTS, AND RESEND REQUESTS CAUSED BY NETWORK ERRORS CAN INCREASE MEASURED KILOBYTES. AIRTIME AND OTHER MEASURED USAGE ARE BILLED IN FULL-MINUTE INCREMENTS AND ROUNDED UP TO THE NEXT FULL-MINUTE INCREMENT AT THE END OF EACH CALL FOR BILLING PURPOSES. Data sent and received includes, but is not limited to downloads, email, overhead and software update checks. Unless designated for International or Canada use, prices and included use apply to EDGE/GPRS and BroadbandConnect access and use on AT&T's wireless network and its partner wireless networks within the United States and its territories (Puerto Rico and the U.S. Virgin Islands), excluding areas within the Gulf of Mexico. Usage on networks not owned by AT&T is limited as provided in your data plan. Charges will be based on the location of the site receiving and transmitting service and not the location of the subscriber. BroadbandConnect access requires a compatible, eligible 3G device. Overage is billed by the kilobyte. Service charges paid in advance for monthly or annual Services are nonrefundable. Some Services may require an additional monthly subscription fee and/or be subject to additional charges and restrictions. See applicable rate plan materials for complete pricing and terms. Prices do not include taxes, directory assistance, roaming, universal services fees or other exactions and are subject to change. In order to assess your usage during an applicable billing period, you may obtain approximate usage information by calling customer service or using one of our automated systems.

Voice: If you have a voice-capable device, unless you request voice blocking, select a data plan that restricts voice access or select a qualified voice plan, the default rate for voice calls on the AT&T's wireless network are 40¢ per minute and 69¢ per minute for domestic roaming voice calls off AT&T's wireless network (rates are subject to change without notice). Additional taxes and surcharges may apply. See AT&T Nation® map at store or att.com/wireless for default wireless voice coverage area. If you request voice blocking or your selected data plan restricts voice access, all voice calling capabilities (except for outgoing calls from the device to 911 or 611) will be blocked, including without limitation, calls from 911 or 611 to the device. If you have a wireless voice plan, wireless voice calls are billed as provided in your wireless voice rate plan.

Roaming: Roaming charges for wireless data or voice service may be charged with some plans when outside AT&T's wireless network. Display on your device will not indicate whether you will incur roaming charges. Services originated or received while outside your plan's included coverage area are subject to roaming charges. Use of Services when roaming is dependent upon roaming carrier's support of applicable network technology and functionality. Check with roaming carriers individually for support and coverage details. Billing for domestic and international roaming usage may be delayed up to three billing cycles due to reporting between carriers. If your usage of the Services on other carriers' wireless networks ("offnet usage") during any two consecutive months exceeds your offnet usage allowance, AT&T may at its option terminate your wireless service or access to data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 6 megabytes or 20% of the kilobytes included with your plan and for messaging plans the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions and you may terminate your agreement. You may be required to (1) use a device programmed with AT&T's preferred roaming database; and (2) have a mailing address and live in the United States, Puerto Rico or the U.S. Virgin Islands.

International Roaming: See att.com/wirelessinternational or dial 1-866-246-4852 for more information and for a list of currently available countries and carriers. Compatible international-capable device required. Certain countries and/or carriers within a roaming zone may be unavailable with certain plans or Services while roaming. Availability, quality of coverage and Services while roaming are not guaranteed. Rates apply to AT&T's wireless customers only. Certain tenure, billing and credit restrictions and additional charges may apply. Many devices including iPhone transmit and receive data messages without user intervention and can generate unexpected charges when taken out of the United States.

Cancellations/Early Termination Fee: An Early Termination Fee of \$175 may be assessed against you in the event that you terminate your Wireless Service Agreement and/or selected plan before the expiration of its term. You may cancel your service, for any reason and without incurring the Early Termination Fee, within thirty (30) days of signing your Wireless Service Agreement, PROVIDED, however, that if you cancel service you will remain responsible for any service fees and charges incurred. If you cancel within three (3) days of signing your Wireless Service Agreement, you will be entitled to a refund of your activation fee, if any. If you exercise this option, you may be required to return devices and associated accessories purchased in connection with your Wireless Service Agreement.

Service Availability and Access/Coverage: AT&T does not guarantee availability of wireless network. Services may be subject to certain equipment and compatibility/limitations including memory, storage, network availability, coverage, accessibility and data conversion limitations. Services (including without limitation, eligibility requirements, plans, pricing, features and/or service areas) are subject to change without notice. When outside coverage area, access will be limited to information and applications previously downloaded to or resident on your device. Coverage areas vary between AT&T BroadbandConnect, EDGE and GPRS. AT&T BroadbandConnect only available in select markets. See coverage map(s), available at store or from your sales representative, for details. AT&T BroadbandConnect download speeds only available on the AT&T BroadbandConnect network. Actual download speeds depend upon device characteristics, network, network availability and coverage levels, tasks, file characteristics, applications and other factors. Performance may be impacted by transmission limitations, terrain, in-building/in-vehicle use and capacity constraints.

Information/Content: Certain information or content is provided by independently owned and operated content providers or service providers who are subject to change at any time without notice. AT&T IS NOT A PUBLISHER OF THIRD-PARTY INFORMATION OR CONTENT AND IS NOT RESPONSIBLE FOR ANY OPINIONS, ADVICE, STATEMENTS, OR OTHER INFORMATION, SERVICES OR GOODS PROVIDED BY THIRD PARTIES. Third-party content or service providers may impose additional charges. Policies regarding intellectual property, privacy and other policies may differ among AT&T's content or service providers and you are bound by such policies when you visit their respective sites or use their services. It is your responsibility to read the rules or service agreements of each content provider or service provider. Any information you involuntarily or voluntarily provide third parties is governed by their policies. The accuracy, appropriateness, content, completeness, timeliness, usefulness, security, safety, merchantability, fitness for a particular purpose, transmission or correct sequencing of any information or downloaded data is not guaranteed or warranted by AT&T or any content providers or other third party. Delays or omissions may occur. Neither AT&T nor its content providers, service providers or other third parties shall be liable to you for any loss or injury arising out of or caused, in whole or in part, by any information acquired through the Service. You acknowledge that every business or personal decision, to some degree or another, represents an assumption of risk, and that neither AT&T nor its content and service providers or suppliers, in providing access to information, underwrites, can underwrite, or assumes your risk in any manner whatsoever.

Prohibited and Permissible Uses: Except as may otherwise be specifically permitted or prohibited for select data plans, data sessions may be conducted only for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). **The Data Plans and Features MAY NOT be used for any other purpose. While most common uses for Intranet browsing, email and intranet access are permitted by your data plan, there are certain uses that cause extreme network capacity issues and interference with the network and are therefore prohibited. Examples of prohibited uses include, without limitation, the following: (i) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; (ii) as a substitute or backup for private lines, landlines or full-time or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate excessive amounts of net traffic, or which disrupt net user groups or email use by others; (iv) "spam" or unsolicited commercial or bulk email (or activities that have the effect of facilitating unsolicited commercial email or unsolicited bulk email); (v) any activity that adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' Internet-based resources, including "denial of service" (DoS) attacks against another network host or individual user; (vi) accessing, or attempting to access without authority, the accounts of others, or to penetrate, or attempt to penetrate, security measures of AT&T's wireless network or another entity's network or systems; (vii) voice over IP; or (viii) software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or any "keep alive" functions, unless they adhere to AT&T's data retry requirements, which may be changed from time to time. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services, redirecting television signals for viewing on Personal Computers, web broadcasting, and/or for the operation of servers, telemetry devices and/or Supervisory Control and Data Acquisition devices is prohibited. Furthermore, plans (unless specifically designated for tethering usage) cannot be used for any applications that tether the device (through use of, including without limitation, connection kits, other phone/PDA-to computer accessories, Bluetooth® or any other wireless technology) to Personal Computers (including without limitation, laptops), or other equipment for any purpose.**

Accordingly, AT&T reserves the right to (i) limit throughput or amount of data transferred and/or deny, disconnect, modify and/or terminate Service, without notice, to anyone it believes is using the Service in any manner prohibited or whose usage adversely impacts its wireless network or service levels or hinders access to its wireless network, including without limitation, after a significant period of inactivity or after sessions of excessive usage and (ii) otherwise protect its wireless network from harm, compromised capacity or degradation in performance, which may impact legitimate data flows. You may not send solicitations to AT&T's wireless subscribers without their consent. You may not use the Services other than as intended by AT&T and applicable law. Plans are for individual, non-commercial use only and are not for resale. AT&T may, but is not required to, monitor your compliance, or the compliance of other subscribers, with AT&T's terms, conditions, or policies.

Security: AT&T DOES NOT GUARANTEE SECURITY. Data encryption is available with some, but not all, Services sold by AT&T. If you use your device to access company email or information, it is your responsibility to ensure your use complies with your company's internal IT and security procedures.

Changes to the terms and conditions: These terms and conditions may be changed from time-to-time. AT&T will post the most current version of these terms and conditions at att.com/MediaTerms or other appropriate location. Please check these regularly to inform yourself about changes to the terms and conditions.

Access Requirements: Additional hardware, software, subscription, credit or debit card, Internet access from your compatible PC and/or special network connection may be required and you are solely responsible for arranging for or obtaining all such requirements. Some solutions may require third party products and/or services, which are subject to any applicable third party terms and conditions and may require separate purchase from and/or agreement with the third party provider. AT&T is not responsible for any consequential damages caused in any way by the preceding hardware, software or other items/requirements for which you are responsible.

Miscellaneous: Not all plans or Services are available for purchase or use in all sales channels, in all areas or with all devices. AT&T is not responsible for loss or disclosure of any sensitive information you transmit. AT&T's wireless services are not equivalent to landline Internet. AT&T is not responsible for nonproprietary services or their effects on devices. If applicable, use of Desktop Toolbar requires compatible home computer products. AT&T RESERVES THE RIGHT TO TERMINATE YOUR SERVICES WITH OR WITHOUT CAUSE, INCLUDING WITHOUT LIMITATION, UPON EXPIRATION OR TERMINATION OF YOUR WIRELESS SERVICE AGREEMENT. Caller ID blocking is not available when using the Services, and your wireless number is transmitted to Internet sites you visit. You may receive unsolicited messages from third parties as a result of visiting Internet sites, and a per-message charge may apply whether the message is read or unread, solicited or unsolicited.

Additional Terms: See below for additional terms relating to specific Services and rate plans. In addition, all use of AT&T's wireless network and the Services is governed by AT&T's Acceptable Use Policy, which can be found at att.com/AcceptableUsePolicy, as determined solely by AT&T. AT&T can revise its Acceptable Use Policy at any time without notice by updating this posting. Use of the Services is subject to Terms and Conditions of your Wireless Service Agreement. See Wireless Service Agreement, att.com/wireless or AT&T Customer Service for additional conditions, restrictions, privacy policy and information.

Intellectual Property: All trademarks, service marks and trade names used on or in connection with the Services are the property of their respective owners. You must respect the intellectual property rights of AT&T, our third-party content providers, and any other owner of intellectual property whose protected property may appear on any website and/or dialogue box controlled by AT&T or accessed through the AT&T's websites. Except for material in the public domain, all material displayed in association with the Service is copyrighted or trademarked. Except for personal, non-commercial use, trademarked and copyrighted material may not be copied, downloaded, redistributed or otherwise exploited, in whole or in part, without the permission of the owner.

II. ADDITIONAL TERMS FOR SPECIFIC WIRELESS DATA SERVICES

DATACONNECT PLANS

DataConnect plans may ONLY be used with AT&T-certified LaptopConnect (PC Data) Cards and eligible AT&T-certified customer owned and maintained (COAM) devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The parties agree that AT&T has the right to limit throughput or amount of data transferred and/or deny, disconnect, modify and/or terminate Service if you use more than 5 gigabytes in a month. If you require more than 5 gigabytes per month, ask us about our DataConnect 5GB Overage plan.

DATACONNECT GLOBAL PLANS

Available countries, coverage and participating international carriers included in the "Select International Roam Zone" vary from our generally available Canada/international wireless data roam zones and may not be as extensive. The Select International Roam Zone is restricted to select international wireless carrier(s). See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. With respect to the countries included in the Select International Roam Zone, you will be restricted from accessing Service through any nonparticipating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international wireless data roam zones. Requires minimum one-year agreement and you must remain on an eligible DataConnect Global plan for a minimum one-year term. Voice access is restricted and prohibited.

DATACONNECT NORTH AMERICA PLAN

Available countries, coverage and participating international wireless carriers included in the "Select Canada/Mexico Roam Zone" vary from our generally available Canada/international wireless data roam zones and may not be as extensive. Select Canada/Mexico Roam Zone is restricted to select wireless carrier(s) and coverage areas within Canada and Mexico. See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. Under this plan, you will be restricted from accessing Service through any non-participating Canada/Mexico wireless carriers that may otherwise be included in our generally available Canada and international wireless data roam zones. Requires minimum one-year agreement and you must remain on eligible DataConnect North America plan for a minimum one-year term. Voice access is restricted and prohibited.
