

HP ELITEBOOK 2730P NOTEBOOK PC

PRODUCTIVITY WITH A TWIST.

Ultra-thin convertible tablet in an innovative design

HP recommends Windows Vista® Business

Starting at only 3.7 lb /1.7 kg and 1.11 in/28.2 mm thin, the HP EliteBook 2730p Notebook PC offers you the functionality of a notebook *plus* the flexibility of a tablet.

Redefining what you can do on the go

New low-voltage processors and 5400 RPM drives increase system performance in a lightweight package. Easily scroll through documents and web pages with the new jog dial and the enhanced dual pointing devices. The 2 MP Webcam¹² with Business Card Reader software means you will never forget a name, e-mail or phone number. Use the HP 2700 Ultra-Slim Expansion Base with integrated DVD+/-RW drive as a docking station in the office, or take it with you while on the go. Whether you're across the street or across the country, integrated HP Mobile Broadband,⁴ Gobi technology,⁴ Wi-Fi CERTIFIED™ WLAN⁵ and Bluetooth® help you stay connected in more places. You also get the flexibility to add HP Mobile Broadband at a later date.

Unique widescreen display and writing surface

Benefit from the mercury-free, 12.1-inch diagonal widescreen HP Illumi-Lite LED display which is lighter and more energy-efficient than standard

CCFL display technology. Work better in bright light conditions with the optional outdoor view display. The chemically-strengthened glass top will not wear down with repetitive use and resists the effects of "pooling."

HP Professional Innovations help you focus on your business

Built to last. Enhanced reliability features including HP DuraKeys, HP 3D DriveGuard, and full magnesium alloy chassis give you a durable device that has been tested and meets the military standard MIL-STD 810F for tests including dust, altitude and high temperature.¹⁷

Built to simplify. Boost your productivity while maximizing ease of use. HP QuickLook 2 allows you to access email, calendar, task and contact information in seconds at the touch of a button from off without having to wait for your system to boot up.¹⁸

Built to protect. An array of multi-layered, customizable security solutions help defend your network, your applications, and your data.

HP ELITEBOOK 2730P NOTEBOOK PC

HP recommends Windows Vista® Business

Operating system	Preinstalled: Genuine Windows Vista® Business 32¹ Genuine Windows Vista® Business with downgrade to Windows® XP Tablet Edition custom installed¹,¹³ FreeDOS	Supported: Genuine Windows Vista Enterprise Certified: SuSe Linux Enterprise Desktop 10
Processor	Intel® Core™ 2 Duo Ultra Low Voltage (up to 1.2 GHz, 3 MB L2 cache) or Low Voltage (up to 1.86 GHz, 6 MB L2 cache)²	
Chipset	Mobile Intel® GS45 Express Chipset ICH9M-Enhanced (supports Intel® Centrino® 2 with vPro™ technology)¹¹	
Memory	DDR2 SDRAM, 800 MHz, two slots supporting dual channel memory,¹⁵ 1024/2048/4096 MB SODIMMs, up to 8192 MB total (systems with ULV processors run at a maximum of 667 MHz with 800 MHz memory modules)	
Internal storage⁷	80/120 GB 5400 rpm 1.8-inch SATA hard drive (with HP 3D DriveGuard); 80 GB Solid State Drive	
Removable media	Optional fixed 7-mm DVD+/-RW SuperMulti DL Drive available for HP 2700 Ultra-Slim Expansion Base	
Display	12.1-inch diagonal Illumi-Lite WXGA with Digitizer (1280 × 800), 12.1-inch diagonal Illumi-Lite WXGA with Digitizer and Outdoor View (1280 × 800)	
Graphics⁸, ¹⁴	Mobile Intel GMA X4500 HD, up to 384 MB of shared system memory	
Audio	High Definition Audio, integrated speaker, stereo headphone/line out, stereo microphone in, integrated dual-microphone array	
Wireless support⁴,⁵,⁶	Optional HP un2400 EV-DO/HSPA Mobile Broadband Module (requires mobile network operator service); Intel 802.11 a/b/g/draft-n, Broadcom 802.11 a/b/g/draft-n; Bluetooth™ 2.0, HP Wireless Assistant	
Communications	Intel Gigabit Network Connection⁹ (10/100/1000 NIC), 56K v.92 modem	
Expansion slots	1 ExpressCard/54 slot, Secure Digital slot	
Ports and connectors	2 USB 2.0 ports, VGA, stereo microphone in, stereo headphone/line out, 1394a, power connector, RJ-11/modem, RJ-45/ethernet, docking connector for HP 2700 Ultra-Slim Expansion Base	
Input devices	Full-sized keyboard, enhanced dual pointing devices (touchpad and pointstick) with scroll zone, digital eraser pen, Jog dial, optional 2 MP Webcam¹² with Business Card Reader Software	
Manageability	Intel® Centrino® 2 with vPro technology capable,¹¹ HP Recovery Manager (Windows Vista only), HP Client Manager Software, HP Client Configuration Management Agent	
Security	Standard: HP ProtectTools, TPM Embedded Security Chip 1.2, Enhanced Pre-Boot Security, HP Spare Key, HP Disk Sanitizer, Enhanced Drive Lock, HP Fingerprint Sensor, Drive Encryption for HP ProtectTools, Credential Manager for HP ProtectTools, File Sanitizer for HP ProtectTools Optional: Smart Card Reader,¹² Kensington lock, McAfee Security Solution¹⁶	
Dimensions (h × w × d)	1.11 in (at front) × 11.24 in × 8.35 in / 28.2 mm (at front) × 290.0 mm × 212.0 mm	
Weight	Starting at: 3.74 lb / 1.70 kg (weight will vary by configuration)	
Power	6-cell (44 WHr), optional HP 2700 Ultra-Slim Battery,¹² 65W HP Smart AC Adapter, HP Fast Charge¹⁰	
Expansion solutions¹¹	HP 2700 Ultra-Slim Expansion Base, HP External MultiBay II	
Warranty	Limited 3-year, 1-year and 90-day warranty options available depending on country, 1-year limited warranty on primary battery. HP Care Pack Services extend service contracts which go beyond your standard warranties. For more details visit: http://www.hp.com/go/lookuptool .	

HP ELITEBOOK 2730P NOTEBOOK PC

HP recommends Windows Vista® Business

HP ELITEBOOK 2730P NOTEBOOK PC

HP recommends Windows Vista® Business

1. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.msp and www.microsoft.com/windowsvista/getready/capable.msp for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
2. Dual Core is a new technology designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information.
3. Do not copy copy-right protected materials. Double Layer discs can store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe creates a monochrome image. LightScribe media required and sold separately. Note that DVD-RAM cannot read or write to 2.6 GB Single Sided/5.2 GB Double Sided – Version 1.0 media. Wireless access point required and is not included.
4. Wireless broadband and Gobi technology use requires separately purchased service contract. Check with service provider for availability and coverage in your area. Available in select countries only.
5. WiFi access point and Internet service required and not included. Availability of public wireless access points limited.
6. The specifications for the 802.11n WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11n WLAN devices.
7. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8 GB (for XP) and 10 GB (for Vista) of system disk is reserved for the system recovery software.
8. Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by programs.
9. The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
10. Fast Charge technology recharges your battery up to 90% within 90 minutes when the system is off. Fast Charge does not apply to Ultra-Slim battery.
11. Select models only. Some functionality of Intel Centrino Pro and vPro, such as Intel Active management technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for Centrino Pro and vPro technology is dependant on 3rd party software providers. Compatibility with future "virtual appliances" and Microsoft Windows Vista operating system is yet to be determined.
12. Sold separately or purchased as an optional feature.
13. Windows Vista Business disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order at least 25 customer systems with the same custom image.
14. Dual Channel is only supported when the system is configured with DDR2 symmetric memory (ie: 2x256).
15. 60 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter. This McAfee Total Protection for Small Business software is licensed to you by McAfee under the terms of the McAfee end user license agreement which can be read at www.mcafee.com.
16. From sleep mode. Time will vary depending on configuration and state.
17. Testing was not intended to demonstrate fitness for DOD contracts requirements or for military use. Test results are not a guarantee of future performance under these test conditions.
18. HP QuickLook 2 is accessible when the notebook is off or in hibernation from Windows XP or Vista. Timings may vary depending on the system configuration.
