1-24 "اتفاقية الخدمات" يُقصد بها الاتفاق بين HP والعميل لشراء الخدمات من HP؛

25-1 "جهة المعالجة الفرعية" يقصد بها أي شخص طبيعي أو اعتباري أو سلطة عامة أو وكالة أو أي هيئة أخرى تعالج البيانات الشخصية بالإجابة عن جهة معالجة البيانات التي تعمل بالإجابة عن جهة مراقبة البيانات.

## 2 النطاق والامتثال للقانون

2-1 يسري ملحق معالجة البيانات "DPA" على معالجة بيانات العميل الشخصية بواسطة HP، وذلك فيما يتعلق بتوفير HP للخدمات وعندما تعمل HP كجهة معالجة بيانات بالإجابة عن العميل كجهة مراقبة بيانات. يلتزم كل الأطراف بالامتثال لجميع قوانين حماية البيانات والخصوصية المعمول بها. لا يوجد في هذا القسم 2.1 ما يعدل أي قيود تسري على حقوق أي من الطرفين في استخدام البيانات الشخصية أو معالجتها بطريقة أخرى بموجب الاتفاقية المبرمة بين الطرفين .

2-2 يتم تحديد فئات أصحاب البيانات وأنواع البيانات الشخصية للعميل المعالجة والأغراض من المعالجة في المرفق 1 من ملحق معالجة البيانات "DPA" المذكور. يتعين على HP معالجة بيانات العميل الشخصية طوال مدة اتفاقية الخدمات (أو لفترة أطول بحيث تصل إلى الحد الذي يقتضيه القانون المعمول به).

2-3 يتحمل العميل، في استخدامه لخدمات HP، المسؤولية الكاملة عن الامتثال لجميع قوانين حماية البيانات والخصوصية المعمول بها فيما يتعلق بدقة وجودة وقانونية البيانات الشخصية للعميل التي ستعالجها HP فيما يتعلق بالخدمات. كما يتأكد العميل أيضاً من أن التعليمات التي يقدمها إلى HP فيما يتعلق بمعالجة بيانات العميل الشخصية ستمتثل لجميع قوانين حماية البيانات والخصوصية المعمول بها ولا يجوز أن يضع HP في موقف يفضي إلى مخالفة التزاماتها بموجب قوانين حماية البيانات والخصوصية المعمول بها.

2-4 إذا كان العميل يستخدم الخدمات لمعالجة أي فئات من البيانات الشخصية غير المشمولة صراحةً بموجب ملحق معالجة البيانات، فإن العميل يتصرف على مسؤوليته الخاصة ولن تكون HP مسؤولة عن أي عيوب محتملة في الامتثال تتعلق بهذا الاستخدام.

2-5 عندما تفصح HP عن أي بيانات شخصية لموظفي HP للعميل أو يقدم أحد موظفي HP بيانات شخصية مباشرة إلى العميل، يعالجها العميل لإدارة استخدامه للخدمات، فعلى العميل معالجة تلك البيانات الشخصية وفقاً لسياسات الخصوصية وقوانين حماية البيانات والخصوصية المعمول بها. ولا تقوم HP بمثل عمليات الكشف المذكورة إلا إذا كانت قانونية لأغراض إدارة العقود أو إدارة الخدمة أو التحقق من الخلفية المعقول للعميل أو لأغراض أمنية.

## 3 التزامات جهة معالجة البيانات

3-1 بصرف النظر عن أي شيء يتعارض مع اتفاقية الخدمات، فيما يتعلق بالبيانات الشخصية للعميل، يتعين على HP:

3-1-1 عالج البيانات الشخصية للعميل فقط وفقاً لتعليمات العميل الموثقة (التي قد تكون محددة أو عامة بطبيعتها كما هو موضح في اتفاقية الخدمات أو كما تم الاتفاق عليه بين الطرفين). دون تقييد لعمومية ما تقدم، وبقدر ما ينطبق قانون خصوصية المستهلك في كاليفورنيا (CCPA) على البيانات الشخصية للعميل، يجب ألا تقوم شركة HP بطريقة لا تتفق مع قانون خصوصية المستهلك في كاليفورنيا (CCPA) بما يلي: بيع أو مشاركة البيانات الشخصية للعميل؛ أو الاحتفاظ بها أو استخدامها أو الكشف عنها لأي غرض آخر غير الأغراض التجارية المحددة لأداء الخدمات أو أداء الالتزامات بموجب الاتفاقية، والتي تدرج في سياق العلاقة التجارية المباشرة بين الطرفين؛ أو دمج البيانات الشخصية للعميل مع البيانات الشخصية من أي مصدر آخر. لن تحتفظ HP ببيانات العميل الشخصية ولا بيانات العميل الشخصية التي تمت إزالة هويتها ولن تستخدمها لأي غرض آخر، بما في ذلك على سبيل المثال لا الحصر، أغراضها الخاصة أو إعادة التعريف أو الاستخدامات المستقلة عن التزامات HP. إلى الحد الذي ينطبق فيه قانون خصوصية المستهلك في كاليفورنيا (CCPA) على البيانات الشخصية للعميل، يجب على HP إخطار العميل إذا لم تتمكن من الوفاء بالتزاماتها بموجب قانون خصوصية المستهلك في كاليفورنيا (CCPA) فيما يتعلق بالبيانات الشخصية للعميل. وعلى الرغم مما سبق، يجوز لشركة HP معالجة البيانات الشخصية للعميل حسبما يقتضيه القانون المعمول به. وفي هذه الحالة، ستتخذ شركة HP خطوات معقولة لإبلاغ العميل بمثل هذا المطلب قبل أن تقوم HP بمعالجة البيانات، ما لم يحظر القانون هذا؛

3-1-2 ضمان أن الموظفين المخولين فقط الذين خضعوا للتدريب المناسب في حماية البيانات الشخصية ومعالجتها والذين لا بد أن يلتزموا باحترام سرية البيانات الشخصية للعملاء هم الذين يحق لهم الوصول إليها؛

3-1-3 تنفيذ التدابير التقنية والتنظيمية المناسبة للحماية من تدمير البيانات غير المصرح به أو غير القانوني أو فقدان أو التغيير أو الكشف غير المصرح به عن البيانات الشخصية للعميل أو الوصول إليها. تكون هذه التدابير مناسبة للضرر الذي قد ينجم عن أي معالجة غير مصرح بها أو غير قانونية، أو الفقد العرضي، أو التدمير، أو التلف، أو سرقة بيانات العميل الشخصية، مع مراعاة طبيعة البيانات الشخصية الخاصة به التي يجب حمايتها.

3-1-4 إخطار العملاء، دون تأخير لا مبرر له، وإلى الحد الذي يسمح به القانون، بأي طلبات من أصحاب البيانات الذين يسعون إلى ممارسة حقوقهم بموجب قوانين حماية البيانات والخصوصية المعمول بها، وبناءً على طلب مكتوب من العميل والتكلفة، مع مراعاة طبيعة المعالجة، ومساعدة العملاء من خلال تنفيذ التدابير الفنية والتنظيمية المناسبة، بقدر الإمكان، للمساعدة على التزام العملاء بالاستجابة لمثل هذه الطلبات.

3-1-5 بناءً على طلب مكتوب من العميل وعلى نفقته، ساعد العميل على الوفاء بالتزاماته، مع مراعاة طبيعة المعالجة والمعلومات المتاحة لشركة HP، بموجب المواد من 32 إلى 36 من القانون العام لحماية البيانات (GDPR) أو الأحكام المماثلة بموجب قوانين الخصوصية وحماية البيانات المعمول بها، لمساعدة العميل على الوفاء بالتزاماته بموجب قانون حماية المعلومات الشخصية (PIPL)؛ والالتزامات بموجب قانون حماية خصوصية المستهلك (CPR)؛

3-1-6 وبناءً على طلب مكتوب من العميل، يتم حذف أو إعادة أي بيانات شخصية للعميل بعد انتهاء توفير الخدمات، ما لم يتطلب القانون المعمول به تخزين البيانات الشخصية للعميل، وبناءً على اختيار HP بين حذف أو إرجاع البيانات الشخصية للعميل.

#### 4 المعالجة الفرعية

4-1 يفوض العميل HP لنقل البيانات الشخصية للعميل أو منح حق الوصول إلى بيانات العميل الشخصية لأعضاء مجموعة HP والأطراف الخارجية كجهات معالجة فرعية (والسماح لجهات المعالجة الفرعية بالقيام بذلك وفقًا للبند 4.1) لأغراض توفير الخدمات أو الأغراض الأخرى المحددة في قسم "أنشطة المعالجة" في المرفق 1 وتظل HP مسؤولة عن امتثال جهة المعالجة الفرعية لالتزامات ملحق معالجة البيانات هذا. تضمن HP أن أي جهات معالجة فرعية تقوم HP بنقل بيانات العميل الشخصية إليها، تبرم اتفاقيات مكتوبة مع HP تتطلب من جهات المعالجة الفرعية الالتزام بشروط لا تقل حماية عن تلك المنصوص عليها في ملحق معالجة البيانات هذا. توفر شركة HP للعميل القائمة الحالية لجهات المعالجة الفرعية للخدمات التي تغطيها اتفاقية الخدمة. <https://www.hp.com/us-en/privacy/sub-processor.html>

4-2 يمكن لشركة HP في أي وقت وبدون مبرر تعيين جهة معالجة فرعية جديدة بشرط أن يتم إعطاء العميل إشعاراً مسبقاً قبل عشرة (10) أيام وألا يعترض العميل من الناحية القانونية على مثل هذه التغييرات خلال هذا الإطار الزمني. لا بد أن تحتوي الاعتراضات المشروعة على أسباب معقولة وموثقة تتعلق بعدم امتثال جهة المعالجة الفرعية لقوانين حماية البيانات والخصوصية المعمول بها. إذا كانت هذه الاعتراضات المشروعة، في رأي شركة HP معقولة، فعلى HP الامتناع عن استخدام جهة المعالجة الفرعية المذكورة في سياق معالجة البيانات الشخصية للعميل. في مثل هذه الحالات، تبذل HP جهوداً معقولة من أجل: (1) إتاحة تغيير في خدمات HP للعميل أو (2) التوصية بتغيير تكوين العميل أو استخدام الخدمات لتجنب معالجة البيانات الشخصية للعميل من قبل جهة المعالجة الفرعية المُعترض عليها. إذا لم تتمكن HP من إتاحة هذا التغيير خلال فترة زمنية معقولة، لا تتجاوز تسعين (90) يوماً، فيجوز للعميل، من خلال تقديم إشعار مكتوب إلى HP، إنهاء الخدمة التي لا يمكن أن تقدمها HP دون استخدام جهة المعالجة الفرعية المُعترض عليها من خلال تقديم إشعار مكتوب إليها. حيثما ينطبق قانون حماية المعلومات الشخصية (PIPL)، يتعين على HP أن تطلب الإذن المسبق من العميل لتعيين معالج فرعي جديد. وعلى العميل الرد على طلب HP في غضون عشرة (10) أيام. إذا اعترض العميل على التغيير، فيتعين على HP الامتناع عن استخدام هذا المعالج الفرعي في سياق معالجة البيانات الشخصية للعميل. وفي مثل هذه الحالات، يجب أن تبذل HP جهوداً معقولة من أجل (1) إتاحة التغيير الحادث في خدمات HP للعميل أو (2) التوصية بتغيير تكوين العميل أو استخدام الخدمات لتجنب معالجة البيانات الشخصية للعميل من قبل إلى المعالج الفرعي المُعترض عليه. إذا لم تتمكن HP من توفير هذا التغيير في غضون فترة زمنية معقولة، والتي لا تتجاوز تسعين (90) يوماً، فسحق للعميل، من خلال تقديم إشعار كتابي إلى HP، إنهاء الخدمة التي لا يمكن أن تقدمها HP دون الاستعانة

بالمعالج الفرعي المعترض عليه من خلال تقديم إشعار كتابي إلى HP.

## 5 حوادث البيانات الشخصية

5-1 تُخطر HP العميل، دون تأخير لا مبرر له، إذا أصبحت HP على علم بأي حادث بيانات شخصية متعلق ببيانات العميل الشخصية وتتخذ الخطوات التي قد يطلبها العميل بشكل معقول، في غضون فترة زمنية معقولة، لمعالجة حادث البيانات الشخصية وتقديم المزيد من المعلومات التي قد يطلبها العميل بشكل معقول. تحتفظ HP بحق فرض رسوم إدارية على المساعدة المقدمة بموجب البند 5.1 هذا ما لم يثبت العميل أن هذه المساعدة مطلوبة بسبب عدم التزام HP بملحق معالجة البيانات المذكور.

## 6 عمليات النقل الدولية لبيانات العميل الشخصية

6-1 يجوز لشركة HP نقل البيانات الشخصية للعميل خارج البلد الذي تم جمع البيانات منه في الأصل بشرط أن يكون هذا النقل مطلوباً فيما يتعلق بالخدمات وأن تتم عمليات النقل هذه وفقاً لقوانين حماية البيانات والخصوصية المعمول بها، بما يشمل -على سبيل المثال لا الحصر- إكمال أي تقييمات سابقة مطلوبة بموجب قوانين حماية البيانات والخصوصية

## 6-2 الأحكام الخاصة بالاتحاد الأوروبي

6-2-1 إذا كان قابلاً للتطبيق بقدر ما يتم نقل البيانات الشخصية للعميل من بلد أوروبي إلى بلد ذي صلة، توفر HP آليات النقل المذكورة أدناه التي تنطبق، حسب ترتيب الأسبقية كما هو مبين في البند 2-2-6، على أي عمليات نقل من هذا القبيل وفقاً لقوانين حماية البيانات والخصوصية المعمول بها:

6-2-1-1 قواعد الشركة الملزمة لجهة معالجة بيانات HP: اعتمدت HP قواعد الشركة الملزمة لجهة المعالجة التي تغطي البيانات الشخصية للعميل التي تعالجها. تحافظ HP على قواعد الشركة الملزمة لجهة معالجة بيانات HP هذه وتخطر العميل فوراً في حال لم تعد قواعد الشركة الملزمة لجهة معالجة بيانات HP آلية نقل صالحة. تتوفر قواعد الشركة الملزمة لجهة معالجة بيانات HP على هذا الرابط: [https://www.hp.com/uk-en/bcr-pages.html?jumpid=in\\_R11928\\_us/en/corp/privacy-central/binding-corporate-rules](https://www.hp.com/uk-en/bcr-pages.html?jumpid=in_R11928_us/en/corp/privacy-central/binding-corporate-rules).

6-2-1-2 آلية الكفاية المعتمدة من الدول الأوروبية وأمريكا: تتم أي عملية نقل بموجب آلية الكفاية المعتمدة من نظام أوروبي أمريكي وفقاً لقواعد الآلية بما في ذلك، عند الاقتضاء، تسجيل أو اعتماد الشركة (الشركات) التابعة لشركة HP الموجودة في الولايات المتحدة الأمريكية، والتي ستقوم بمعالجة البيانات الشخصية للعميل لأغراض الخدمات.

6-2-1-3 البنود التعاقدية القياسية للاتحاد الأوروبي، سواء جهة مراقبة بيانات إلى جهة معالجة بيانات (الملحق 2) أو جهة معالجة بيانات إلى جهة معالجة بيانات (الملحق 3)، حسبما يقتضيه الحال.

6-2-2 في حالة تغطية الخدمات بأكثر من آلية نقل واحدة، يخضع نقل البيانات الشخصية للعميل لآلية نقل واحدة وفقاً لترتيب الأسبقية التالي: (1) قواعد الشركة الملزمة لجهة المعالجة من HP؛ (2) آلية الكفاية المعتمدة من الدول الأوروبية وأمريكا؛ (3) البنود التعاقدية القياسية للاتحاد الأوروبي.

## 6-3 الأحكام الخاصة بالمملكة المتحدة

6-3-1 إلى الحد الذي يتم فيه نقل البيانات الشخصية للعميل من المملكة المتحدة إلى بلد ذي صلة، يجب تطبيق آلية النقل المذكورة في الملحق 4.

## 6-4 الأحكام الخاصة بالأرجنتين

6-4-1 إلى الحد الذي يتم فيه نقل البيانات الشخصية للعميل من الأرجنتين إلى بلد ذي صلة، يجب تطبيق آلية النقل المُشار إليها في الملحق 5.

## 6-5 أحكام خاصة بالصين

6-5-1 إلى الحد الذي يتم فيه نقل أي بيانات شخصية خاصة بالعميل يتم جمعها أو إنشاؤها داخل الصين من جمهورية الصين الشعبية بواسطة شركة HP إلى دولة أو منطقة خارج الصين، توفر شركة HP آلية النقل المذكورة أدناه:

6-5-1-1 العقد القياسي (الملحق 6): يجب على العميل إبرام عقد قياسي منشور من قِبل مركز التحكم في الوصول، مع مستلم البيانات الشخصية للعميل.

6-5-2 عندما تقوم وحدة التحكم في البيانات بنقل البيانات الشخصية من جمهورية الصين الشعبية إلى معالج البيانات في بلد أو منطقة خارج الصين، تكون وحدة التحكم في البيانات مسؤولة عن الحصول على موافقة أصحاب البيانات على ذلك النقل.

## 6-6 الأحكام الخاصة بالبرازيل

6-6-1 إلى الحد الذي يتم فيه نقل البيانات الشخصية للعميل من البرازيل إلى بلد ذي صلة، يجب أن تتم عمليات النقل هذه فقط وفقًا لإحدى الآليات المذكورة أدناه حسب ترتيب الأولوية:

6-6-1-1 إن أمكن، فيما يلي قواعد الشركة الملزمة لمعالج HP: اعتمدت شركة HP قواعد شركة ملزمة للمعالج تغطي بيانات العملاء الشخصية التي تعالجها. يجب على شركة HP الحفاظ على قواعد الشركة الملزمة لمعالج HP وإخطار العميل على الفور في حالة عدم كون قواعد الشركة الملزمة لمعالج HP آلية نقل صالحة.

6-6-1-2 البنود التعاقدية القياسية البرازيلية (الملحق 7).

## 6-7 الأحكام الخاصة بالمملكة العربية السعودية

6-7-1 إلى الحد الذي يتم فيه نقل البيانات الشخصية للعميل من المملكة العربية السعودية إلى بلد ذي صلة، يجب تطبيق آليات النقل المُشار إليها في الملحق 8 (من مسؤول البيانات إلى معالج البيانات) أو الملحق 9 (من معالج البيانات إلى معالج البيانات).

## 7 عمليات المراجعة

7-1 بناءً على طلب مكتوب من العميل، لا بد أن توفر HP للعميل جميع المعلومات اللازمة لإثبات الامتثال للالتزامات المنصوص عليها بموجب قوانين حماية البيانات والخصوصية المعمول بها، شريطة ألا يكون على HP أي التزام بتقديم معلومات سرية من الناحية التجارية. على أساس سنوي كحد أقصى وعلى نفقة العميل، تلتزم HP بالسماح بالمزيد من عمليات التدقيق والتفتيش ومساهمة العميل فيها أو مدقق الطرف الآخر الذي لا يكون منافسًا لـ HP. يتفق الطرفان على نطاق أي عمليات تدقيق من هذا القبيل، ومن بينها شروط السرية، قبل البدء فيها. لضمان أن يكون للعميل الحق في اتخاذ خطوات معقولة ومناسبة لوقف ومعالجة أي استخدام غير مصرح به للبيانات الشخصية للعميل من قبل HP، سيؤكد الطرفان ويطوران خطة معالجة معتمدة بشكل متبادل عند الضرورة لمعالجة أي نتائج تدقيق تشير إلى هذا الاستخدام غير المصرح به للبيانات الشخصية للعميل.

## المرفق 1

### تفاصيل عملية المعالجة

يجوز لشركة HP تحديث هذا المرفق 1 دوريًا لتعكس التغييرات في أنشطة المعالجة.

### فئات أصحاب البيانات

- موظفو العميل وكلاء العملاء والمقاولون من الباطن.

### أنواع البيانات الشخصية

تُحدد البيانات الشخصية للعميل والتي تعالجها HP فيما يتعلق بتوفير HP للخدمات وتحكم العميل فيها بصفته جهة مراقبة بيانات ووفقًا لبيان العمل و/ أو أوامر الشراء/ التغيير المعمول بها، ولكن يمكن أن تتضمن أمثلة ما يلي:

- بيانات الاتصال - مثل الاسم أو رقم الهاتف المهني أو الشخصي أو عنوان البريد الإلكتروني المهني أو الشخصي وعنوان المكتب المهني؛
- بيانات اعتماد الأمان - مثل تعريف الموظف أو رقم الشارة؛
- بيانات استخدام المنتج - مثل الصفحات المطبوعة، وأنواع الأجهزة التي بدأت مهام الطباعة، ووضع الطباعة، والوسائط المستخدمة، والحبر أو العلامة التجارية للحبر، ونوع الملف المطبوع (pdf، jpg)، وما إلى ذلك)، والتطبيق المستخدم للطباعة Word ("وورد"، Excel "إكسل"، Photoshop Adobe "أدوبي فوتوشوب"، وما إلى ذلك)، وحجم الملف، والطابع الزمني، واستخدام لوازم الطباعة وحالتها؛
- بيانات الأداء - طباعة الأحداث والميزات والتنبيهات المستخدمة مثل تحذيرات "مستوى الحبر السائل منخفض" واستخدام بطاقات الصور والفاكس والمسح الضوئي وخادم الويب المضمن والمعلومات الفنية الإضافية التي تختلف حسب المنتج؛
- بيانات الجهاز - معلومات حول أجهزة الكمبيوتر والطابعات و/ أو الأجهزة مثل نظام التشغيل، ومقدار الذاكرة، والمنطقة، واللغة، والمنطقة الزمنية، ورقم الطراز، وتاريخ البدء الأول، وعمر الجهاز، وتاريخ تصنيع الجهاز، وإصدار المتصفح، والشركة المصنعة للكمبيوتر، ومنفذ الاتصال، وحالة الضمان، ومعرفات الجهاز الفريدة، ومعرفات الإعلانات والمعلومات التقنية الإضافية التي تختلف حسب المنتج؛
- بيانات التطبيق - المعلومات المتعلقة بتطبيقات HP مثل الموقع واللغة وإصدارات البرامج وخيارات مشاركة البيانات وتفاصيل التحديث؛ و
- البيانات الشخصية الأخرى التي يقدمها صاحب البيانات عندما يتفاعل شخصيًا أو عبر الإنترنت أو عبر الهاتف أو البريد مع مراكز الخدمة أو مكاتب المساعدة أو قنوات دعم العملاء الأخرى لتسهيل تقديم خدمات HP والرد على استفسارات العميل و/ أو صاحب البيانات؛ أو (2) على الأجهزة التي تسلمتها شركة HP.

لن تعالج شركة HP البيانات الشخصية للعميل لأغراض الإعلان لجهات خارجية أو التسويق المباشر أو إنشاء الملفات الشخصية أو البحث إلا في الحالات التي تكون فيها هذه المعالجة (أ) ضرورية للامتثال لتعليمات العميل أو (ب) جزءًا من منتجات وخدمات HP التي يطلبها العميل.

### أنشطة عملية المعالجة

تستخدم HP البيانات الشخصية للعميل التي تتم معالجتها فيما يتعلق باتفاقية الخدمات لإدارة العلاقة مع العميل وتقديم الخدمات له. يجوز لشركة HP معالجة البيانات الشخصية للعميل من أجل:

- تقديم خدمات إدارة الأسطول مثل إدارة خدمات الطباعة والأجهزة كخدمة؛
- الحفاظ على بيانات اتصال وتسجيل دقيقة لتقديم خدمات دعم وصيانة شاملة، بما في ذلك حزمة الرعاية والدعم الموسع للضمانات وتسهيل عمليات الإصلاح والإرجاع؛

- تسهيل الوصول إلى بوابات عرض وإدارة البيانات، وإدارة الأجهزة، وطلب وإكمال الطلبات للمنتجات أو الخدمات، لأغراض إدارة الحسابات وترتيب الشحنات والتسليمات؛
- تحسين أداء وتشغيل المنتجات والحلول والخدمات والدعم، بما في ذلك دعم الضمان وتحديثات البرامج الثابتة والبرمجيات في الوقت المناسب والتنبيهات لضمان استمرار تشغيل الجهاز أو الخدمة؛
- توفير اتصالات إدارية للعميل حول الخدمات. قد تتضمن أمثلة الاتصالات الإدارية الردود على استفسارات العملاء أو طلباتهم، أو استخدام المنتج أو تقارير الأداء، أو إكمال الخدمة أو الاتصالات المتعلقة بالضمان، أو إشعارات استدعاء الأمان، أو تحديثات الشركات المعمول بها المتعلقة بعمليات الاندماج أو الاستحواذ أو بيع الأصول؛
- الحفاظ على سلامة وأمان مواقع HP ومنتجاتها وميزاتها وخدماتها ومنع وكشف التهديدات الأمنية أو الاحتيال أو أي نشاط إجرامي أو ضار آخر قد يعرض معلومات العميل للخطر؛

**EU STANDARD CONTRACTUAL CLAUSES (DATA CONTROLLER TO DATA  
PROCESSOR)**

**SECTION I**

*Clause 1*

**Purpose and scope**

(a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) for the transfer of personal data to a third country.

(b) The Parties:

- (i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter 'entity/ies') transferring the personal data, as listed in Annex I.A (hereinafter each 'data exporter'), and

(ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each 'data importer')

have agreed to these standard contractual clauses (hereinafter: 'Clauses').

(c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.

(d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

## *Clause 2*

### **Effect and invariability of the Clauses**

(a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.

(b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

## *Clause 3*

### **Third-party beneficiaries**

(a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:

(i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;

(ii) Clause 8 – Clause 8.1(b), 8.9(a), (c), (d) and (e);

(iii) Clause 9 – Clause 9(a), (c), (d) and (e);

(iv) Clause 12 – Clause 12(a), (d) and (f);

(v) Clause 13;

(vi) Clause 15.1(c), (d) and (e);

(vii) Clause 16(e);

(viii) Clause 18 – Clause 18(a) and (b).

(b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

*Clause 4*

### **Interpretation**

(a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.

(b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.

(c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

*Clause 5*

### **Hierarchy**

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

*Clause 6*

### **Description of the transfer(s)**

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

## **SECTION II – OBLIGATIONS OF THE PARTIES**

*Clause 8*

### **Data protection safeguards**

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

#### **8.1 Instructions**

(a) The data importer shall process the personal data only on documented instructions from the data exporter. The data exporter may give such instructions throughout the duration of the contract.

(b) The data importer shall immediately inform the data exporter if it is unable to follow those instructions.

## **8.2 Purpose limitation**

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B, unless on further instructions from the data exporter.

## **8.3 Transparency**

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including the measures described in Annex II and personal data, the data exporter may redact part of the text of the Appendix to these Clauses prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand the its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information. This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

## **8.4 Accuracy**

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

## **8.5 Duration of processing and erasure or return of data**

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

## **8.6 Security of processing**

- (a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.
- (b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.
- (c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.
- (d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

## **8.7 Sensitive data**

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B.

## **8.8 Onward transfers**

The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

- (a) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;
- (b) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;
- (c) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (d) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

## **8.9 Documentation and compliance**

- (a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.
- (b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.
- (c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.

- (d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.
- (e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

#### *Clause 9*

### *Use of sub-processors*

- (a) **GENERAL WRITTEN AUTHORISATION** The data importer has the data exporter's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the data exporter in writing of any intended changes to that list through the addition or replacement of sub-processors at least 90 days in advance, thereby giving the data exporter sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the data exporter with the information necessary to enable the data exporter to exercise its right to object.
- (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.
- (c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.
- (d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.
- (e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate

the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

#### *Clause 10*

##### **Data subject rights**

- (a) The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorised to do so by the data exporter.
- (b) The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.
- (c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

#### *Clause 11*

##### **Redress**

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.
- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.
- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:
  - (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
  - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.

- (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
- (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

## *Clause 12*

### **Liability**

- (a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.
- (b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.
- (c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.
- (d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.
- (e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.
- (g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

## *Clause 13*

## *Supervision*

- (a) Where the data exporter is established in an EU Member State: The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

## **SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES**

### *Clause 14*

### **Local laws and practices affecting compliance with the Clauses**

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to

safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.

- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
  - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
  - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
  - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).
- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If

the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

## *Clause 15*

### *Obligations of the data importer in case of access by public authorities*

#### *15.1 Notification*

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary, with the help of the data exporter) if it:
  - (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
  - (ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.
- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).
- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

#### *15.2 Review of legality and data minimisation*

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

## **SECTION IV – FINAL PROVISIONS**

### *Clause 16*

#### ***Non-compliance with the Clauses and termination***

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
  - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
  - (ii) the data importer is in substantial or persistent breach of these Clauses; or

- (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

#### *Clause 17*

### **Governing law**

These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of France.

#### *Clause 18*

### **Choice of forum and jurisdiction**

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.
- (b) The Parties agree that those shall be the courts of France.
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.

(d) The Parties agree to submit themselves to the jurisdiction of such courts.

## ANNEX II

### TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

To protect Customer data, HP abides by a robust set of information security controls including policies, practices, procedures, and organizational structures to safeguard the confidentiality, integrity, and availability of its own and its customers' information (including Personal Data as defined in HP's Customer and Data Processing Addenda). The following sets forth an overview of HP's technical/organizational security measures throughout the company.

#### 1. Security Policy

HP maintains globally applicable policies, standards, and procedures intended to protect HP and Customer data. The detail of HP's security policies is confidential to protect the integrity of HP's data and systems. However, summaries of our key policies are included below.

#### 2. Information Security Organization

HP's Information Security program is designed to direct and maintain the organization's information security strategy and controls. This system ensures enterprise-wide compliance with HP's security policies and controls, as well as adherence to the security requirements of its customers. Structured in alignment with industry-standard cybersecurity frameworks, laws, and regulations, the Framework is reviewed annually to adapt to HP's evolving threat landscape.

#### 3. Cybersecurity Risk Management

HP's cybersecurity risk management program is designed to preserve the

confidentiality, integrity, and availability of its information assets. The program provides a consistent approach to identifying, assessing, prioritizing, treating, remedying, tracking, and reporting cybersecurity risks. HP defines its Risk Appetite as the acceptable level of loss exposure and Risk Tolerance as the degree of variance from this appetite. Risks are evaluated using a defined methodology, enabling HP to mitigate information security risks to an acceptable level. This program aligns with HP's Enterprise Risk Management process.

#### **4. HR Security**

HP Human Resource Security policy ensures information security throughout the employee lifecycle by establishing processes for access to facilities, information systems, and other assets. This includes obtaining written acknowledgments through confidentiality and non-disclosure agreements, as well as conducting background screening procedures. All candidates for employment with HP must complete a background verification check in accordance with relevant laws, regulations, and ethics.

#### **5. Asset Management**

HP has a process for identifying technical information assets, categorizing critical assets, and maintaining documented handling procedures for each information classification type, including those containing Personal Data. These procedures cover storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification. HP security policies and standards also mandate the secure disposal of media.

#### **6. Data Security**

HP's Data Security program outlines the security practices and technical controls that must be implemented to protect the confidentiality, authenticity, and integrity of data. Legal requirements, value, criticality, and sensitivity to unauthorized disclosure or modification are a few of the factors that determine how information is classified under HP's Data Security policy. In addition to data handling procedures, the policy outlines data encryption, deletion, collection and processing, retention, backup, and data loss prevention.

#### **7. Access Control**

HP employs the principle of least privilege for logical access control, providing user access through unique user IDs and passwords. The password policy defines complexity, strength, validity, and password-history controls. Access rights are periodically reviewed and revoked upon personnel departure. Agreed-upon procedures for user account creation and deletion are implemented to grant and revoke access to client systems during engagements.

#### **8. Cryptography**

HP has defined a set of robust processes for cryptography to ensure the confidentiality, integrity, and availability of information assets. Approved

protocols require encryption for certain assets, including those that contain personal data. Our Cryptography program involves the use of mathematical techniques to secure information and communications, ensuring that only authorized parties can access the data. A critical component of HP's information security program is protecting data from unauthorized access and tampering.

#### **9. Physical and Environmental Security**

HP facilities are secured using various physical and electronic access controls, including security guards, electronic access control, and closed-circuit television (CCTV). Facilities are also equipped with necessary infrastructure support, including temperature control and power backups, using UPS and/or diesel generators to support critical services. All HP personnel are registered and required to carry appropriate identification badges.

#### **10. Operations Management**

HP has established minimum hardening requirements for technology infrastructure, including workstations, servers, and network equipment. These devices use pre-hardened operating system images, with requirements varying by operating system and implemented controls. Additionally, HP has deployed Network Intrusion Detection/Prevention Systems (NIDS/NIPS) that are monitored and managed 24/7.

#### **11. Communications Security**

Communications Security ensures the protection of information within corporate networks. This includes the installation and management of network security components (e.g., firewalls), segregation of networks, as well as web filtering and email handling controls. Additionally, it involves monitoring and managing communication channels to detect and prevent unauthorized access or data breaches.

#### **12. Systems Security**

HP's policy mandates a secure development methodology for systems and software throughout their lifecycle. The Software Development Lifecycle covers initiation, development/acquisition, implementation, operations, and disposal. All system components are evaluated for their impact on overall security. HP has established controls for application service transactions, including user credential validation, digital signatures, encryption, secure communication protocols, and storing transaction details within the appropriate network security zone. Regular internal vulnerability scans are also performed.

#### **13. Third Parties and Subcontractors**

HP has processes in place to select sub-contractors who comply with comprehensive contractual security requirements. For applicable suppliers handling HP or customer data, or accessing the HP network, HP Cybersecurity conducts a risk assessment to verify an information security program with

physical, technical, and administrative safeguards. This assessment is required before the supplier can access HP information.

#### **14. Information Security Incident Management**

HP has a comprehensive Cyber Incident Management Process that outlines purpose, scope, roles, responsibilities, management commitment, organizational coordination, implementation procedures, and compliance checking. This process is reviewed and updated annually. The Cyber Incident Response Team, including HP Cybersecurity personnel trained in incident response and crisis management, conducts regular tabletop reviews of the process and any incidents or events.

#### **15. Business Continuity Management**

HP's global Continuity of Operations program ensures end-to-end continuity through collaborative, standardized, and documented planning processes. The company periodically exercises its business continuity plans to ensure effectiveness, testing and updating all plans at least yearly. Additionally, all personnel involved in the business continuity plan receive proper training.

#### **16. Compliance**

Compliance shapes HP's approach to meeting legal, contractual, and internal expectations for an effective information security program. Regular information security reviews ensure protocols are integrated into each business group's operations. The review process also keeps documents updated to reflect current legal obligations as requirements evolve.

#### **17. Payment Card Industry**

The Payment Card Industry (PCI) framework guides HP's approach to achieving PCI Compliance, outlining business responsibilities and security controls aligned with PCI DSS. By installing and maintaining network security controls like firewalls, HP ensures it meets PCI Compliance requirements.

#### **18. HP Product Security**

HP Product Security encompasses essential practices to secure HP Products, such as code signing, managing product security vulnerabilities, issuing security bulletins, and reporting product security issues. These measures ensure that HP products remain secure and reliable for users. Product security is of paramount importance at HP, as it helps maintain customer trust and protects against potential threats.

#### **19. HP Service Security**

HP Service Security encompasses essential practices to secure the services provided to HP customers. This policy addresses various areas of service security, including HP infrastructure hosted, third-party hosted, partner hosted, and customer hosted environments. These measures ensure that HP services remain secure and reliable for users. By implementing robust security practices, HP ensures the safety and integrity of its products and services, fostering a secure and trustworthy

environment for all users.

*For transfers to (sub-) processors, also describe the specific technical and organisational measures to be taken by the (sub-) processor to be able to provide assistance to the controller and, for transfers from a processor to a sub-processor, to the data exporter*

Sub-processors only process: name, business email address, business phone number, business address. The purpose of transferring this data is to complete the contract.

For HP all of the above technical and organizational measures are flowed down to the sub-processors through the partner code of conduct and contract terms. Sub-processors are required to commit to following HP's requirements.

**EU STANDARD CONTRACTUAL CLAUSES (DATA PROCESSOR TO DATA PROCESSORS)**

**SECTION I**

*Clause 1*

**Purpose and scope**

- (a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) <https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32021D0914&from=EN> - [ntr1-L 2021199EN.01003701-E0001](https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32021D0914&from=EN) for the transfer of personal data to a third country.
- (b) The Parties:
- (i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter 'entity/ies') transferring the personal data, as listed in Annex I.A (hereinafter each 'data exporter'), and
  - (ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each 'data importer')
- have agreed to these standard contractual clauses (hereinafter: 'Clauses').
- (c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.
- (d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

## *Clause 2*

### ***Effect and invariability of the Clauses***

- (a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.
- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

## *Clause 3*

### ***Third-party beneficiaries***

- (a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:
- (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;
  - (ii) Clause 8 – Clause 8.1(a), (c) and (d) and Clause 8.9(a), (c), (d), (e), (f) and (g);
  - (iii) Clause 9 – Clause 9(a), (c), (d) and (e);
  - (iv) Clause 12 – Clause 12(a), (d) and (f);
  - (v) Clause 13;
  - (vi) Clause 15.1(c), (d) and (e);
  - (vii) Clause 16(e);
  - (viii) Clause 18 – Clause 18(a) and (b).
- (b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

## *Clause 4*

### ***Interpretation***

- (a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.

- (b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.
- (c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

#### *Clause 5*

### **Hierarchy**

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

#### *Clause 6*

### **Description of the transfer(s)**

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

## **SECTION II – OBLIGATIONS OF THE PARTIES**

#### *Clause 8*

### **Data protection safeguards**

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

#### **8.1 Instructions**

- (a) The data exporter has informed the data importer that it acts as processor under the instructions of its controller(s), which the data exporter shall make available to the data importer prior to processing.
- (b) The data importer shall process the personal data only on documented instructions from the controller, as communicated to the data importer by the data exporter, and any additional documented instructions from the data exporter. Such additional instructions shall not conflict with the instructions from the controller. The controller or data exporter may give further documented instructions regarding the data processing throughout the duration of the contract.
- (c) The data importer shall immediately inform the data exporter if it is unable to follow those instructions. Where the data importer is unable to follow the instructions from the controller, the data exporter shall immediately notify the controller.

- (d) The data exporter warrants that it has imposed the same data protection obligations on the data importer as set out in the contract or other legal act under Union or Member State law between the controller and the data exporter.

## **8.2 Purpose limitation**

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B., unless on further instructions from the controller, as communicated to the data importer by the data exporter, or from the data exporter.

## **8.3 Transparency**

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including personal data, the data exporter may redact part of the text of the Appendix prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information.

## **8.4 Accuracy**

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to rectify or erase the data.

## **8.5 Duration of processing and erasure or return of data**

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the controller and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

## **8.6 Security of processing**

- (a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, they shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subject. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter or the controller. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.
- (b) The data importer shall grant access to the data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.
- (c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify, without undue delay, the data exporter and, where appropriate and feasible, the controller after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the data breach, including measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.
- (d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify its controller so that the latter may in turn notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

## 8.7 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards set out in Annex I.B.

## 8.8 Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the controller, as communicated to the data importer by the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union <https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32021D0914&from=EN-ntr6-L-2021199EN.01003701-E0006> (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

- (i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;
- (ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 of Regulation (EU) 2016/679;
- (iii) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (iv) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

## 8.9 Documentation and compliance

- (a) The data importer shall promptly and adequately deal with enquiries from the data exporter or the controller that relate to the processing under these Clauses.
- (b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the controller.
- (c) The data importer shall make all information necessary to demonstrate compliance with the obligations set out in these Clauses available to the data exporter, which shall provide it to the controller.

- (d) The data importer shall allow for and contribute to audits by the data exporter of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. The same shall apply where the data exporter requests an audit on instructions of the controller. In deciding on an audit, the data exporter may take into account relevant certifications held by the data importer.
- (e) Where the audit is carried out on the instructions of the controller, the data exporter shall make the results available to the controller.
- (f) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.
- (g) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

#### *Clause 9*

#### *Use of sub-processors*

- (a) **GENERAL WRITTEN AUTHORISATION** The data importer has the controller's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the controller in writing of any intended changes to that list through the addition or replacement of sub-processors at least 10 days in advance, thereby giving the controller sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the controller with the information necessary to enable the controller to exercise its right to object. The data importer shall inform the data exporter of the engagement of the sub-processor(s).
- (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the controller), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.
- (c) The data importer shall provide, at the data exporter's or controller's request, a copy of such a sub-processor agreement and any subsequent amendments. To the extent necessary to protect business secrets or other confidential information, including

personal data, the data importer may redact the text of the agreement prior to sharing a copy.

- (d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.
- (e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

#### *Clause 10*

### **Data subject rights**

- (a) The data importer shall promptly notify the data exporter and, where appropriate, the controller of any request it has received from a data subject, without responding to that request unless it has been authorised to do so by the controller.
- (b) The data importer shall assist, where appropriate in cooperation with the data exporter, the controller in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.
- (c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the controller, as communicated by the data exporter.

#### *Clause 11*

### **Redress**

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.
- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue

amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.

- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:
  - (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
  - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.
- (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
- (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

## *Clause 12*

### **Liability**

- (a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.
- (b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.
- (c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.
- (d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.

- (e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.
- (g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

### *Clause 13*

## **Supervision**

- (a) Where the data exporter is established in an EU Member State: The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

## **SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES**

### *Clause 14*

#### ***Local laws and practices affecting compliance with the Clauses***

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
  - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
  - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
  - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it

is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a). The data exporter shall forward the notification to the controller.

- (A) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation, if appropriate in consultation with the controller. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the controller or the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

## *Clause 15*

### ***Obligations of the data importer in case of access by public authorities***

#### ***15.1 Notification***

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:
- (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the basis for the request and the response provided; or
  - (i) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.

The data exporter shall forward the notification to the controller.

- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as

much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.

- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.). The data exporter shall forward the information to the controller.
- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

## **15.2 Review of legality and data minimisation**

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request. The data exporter shall make the assessment available to the controller.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

## **SECTION IV – FINAL PROVISIONS**

### *Non-compliance with the Clauses and termination*

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(F).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
  - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
  - (ii) the data importer is in substantial or persistent breach of these Clauses; or
  - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority and the controller of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

## *Clause 17*

### **Governing law**

*These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of France.*

## *Clause 18*

### **Choice of forum and jurisdiction**

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.*
- (b) The Parties agree that those shall be the courts of France.*
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.*
- (d) The Parties agree to submit themselves to the jurisdiction of such courts.*

#### **A. LIST OF PARTIES**

*Data exporter(s): [Identity and contact details of the data exporter(s) and, where applicable, of its/their data protection officer and/or representative in the European Union]*

*Name: See Customer's name in the Agreement*

*Address: See Customer's address in the Agreement*

*Contact person's name, position and contact details: See Customer's contact person's name, position and contact details in the Agreement*

*Activities relevant to the data transferred under these Clauses: Same as the Agreement*

*Signature and date: Same as the Agreement*

*Role (controller/processor): Processor*

*Data importer(s): [Identity and contact details of the data importer(s), including any contact person with responsibility for data protection]*

*Name: See HP's name in the Agreement*

*Address: See HP's address in the Agreement*

*Contact person's name, position and contact details: Nestor Rivera, SVP and Deputy General Counsel, Trust and Privacy, <https://www.hp.com/us-en/privacy/ww-privacy-form.html>*

## **B. DESCRIPTION OF TRANSFER**

*Categories of data subjects whose personal data is transferred*

*See Attachment 1*

*Categories of personal data transferred*

*See Attachment 1.*

*Sensitive data transferred (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.*

*See attachment 1.*

*The frequency of the transfer (e.g. whether the data is transferred on a one-off or continuous basis).*

*See attachment 1.*

*Nature of the processing*

*See Attachment 1.*

*Purpose(s) of the data transfer and further processing*

*See attachment 1.*

*The period for which the personal data will be retained, or, if that is not possible, the criteria used to determine that period*

See Agreement and DPA.

*For transfers to (sub-) processors, also specify subject matter, nature and duration of the processing*

Subject matter: See Agreement 1.

Nature: See Agreement 1.

Duration of the processing: As long as the contract is in effect.

## ANNEX II

### TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

To protect Customer data, HP abides by a robust set of information security controls including policies, practices, procedures, and organizational structures to safeguard the confidentiality, integrity, and availability of its own and its customers' information (including Personal Data as defined in HP's Customer and Data Processing Addenda). The following sets forth an overview of HP's technical/organizational security measures throughout the company.

#### 1. Security Policy

HP maintains globally applicable policies, standards, and procedures intended to protect HP and Customer data. The detail of HP's security policies is confidential to protect the integrity of HP's data and systems. However, summaries of our key policies are included below:

#### 2. Information Security Organization

HP's Information Security program is designed to direct and maintain the organization's information security strategy and controls. This system ensures enterprise-wide compliance with HP's security policies and controls, as well as adherence to the security requirements of its customers. Structured in alignment with industry-standard cybersecurity frameworks, laws, and regulations, the Framework is reviewed annually to adapt to HP's evolving threat landscape.

#### 3. Cybersecurity Risk Management

HP's cybersecurity risk management program is designed to preserve the confidentiality, integrity, and availability of its information assets. The program provides a consistent approach to identifying, assessing, prioritizing, treating, remediating, tracking, and reporting cybersecurity risks. HP defines its Risk Appetite as the acceptable level of loss exposure and Risk Tolerance as the degree of variance from this appetite. Risks are evaluated using a defined methodology, enabling HP to mitigate information security risks to an acceptable level. This program aligns with HP's Enterprise Risk Management process.

#### **4. HR Security**

HP Human Resource Security policy ensures information security throughout the employee lifecycle by establishing processes for access to facilities, information systems, and other assets. This includes obtaining written acknowledgments through confidentiality and non-disclosure agreements, as well as conducting background screening procedures. All candidates for employment with HP must complete a background verification check in accordance with relevant laws, regulations, and ethics.

#### **5. Asset Management**

HP has a process for identifying technical information assets, categorizing critical assets, and maintaining documented handling procedures for each information classification type, including those containing Personal Data. These procedures cover storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification. HP security policies and standards also mandate the secure disposal of media.

#### **6. Data Security**

HP's Data Security program outlines the security practices and technical controls that must be implemented to protect the confidentiality, authenticity, and integrity of data. Legal requirements, value, criticality, and sensitivity to unauthorized disclosure or modification are a few of the factors that determine how information is classified under HP's Data Security policy. In addition to data handling procedures, the policy outlines data encryption, deletion, collection and processing, retention, backup, and data loss prevention.

#### **7. Access Control**

HP employs the principle of least privilege for logical access control, providing user access through unique user IDs and passwords. The password policy defines complexity, strength, validity, and password-history controls. Access rights are periodically reviewed and revoked upon personnel departure. Agreed-upon procedures for user account creation and deletion are implemented to grant and revoke access to client systems during engagements.

#### **8. Cryptography**

HP has defined a set of robust processes for cryptography to ensure the confidentiality, integrity, and availability of information assets. Approved protocols require encryption for certain assets, including those that contain personal data. Our Cryptography program involves the use of mathematical techniques to secure information and communications, ensuring that only authorized parties can access the data. A critical component of HP's information security program is protecting data from unauthorized access and tampering.

#### **9. Physical and Environmental Security**

HP facilities are secured using various physical and electronic access controls,

including security guards, electronic access control, and closed-circuit television (CCTV). Facilities are also equipped with necessary infrastructure support, including temperature control and power backups, using UPS and/or diesel generators to support critical services. All HP personnel are registered and required to carry appropriate identification badges.

#### **10. Operations Management**

HP has established minimum hardening requirements for technology infrastructure, including workstations, servers, and network equipment. These devices use pre-hardened operating system images, with requirements varying by operating system and implemented controls. Additionally, HP has deployed Network Intrusion Detection/Prevention Systems (NIDS/NIPS) that are monitored and managed 24/7.

#### **11. Communications Security**

Communications Security ensures the protection of information within corporate networks. This includes the installation and management of network security components (e.g., firewalls), segregation of networks, as well as web filtering and email handling controls. Additionally, it involves monitoring and managing communication channels to detect and prevent unauthorized access or data breaches.

#### **12. Systems Security**

HP's policy mandates a secure development methodology for systems and software throughout their lifecycle. The Software Development Lifecycle covers initiation, development/acquisition, implementation, operations, and disposal. All system components are evaluated for their impact on overall security. HP has established controls for application service transactions, including user credential validation, digital signatures, encryption, secure communication protocols, and storing transaction details within the appropriate network security zone. Regular internal vulnerability scans are also performed.

#### **13. Third Parties and Subcontractors**

HP has processes in place to select sub-contractors who comply with comprehensive contractual security requirements. For applicable suppliers handling HP or customer data, or accessing the HP network, HP Cybersecurity conducts a risk assessment to verify an information security program with physical, technical, and administrative safeguards. This assessment is required before the supplier can access HP information.

#### **14. Information Security Incident Management**

HP has a comprehensive Cyber Incident Management Process that outlines purpose, scope, roles, responsibilities, management commitment, organizational coordination, implementation procedures, and compliance checking. This process is reviewed and updated annually. The Cyber Incident Response Team, including

HP Cybersecurity personnel trained in incident response and crisis management, conducts regular tabletop reviews of the process and any incidents or events.

#### **15. Business Continuity Management**

HP's global Continuity of Operations program ensures end-to-end continuity through collaborative, standardized, and documented planning processes. The company periodically exercises its business continuity plans to ensure effectiveness, testing and updating all plans at least yearly. Additionally, all personnel involved in the business continuity plan receive proper training.

#### **16. Compliance**

Compliance shapes HP's approach to meeting legal, contractual, and internal expectations for an effective information security program. Regular information security reviews ensure protocols are integrated into each business group's operations. The review process also keeps documents updated to reflect current legal obligations as requirements evolve.

#### **17. Payment Card Industry**

The Payment Card Industry (PCI) framework guides HP's approach to achieving PCI Compliance, outlining business responsibilities and security controls aligned with PCI DSS. By installing and maintaining network security controls like firewalls, HP ensures it meets PCI Compliance requirements.

#### **18. HP Product Security**

HP Product Security encompasses essential practices to secure HP Products, such as code signing, managing product security vulnerabilities, issuing security bulletins, and reporting product security issues. These measures ensure that HP products remain secure and reliable for users. Product security is of paramount importance at HP, as it helps maintain customer trust and protects against potential threats.

#### **19. HP Service Security**

HP Service Security encompasses essential practices to secure the services provided to HP customers. This policy addresses various areas of service security, including HP infrastructure hosted, third-party hosted, partner hosted, and customer hosted environments. These measures ensure that HP services remain secure and reliable for users. By implementing robust security practices, HP ensures the safety and integrity of its products and services, fostering a secure and trustworthy environment for all users.

*For transfers to (sub-) processors, also describe the specific technical and organisational measures to be taken by the (sub-) processor to be able to provide assistance to the controller and, for transfers from a processor to a sub-processor, to the data exporter*

Sub-processors only process: name, business email address, business phone number, business address. The purpose of transferring this data is to complete the contract.

For HP all of the above technical and organizational measures are flowed down to the sub-processors through the partner code of conduct and contract terms. Sub-processors are required to commit to following HP's requirements.

| <b>Security of Transmission</b> | <p>HP has defined controls for the protection of application service transactions. These controls include: validating and verifying user credentials, mandating digital signatures and encryption, implementing secure communication protocols, storing online transaction details on servers within the appropriate network security zone.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Security of Storage</b>      | <p>HP's cybersecurity department/organization and HP's legal department maintain a set of documented handling procedures for each information classification type and work along with department in charge of Data Privacy for any pertinent matters. Handling procedures account for: storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification.</p> <p>HP Information Technology have a process in place for identifying technical information assets. HP identifies all assets under its responsibility, categorizing the critical assets. A record of information assets and systems that are both HP-owned and externally managed by service providers is maintained. Documented processes for server decommissioning, orphaned and legacy media are also implemented to ensure proper management and disposition of non-removable media.</p> |

| <p><b>Security of Processing</b></p>           | <p>By policy, development of systems and supporting software within HP follow a secure development methodology to ensure security throughout the system/software lifecycle. The Software Development Lifecycle defines initiation, development/acquisition, implementation, operations, and disposal requirements. All system components, which include modules, libraries, services, and discrete components, are evaluated to determine their impact on the overall system security state.</p> <p>HP implements logging mechanisms for system applications and devices. HP has developed robust procedures for the installation, configuration, upgrade, testing, and security patching of operational software, including but not limited to email, office productivity suites, and Internet browsers. Internal vulnerability scans are performed both on a quarterly basis and after any significant change.</p>                                                                                                                                                                                                                                                                                                                                                    |
| <p><b>Organisational security measures</b></p> | <p>To protect its own as well as Customer Personal Data, HP has defined a minimum set of hardening requirements for technology infrastructure which includes workstations, servers and network equipment. Workstation / servers images contain pre-hardened operating systems. Hardening requirements vary depending on the type of operating system and applicable controls implemented.</p> <p>Systems with external connections will be protected by hardening and firewalls. Externally facing systems will be placed in a Demilitarized Zone (DMZ) or other similar configuration to protect internal HP systems. Critical network zones are logically isolated.</p> <p>Remote access to devices on the HP internal network, with the exception of the email system, requires the use of HP standard VPN solution. Network Intrusion Detection / Prevention Systems (NIDS/ NIPS) are placed in strategic locations within the network and are monitored and managed 24*7. All devices that have logging capabilities, such as operating systems, databases, applications, firewalls, routers and switches are required to be configured as per HP's logging and auditing standard.</p> <p>HP security policies and standards mandate secure disposal of media.</p> |

### STANDARD CONTRACT CLAUSES (Argentina)

*In accordance with the provisions of clause 6.4.1 of the Data Processing Addendum, Customer Personal Data originally collected in the Argentine Republic may be transferred, if required in connection with the services, to third*

*countries.*

*If the transfer mentioned in the preceding paragraph implies transfer of Customer Personal Data to countries that are not considered as countries that provide adequate levels of protection by applicable Data Protection and Privacy Laws in Argentina, the EU Standard Contractual Clauses included in Attachment 2, with the modifications set forth below, shall be applicable to transfer.*

- 1. Clause 4 shall be amended by adding the following:*

*Where these Clauses use terms that are defined in Argentina's Data Protection Law No. 25.326, its regulatory Decree No. 1558/2001, and their complementary regulations (as amended or replaced from time to time), such as 'personal data', 'sensitive data', 'process/processing', 'controller', 'processor', 'data subject' and 'supervisory authority', those terms shall have the same meaning as set forth in those regulations (as amended or replaced from time to time);*

- 2. For the purposes of these Clauses, references to "the data importer" means the service provider located outside of Argentina that receives the personal data from the data exporter for the processing in accordance with the terms of this agreement,*
- 3. For the purposes of these Clauses, 'the applicable data protection law' or 'Regulation (EU) 2016/679' shall be understood as references to Argentina's Data Protection Law No. 25.326 and its supporting regulations (as amended or replaced from time to time).*

- 4. In addition to Clause 8.8 (Onward transfers), the following shall apply:*

*Where Personal Data originating from Argentina is concerned, international data transfers shall only be permitted if either (i) the destination country provides adequate level of protection as determined by Argentina law, or (ii) one of the exceptions under Article 12 of Argentina's Data Protection Law 25.326 applies.*

- 5. Clause 11, subsection (c), item (ii) shall be replaced as follows:*

*(c) (ii) to refer the dispute to the judicial and administrative jurisdiction of the Argentina Republic.*

- 6. Clause 17 shall be replaced as follows:*

*These clauses shall be governed by the laws of the Argentina Republic, in particular by the Law No. 25.326, its regulations and dispositions issued by Argentina's Data Protection Authority (as amended or replaced from time to time).*

*7. Clause 18 shall be replaced as follows:*

*(a) Any dispute arising from these Clauses shall be resolved by the courts of the Argentina Republic.*

*(b) The Parties agree to submit themselves to the jurisdiction of such courts.*

The personal information handler and the overseas recipient shall conduct cross-

border transfer of personal information in accordance with this Contract. In terms of any commercial activities relating thereto, both Parties [have entered into]/[agreed to enter into] a commercial contract, i.e., [the name of the commercial contract, if any] on [Year], [Month], [Date].

The text of this Contract is drawn up in accordance with the provisions of the *Measures for Standard Contract for Personal Information Cross-Border Transfer*. If there is any other agreement between the two parties, it will be described in detail, if needed, in an Annex, which would constitute an integral part of this Contract on the condition that they do not conflict with the content of this Contract.

## **Article 1 Definition**

In this Contract, except as otherwise provided in the context:

- (1) "Personal information handler" means any organization or individual who independently determines the purpose and means of Personal Information processing activities and provides personal information outside the People's Republic of China.
- (2) "Overseas recipient" refers to an organization or individual located outside the territory of the People's Republic of China and receiving personal information from the personal information handler.
- (3) The personal information handler and the overseas recipient are hereinafter referred to individually as a "Party" and collectively as the "Parties".
- (4) "Personal information subject" refers to a natural person identified by or associated with the personal information.
- (5) "Personal information" means all kinds of information related to an identified or identifiable individual, recorded in electronic form or other forms, excluding anonymized information.
- (6) "Sensitive personal information" means any personal information that is likely to result in damage to the personal dignity of any individual or damage to his or her personal or property safety once leaked or illegally used, including information such as biometric identification, religious belief, specific identity, medical health, financial account and personal whereabouts, as well as the personal information of minors under the age of 14.
- (7) "Regulatory authority" refers to the cyberspace departments at or above the provincial level of the People's Republic of China.
- (8) "Relevant laws and regulations" refer to the *Cybersecurity Law of the People's Republic of China*, the *Data Security Law of the People's Republic of China*, the *Personal Information Protection Law of the People's Republic of China*, the *Civil*

*Code of the People's Republic of China, the Civil Procedure Law of the People's Republic of China, the Measures for Standard Contract for Personal Information Cross-border and other laws and regulations of the People's Republic of China.*

(9) The meanings of other undefined terms in this Contract shall be consistent with those stipulated in relevant laws and regulations.

## **Article 2 Obligations of personal information handler**

The personal information handler shall be subject to the following obligations:

(1) Personal information is collected and used in accordance with relevant laws and regulations; the scope of personal information to be transferred abroad is limited to the minimum scope required to achieve the purpose of processing.

(2) The personal information subject shall be notified of the name and contact information of the overseas recipient, the processing purpose, the processing means, the category of personal information and the retention period, and the means and procedure for exercising the rights of the personal information subject etc., if necessary in an Annex titled "Instructions on Personal Information Cross-Border Transfer". Where sensitive personal information is to be provided overseas, the personal information subject shall also be informed of the necessity of provision of sensitive personal information and its impact on the rights and interests of the personal information subject, unless otherwise provided by the laws and administrative regulations that such notification is not required.

(3) Where the provision of personal information overseas is based on individual's consent, the separate consent shall be obtained from the personal information subject. If personal information of minors under the age of 14 is involved, the separate consent shall be obtained from his or her parents or other guardians. Where the written consent is required to be obtained by laws and administrative regulations, such written consent shall be obtained.

(4) Personal information subjects have been informed that it and the overseas recipient have agreed through this Contract that the personal information subjects are the third-party beneficiary, and if the personal information subjects do not explicitly refuse within 30 days, they can enjoy the rights of the third-party beneficiary in accordance with this Contract.

(5) It shall make reasonable efforts to ensure that the overseas recipient adopts the following technical and management measures (based on a comprehensive consideration of personal information security risks resulted from the processing purpose of the personal information, the category of personal information, scale, scope and sensitivity of personal information to be exported, the quantity and frequency of transfer, the duration of transfer and retention period of personal

information by the overseas recipient etc.), to perform the obligations under this Contract.

Technical and management measures specified in an Annex, as needed.

(6) It will provide a copy of relevant legal provisions and technical standards to the overseas recipient at its/his request.

(7) It will respond to inquiries from regulatory authorities about the personal information processing activity of the overseas recipient.

(8) An impact assessment on personal information protection has been carried out in accordance with relevant laws and regulations on the proposed activity of providing the overseas recipient with personal information. The assessment has taken into account:

1. The legitimacy, justifiability and necessity of the purpose, scope, method, etc. of processing personal information by the personal information handler and the overseas recipient;
2. The volume, scope, types and sensitivity of personal information to be transferred abroad, and the risks that the cross-border transfer of personal information may bring to personal information rights and interests;
3. The responsibilities and obligations undertaken by the overseas recipient, and whether the management and technical measures, capabilities, etc. to fulfill the obligations can ensure the security of personal information to be transferred abroad;
4. The risk of personal information being divulged, damaged, tampered with and abused after cross-border transfer, whether the channels for individuals to safeguard personal information rights and interests are unobstructed, etc.;
5. Evaluate the possible impact of local personal information protection policy and regulations on compliance with the terms of this Contract in accordance with Article 4 of this Contract;
6. Other matters that may impact the security of personal information cross-border transfer.

The personal information protection impact assessment reports shall be kept for at least three years.

(9) It will provide a copy of this Contract to the personal information subjects at their requests. To the extent necessary to protect trade secrets or other confidential information (such as the contents of protected intellectual property, etc.), the relevant contents of this Contract may be properly shielded before a copy is provided, however, it undertakes to provide an effective summary to the personal information subjects to help them understand the contents of this Contract.

(10) It bears the burden of proof to prove that the obligations under this Contract have been fulfilled.

(11) It will provide the regulatory authorities with the information specified in Paragraph (11) of Article 3, including all audit results, in accordance with relevant laws and regulations.

### **Article 3 Obligations of overseas recipient**

The overseas recipient shall be subject to following obligations:

(1) It shall process personal information in accordance with the agreements listed, if needed, in an Annex titled "Instructions on Personal Information Cross-Border Transfer". Where the processing of personal information goes beyond the agreed processing purpose, processing means, and categories of personal information, the separate consent of personal information subject shall be obtained in advance if such processing is relied on the individual's consent. If any personal information of minors under the age of 14 is involved, the separate consent of minors' parents or other guardians shall be obtained.

(2) Where the overseas recipient is entrusted by the personal information handler to process personal information, it shall process personal information in accordance with the agreement with the personal information handler. The overseas recipient shall not process personal information in a way beyond the processing purpose or means as agreed with the personal information handler.

(3) It/he will provide a copy of this Contract to the personal information subjects according to their requirements. To the extent necessary to protect trade secrets or other confidential information (such as the contents of protected intellectual property, etc.), the relevant contents of this Contract may be properly shielded before a copy is provided, however, it/he undertakes to provide an effective summary to the personal information subjects to help them understand the content of this Contract. (4) It shall process personal information in a manner that has the least impact on the rights and interests of the personal information subject.

(5) The storage period of personal information shall be the minimum time necessary for the purpose of processing; after the above storage period is exceeded, the personal information (including all backups) shall be deleted or anonymized. Where it is entrusted by the personal information handler to process personal information, the overseas recipient shall return the personal information to the personal information handler or delete it, in the event the entrustment contract does not come into effect, becomes invalid, or is revoked or terminated, and provide a written statement to the personal information handler. If it is technically impossible to delete the personal information, the overseas recipient shall cease the processing of personal information other than storage and any necessary measures taken for the security protection.

(6) Ensure the security of personal information processing in the following methods:

1. Take effective technical and management measures including but not limited to those set out in Article 2 (5) this Contract, and conduct periodic checks to ensure the security of personal information.
2. Ensure that the personnel authorized to process personal information fulfill the obligation of maintaining confidentiality and establish an access control policy of minimum authorization so that the aforementioned personnel can only access the minimum necessary personal information required for their duties, and have only the least data operation permissions necessary to perform their duties.

(7) If the processed personal information is or may be tampered with, destroyed, leaked, lost, illegally used, provided or accessed without authorization, the overseas recipient shall carry out the following works:

1. Take appropriate remedial measures in a timely manner to reduce the adverse impact on the personal information subjects;
2. Notify the personal information handlers immediately and report to the regulatory authorities of the People's Republic of China in accordance with relevant laws and regulations. The notification contains the following:

(a) the category of personal information that has been or may be tampered with, destroyed, leaked, lost, illegally used, provided or accessed without authorization, the cause of the adverse event, the potential damage;

(b) Remedial measures that have been taken;

(c) Measures that individuals can take to mitigate hazards;

(d) The contact information of the person in charge of dealing with the data leakage or the responsible team.

3. Where relevant laws and regulations require the personal information subjects to be notified, the content of the notice shall include the contents of Subparagraph 2 above. Where the processing of personal information is entrusted by the personal information handler, the personal information handler shall notify the personal information subject.

4. Record and retain all information in relation to the occurrence or potential occurrence of tampering, destruction, leakage, loss, illegal use, unauthorized provision or access, including all remedial measures taken.

(8) It/he will not provide personal information to third parties located outside the People's Republic of China unless all of the following requirements are met:

1. It/he does have real business that requires a provision of personal information.

2. The personal information subjects have been informed of the identity

and the contact information of the third party, the purpose of processing, the method of processing, the types of personal information, the retention period, as well as the methods and procedures for exercising the rights of the personal information subjects. Where sensitive personal information is to be provided to such third party, the personal information subject shall also be informed of the necessity of providing sensitive personal information and its impact on personal rights and interests unless otherwise provided by the laws and administrative regulations that such notification is not required.

3. Where the processing of personal information is based on individual's consent, the separate consent of the personal information subject shall be obtained. If personal information of a minor under the age of 14 is involved, the consent shall be obtained from his or her parents or other guardians. Where written consent is required by laws or administrative regulations, such written consent shall be obtained.

4. Reach a written agreement with the third party to ensure that the level of personal information protection provided by the third party is not lower than that stipulated in the relevant laws and regulations of the People's Republic of China, and to assume liabilities for the infringement to the rights of the personal information subject arising from the provision of the personal information to the third party located outside the People's Republic of China.

5. Provide a copy of the above written agreement to the personal information subject at the request of the personal information subject. If trade secrets or confidential information are involved, the relevant contents of the written agreement can be redacted to some extent without affecting the understanding of the personal information subject.

(9) Obtain the prior consent of the personal information handler when being entrusted by it to process the personal information and entrusting it to a third party; ensure that the entrusted third party does not process personal information beyond the purpose and method of processing stipulated, if necessary, in an Annex titled "Instructions on Personal Information Cross-Border Transfer" to this Contract and supervise the personal information processing activity of that third party.

(10) Make automated decisions by using personal information, ensure the transparency of decision making and the fairness and impartiality of the results, and do not accord unreasonable differential treatment to personal information subjects on transaction conditions such as transaction prices. Where automated decision-making is used for information push and commercial marketing to the personal information subject, the overseas recipient shall provide personal

information subject with either options that are not specific to their personal characteristics, or with a convenient way of refusal for the personal information subject.

(11) Undertake to provide the personal information handler with all necessary information to prove compliance with the obligations under this Contract and allow the personal information handler to view necessary data files and documents, or to allow the personal information handler to conduct compliance audits on the processing activity covered by this Contract. When the personal information handler decides to view or audit, provide facilitation for the handler to carry out the compliance audit.

(12) Keep an objective record of the personal information processing activity carried out, retain the records for at least three years, and provide relevant records and documents to the regulatory authorities directly or through the personal information handler as required by relevant laws and regulations.

(13) Agree to be subject to the supervision and administration of the regulatory authorities in the relevant procedures for supervising the implementation of this Contract, including but not limited to, responding to the inquiries of the regulatory authorities, cooperating in the inspection of the regulatory authorities, and complying with the measures or decisions taken or made by the regulatory authorities, and providing written proof that necessary actions have been taken.

#### **Article 4 Impact of personal information protection policy & regulations in the overseas recipient's home country/region on compliance with this Contract**

(1) The Parties shall ensure that they have fulfilled their obligations of reasonable care at the time of the conclusion of this Contract and have not found any personal information protection policy & regulations of the country or region where the overseas recipient is located (including any requirements for the provision of personal information or the provisions authorizing public organs to access personal information) in that would affect the overseas recipient's obligations under this Contract.

(2) The Parties hereby state that in providing the guarantee in Paragraph (1) of Article 4, the following factors have been taken into account:

1. Specific information regarding cross-border transfer of personal information, including the types, volume, scope and sensitivity of personal information to be transferred abroad, the scale and frequency of transfer, the period of personal information transmission and the storage period of the overseas recipient, the purpose of personal information processing, previous similar experience of the overseas recipient in the cross-border transfer and processing of personal information, whether data security-

related incidents have occurred to the overseas recipient and whether they have been dealt with in a timely and effective manner, whether the overseas recipient ever received a request from the public organs of its/his home country/region to provide personal information and the response of the overseas recipient;

2. Personal information protection policy & regulations in the overseas recipient's home country/region include the following factors:

- (a) The current laws and regulations and widely applied standards for the personal information protection in that country or region;
- (b) Regional or global organizations on personal information protection to which the country or region is a member, and binding international commitments made by such country or region;
- (c) The mechanism for the personal information protection in that country or region, such as whether there are supervision and law enforcement authorities and relevant judicial bodies for the personal information protection.

3. The security management system and technical means guarantee capability of the overseas recipient.

(3) The overseas recipient guarantees that in conducting an evaluation in accordance with Paragraph (2) of Article 4, it/he has made every effort to provide the personal information handler with the necessary relevant information.

(4) The Parties shall record the process and results of the evaluation conducted in accordance with Paragraph (2) of Article 4.

(5) Where the overseas recipient is unable to perform this Contract due to changes in the personal information protection policy & regulations in the overseas recipient's home country/region (including changes in the laws of the overseas recipient's home country/region, or taking compulsory measures), the overseas recipient shall notify the personal information handler immediately after being aware of the above-mentioned changes.

(6) The overseas recipient shall immediately notify the personal information handler when receiving the request from the government department or judicial authority of the country or region where it is located for provision of personal information under this Contract.

## **Article 5 Rights of personal information subjects**

The Parties agree that, in accordance with relevant laws and regulations, the personal information subjects are vested with the right to carry out the obligations of the Parties to protect personal information in this Contract as a third party beneficiary.

(1) Personal information subjects shall, in accordance with relevant laws and regulations, have the right to know, the right to make decisions, the right to restrict or refuse others to process their personal information, the right to view, the right to copy, the right to make corrections and supplement, and the right to delete, and the right to require an explanation of their personal information processing rules.

(2) When personal information subjects request to exercise the above-mentioned rights over the personal information that has been transferred abroad, they may request the personal information handler to take appropriate measures to achieve it, or make a request directly to the overseas recipient. If the personal information handler is unable to achieve it, it shall notify and request the overseas recipient to assist in realizing it.

(3) The overseas recipient shall, in accordance with the notification of the personal information handler or at the request of the personal information subjects, realize the rights exercised by the personal information subjects in accordance with the relevant laws and regulations within a reasonable time limit.

The overseas recipient shall inform the personal information subjects of the relevant information truthfully, accurately and completely in a clear and plain language.

(4) If the overseas recipient plans to reject the request of the personal information subjects, it/he shall inform the personal information subjects of the reasons for such refusal and the methods for the personal information subjects to lodge a complaint with the relevant regulatory authorities and seek judicial relief.

(5) The personal information subjects, as the third-party beneficiary under this Contract, shall have the right to claim and demand, to any of the personal information handler and the overseas recipient, the performance of the following provisions relating to the rights of the personal information subjects under this Contract:

1. Article 2, except Paragraphs (5), (6), (7) and (11) of Article 2;
2. Article 3, except Subparagraphs 2 and 4 of Paragraph (7), Paragraphs (9), (11), (12) and (13) of Article 3;
3. Article 4, except Paragraphs (5) and (6) of Article 4.
4. Article 5;
5. Article 6;
6. Paragraphs (2) and (3) of Article 8;
7. Paragraph (5) of Article 9.

The agreement above shall not affect the rights and interests of the personal information subject as provided in the *Personal Information Protection Law of the People's Republic of China*.

## Article 6 Relief

(1) The overseas recipient shall appoint a contact person within the organization and authorize him to respond to inquiries or complaints about the processing of personal information and shall handle any inquiries or complaints from the personal information subjects in a timely manner. The overseas recipient shall inform the personal information handler of the contact information, and inform the personal information subjects of the contact information through a separate notification or announcement on its/his website in a simple and easy-to-understand way, as follows:

Contact person: HP Inc. Legal, Trust and Privacy Organization

contact information: 1501 Page Mill Road, Palo Alto, California 94304, USA

(2) The Parties agree that if a dispute between a personal information subject and either of the Parties occurs in terms of complying with this Contract, such either party shall inform the other party of the relevant situation and cooperate to resolve the dispute in a timely manner.

(3) If the dispute is not settled amicably and the personal information subject exercises the rights of the third party beneficiary in accordance with Article 5, the overseas recipient accepts the personal information subject to defend his or her rights through either of the following means:

1. Lodge a complaint with the regulatory authorities;
2. Bring an action in the court as provided for in Article 6 (5).

(4) The Parties agree that where personal information subject exercises the rights as a third-party beneficiary with respect to a dispute under this Contract, if the personal information subject chooses to apply the Relevant Laws and Regulations of the People's Republic of China, such choice shall prevail.

(5) The Parties agree that where personal information subject exercises the rights as a third-party beneficiary with respect to a dispute under this Contract, the personal information subject may bring a lawsuit with a competent court in accordance with the Civil Procedure Law of the People's Republic of China.

(6) The Parties agree that the fact that the personal information subject has sought remedies in accordance with provisions above shall not prejudice his/her rights to seek remedies under other laws and regulations.

## Article 7 Cancellation of contract

(1) If the overseas recipient violates any of its obligations stipulated in this Contract, or is unable to perform this Contract due to any change in the personal information protection policies and regulations of the country or region where

the overseas recipient is located (including amendment to the laws or the adoption of mandatory measures of the country or region where the overseas recipient is located), the personal information handler may suspend the transfer of personal information to the overseas recipient until the violation is corrected or this Contract is cancelled.

(2) Under any of the following circumstances, the personal information handler shall have the right to cancel this Contract and, if necessary, notify the regulatory authorities:

1. The personal information handler suspends the transfer of personal information to the overseas recipient for more than one month in accordance with Paragraph (1) of Article 7.
2. The overseas recipient's compliance with this Contract will violate the laws and regulations of its/his home country;
3. The overseas recipient seriously or continuously violates the obligations under this Contract;
4. According to the final decision made by the competent court or regulatory authority of the overseas recipient, the overseas recipient or personal information handler has violated the provisions of this Contract.

In the case of Subparagraphs 1, 2 or 4 above, the overseas recipient may also cancel this Contract.

(3) This Contract is cancelled with the consent of the Parties, but the cancellation of this Contract shall not exempt them from their obligations to protect personal information in the process of personal information processing.

(5) Upon cancellation of this Contract, the overseas recipient shall return or delete the personal information (including all backups) it has received under this Contract in a timely manner, and provide a written statement to the personal information handler. If it is technically impossible to delete the personal information, the processing of personal information other than storage and any necessary measures taken for the security protection, shall cease.

## **Article 8 Liability for breach of contract**

(1) Either party shall be liable to the other party for any damage caused to the other party as a result of their breach of this Contract.

(2) Each Party shall assume civil liabilities to the personal information subject for any infringement on the rights of the personal information subject arising from its breach of this Contract, without prejudice to the administrative, criminal or other liabilities that the personal information handler shall assume under the Relevant Laws and Regulations.

(3) Where the Parties assume joint and several liabilities according to the laws,

the personal information subject has the right to request either Party or both Parties to assume the liabilities. When the liability assumed by one Party exceeds the liability such Party shall assumed, it shall have the right to claim against the other Party accordingly.

## Article 9 Miscellaneous

(1) In the event of a conflict between this Contract and any other agreements already existing between the parties at the time of its conclusion, the terms of this Contract shall prevail.

(2) This formation, validity, performance and interpretation of this Contract and any dispute between the Parties arising from this Contract shall be governed by the Relevant Laws and Regulations of the People's Republic of China.

(3) All notices shall be promptly sent or mailed by electronic mail, cable, telex, facsimile (with a confirmation copy sent by airmail), or registered airmail to Room 203-A, No. 26 Jia Feng Road, Pilot Free Trade Zone, Shanghai, China (to personal information handler); 1501 Page Mill Road, Palo Alto, California 94304 USA (to overseas recipient), or other address for which written notice is given in lieu of such. b) compliance with ANPD's determinations; and

c) guaranteeing the Data Subjects' rights and repairing damages caused, subject to the provisions of Clause 17.

## SECTION II – MANDATORY CLAUSES

### CLAUSE 5 Purpose

5.1 These Clauses are presented as a mechanism to enable the secure international flow of personal data, establish minimum guarantees and valid conditions for carrying out the International Data Transfer and aim to guarantee the adoption of adequate safeguards for compliance with the principles, the rights of the Data Subject and the data protection regime provided for in National Legislation.

### CLAUSE 6. Definitions

6.1 For the purposes of these Clauses, the definitions in art. 5 of LGPD, and art. 3 of the Regulation on the International Transfer of Personal Data shall be considered, without prejudice to other normative acts issued by ANPD. The Parties also agree to consider the terms and their respective meanings as set out below:

- a) Processing agents: the controller and the processor;
- b) ANPD: National Data Protection Authority;
- c) Clauses: the standard contractual clauses approved by ANPD, which are part of SECTIONS I, II and III;
- d) Related Contract: contractual instrument signed between the Parties or, at least, between one of them and a third-party, including a Third-Party Controller, which has a common purpose, link or dependency relationship with the contract that governs the International Data Transfer;
- e) Controller: Party or third-party ("Third Controller") responsible for decisions regarding the processing of Personal Data;
- f) Personal Data: information related to an identified or identifiable natural person;
- g) Sensitive Personal Data: personal data on racial or ethnic origin, religious belief, political opinion, affiliation to trade unions or to a religious, philosophical or political organization, data regarding health or sexual life, genetic or biometric data, whenever related to a natural person;
- h) Erasure: exclusion of data or dataset from a database, regardless of the procedure used;
- i) Exporter: processing agent, located in the national territory or in a foreign

- country, who transfers personal data to the Importer;
- j) Importer: processing agent, located in a foreign country, who receives personal data from the Exporter;
  - k) National Legislation: set of Brazilian constitutional, legal and regulatory provisions regarding the protection of Personal Data, including the LGPD, the International Data Transfer Regulation and other normative acts issued by ANPD;
  - l) Arbitration Law: Law No. 9,307, of September 23, 1996;
  - m) Security Measures: technical and administrative measures able to protect Personal Data from unauthorized access and from accidental or unlawful events of destruction, loss, alteration, communication or dissemination;
  - n) Research Body: body or entity of the government bodies or associated entities or a non-profit private legal entity legally established under Brazilian laws, having their headquarter and jurisdiction in the Brazilian territory, which includes basic or applied research of historical, scientific, technological or statistical nature in its institutional mission or in its corporate or statutory purposes;
  - o) Processor: Party or third-party, including a Sub-processor, which processes Personal Data on behalf of the Controller;
  - p) Designated Party: Party or a Third-Party Controller, under the terms of CLAUSE 4, designated to fulfill specific obligations regarding transparency, Data Subjects' rights and notifying security incidents;
  - q) Parties: Exporter and Importer;
  - r) Access Request: request for mandatory compliance, by force of law, regulation or determination of public authority, to grant access to the Personal Data subject to the International Data Transfer governed by these Clauses;
  - s) Sub-processor: processing agent hired by the Importer, with no link with the Exporter, to process Personal Data after an International Data Transfer;
  - t) Third-Party Controller: Personal Data Controller who authorizes and provides written instructions for the carrying out of the International Data Transfer between Processors governed by these Clauses, on his behalf;
  - u) Data Subject: natural person to whom the Personal Data which are subject to the International Data Transfer governed by these Clauses relate;
  - v) Transfer: processing modality through which a processing agent transmits, shares or provides access to Personal Data to another processing agent;
  - w) International Data Transfer: transfer of Personal Data to a foreign country or to an international organization which Brazil is a member of; and
  - x) Onward Transfer: transfer of Personal Data, within the same country or to another country, by an Importer to a third-party, including a Sub-

processor, provided that it does not constitute an Access Request.

## **CLAUSE 7. Applicable legislation and ANPD supervision**

7.1 The International Data Transfer subject to these Clauses shall subject to the National Legislation and to the supervision of ANPD, including the power to apply preventive measures and administrative sanctions to both Parties, as appropriate, as well as the power to limit, suspend or prohibit the international transfers arising from this agreement or a Related Contract.

## **CLAUSE 8. Interpretation**

8.1. Any application of these Clauses shall occur in accordance with the following terms:

- a) These Clauses shall always be interpreted more favorably to the Data Subject and in accordance with the provisions of the National Legislation;
- b) In case of doubt about the meaning of any term in these Clauses, the meaning which is most in line with the National Legislation shall apply;
- c) No item in these Clauses, including a Related Agreement and the provisions set forth in SECTION IV, shall be interpreted as limiting or excluding the liability of any of the Parties in relation to obligations set forth in the National Legislation; and
- d) Provisions of SECTIONS I and II shall prevail in case of conflict of interpretation with additional clauses and other provisions set forth in SECTIONS III and IV of this agreement or in Related Agreements.

## **CLAUSE 9. Docking Clause**

9.1. By mutual agreement between the Parties, it shall be possible for a processing agent to adhere to these Clauses, either as a Data Exporter or as a Data Importer, by completing and signing a written document, which shall form part of this contract.

9.2 The acceding party shall have the same rights and obligations as the originating parties, according to the position assumed of Exporter or Importer and according to the corresponding category of treatment agent.

## **CLAUSE 10. General obligations of the Parties**

10.1. The Parties undertake to adopt and, when necessary, demonstrate the implementation of effective measures capable of demonstrating observance of and compliance with the provisions of these Clauses and the National Legislation, as well as with the effectiveness of such measures and, in particular:

- a) use the Personal Data only for the specific purposes described in CLAUSE 2, with no possibility of subsequent processing incompatible with such purposes, subject to the limitations, guarantees and safeguards provided for in these Clauses;
- b) guarantee the compatibility of the processing with the purposes informed to the Data Subject, according to the processing activity context;
- c) limit the processing activity to the minimum required for the accomplishment of its purposes, encompassing pertinent, proportional and nonexcessive data in relation to the Personal Data processing purposes;
- d) guarantee to the Data Subjects, subject to the provisions of Clause 4:
  - (d.1) clear, accurate and easily accessible information on the processing activities and the respective processing agents, with due regard for trade and industrial secrecy;
  - (d.2) facilitated and free of charge consultation on the form and duration of the processing, as well as on the integrity of their Personal Data; and
  - (d.3) accuracy, clarity, relevance and updating of the Personal Data, according to the necessity and for compliance with the purpose of their processing;
- e) adopt the appropriate security measures compatible with the risks involved in the International Data Transfer governed by these Clauses;
- f) not to process Personal Data for abusive or unlawful discriminatory purposes;
- g) ensure that any person acting under their authority, including subprocessors or any agent who collaborates with them, whether for reward or free of charge, only processes data in compliance with their instructions and with the provisions of these Clauses;
- h) keep a record of the Personal Data processing operations of the International Data Transfer governed by these Clauses, and submit the relevant documentation to ANPD, when requested.

## **CLAUSE 11. Sensitive personal data**

11.1. If the International Data Transfer involves Sensitive Personal Data, the Parties shall apply additional safeguards, including specific Security Measures which are proportional to the risks of the processing activity, to the specific nature of the data and to the interests, rights and guarantees to be protected, as described in SECTION III.

#### **CLAUSE 12. Personal data of children and adolescents**

12.1. In case the International Data Transfer governed by these Clauses involves Personal Data concerning children and adolescents, the Parties shall implement measures to ensure that the processing is carried out in their best interest, under the terms of the National Legislation and relevant instruments of international law:

#### **CLAUSE 13. Legal use of data**

13.1. The Exporter guarantees that Personal Data has been collected, processed and transferred to the Importer in accordance with the National Legislation.

#### **CLAUSE 14. Transparency**

14.1. The Designated Party shall publish, on its website, a document containing easily accessible information written in simple, clear and accurate language on the conduction of the International Data Transfer, including at least information on:

- a) the form, duration and specific purpose of the international transfer;
- b) the destination country of the transferred data;
- c) the Designated Party's identification and contact details;
- d) the shared use of data by the Parties and its purpose;
- e) the responsibilities of the agents who shall conduct the processing;
- f) the Data Subject's rights and the means for exercising them, including an easily accessible channel made available to respond to their requests, and the right to file a petition against the Exporter and the Importer before ANPD; and
- g) Onward Transfers, including those relating to recipients and to the purpose

of such transfer.

14.2. The document referred to in item 14.1. shall be made available on a specific website page or integrated, in a prominent and easily accessible format, to the Privacy Policy or equivalent document.

14.3. Upon request, the Parties shall make a copy of these Clauses available to the Data Subject free of charge, complying with trade and industrial secrecy.

14.4. All information made available to Data Subjects, under the terms of these Clauses, shall be written in Portuguese.

#### **CLAUSE 15. Rights of the data subject**

15.1. The Data subject shall have the right to obtain from the Designated Party, as regards the Personal Data subject to the International Data Transfer governed by these Clauses, at any time, and upon request, under the terms of the National Legislation:

- a) confirmation of the existence of processing;
- b) access to data;
- c) correction of incomplete, inaccurate or outdated data;
- d) anonymization, blocking or erasure of unnecessary or excessive data or data processed in noncompliance with these Clauses and the provisions of National Legislation;
- e) portability of data to another service or product provider, upon express request, in accordance with ANPD regulations, complying with trade and industrial secrecy;
- f) erasure of Personal Data processed under the Data Subject's consent, except for the events provided in CLAUSE 20;
- g) information on public and private entities with which the Parties have shared data;
- h) information on the possibility of denying consent and on the consequences of the denial;
- i) withdrawal of consent through a free of charge and facilitated procedure, remaining ratified the processing activities carried out before the request for elimination;
- j) review of decisions taken solely on the basis of automated processing of personal data affecting their interests, including decisions aimed at

defining their personal, professional, consumer and credit profile or aspects of their personality; and

- k) information on the criteria and procedures adopted for the automated decision.

15.2. Data subject may oppose to the processing based on one of the events of waiver of consent, in case of noncompliance with the provisions of these Clauses or National Legislation.

15.3 The deadline for responding to the requests provided for in this Clause and in item 14.3 is 15 (fifteen) days from the date of the data subject's request, except in the event of a different deadline established in specific ANPD regulations.

15.4. In case the Data Subject's request is directed to the Party not designated as responsible for the obligations set forth in this Clause or in item 14.3., the referred Party shall:

- a) inform the Data Subject of the service channel made available by the Designated Party; or
- b) forward the request to the Designated Party as early as possible, to enable the response within the period provided in item 15.2.

15.5. The Parties shall immediately inform the Data Processing Agents with whom they have shared data with the correction, deletion, anonymization or blocking of the data, for them to follow the same procedure, except in cases where this communication is demonstrably impossible or involves a disproportionate effort.

15.6. The Parties shall promote mutual assistance to respond to the Data Subjects' requests.

## **CLAUSE 16. Security Incident Reporting**

16.1. The Designated Party shall notify ANPD and the Data Subject, within 3 (three) working days of the occurrence of a security incident that may entail a relevant risk or damage to the Data Subjects, according to the provisions of National Legislation.

16.2. The Importer must keep a record of security incidents in accordance with

**CLAUSE 17. Liability and compensation for damages**

17.1. The Party which, when performing Personal Data processing activities, causes patrimonial, moral, individual or collective damage, for violating the provisions of these Clauses and of the National Legislation, shall compensate for it.

17.2. Data Subject may claim compensation for damage caused by any of the Parties as a result of a breach of these Clauses.

17.3. The defense of Data Subjects' interests and rights may be claimed in court, individually or collectively, in accordance with the provisions in relevant legislation regarding the instruments of individual and collective protection.

17.4. The Party acting as Processor shall be jointly and severally liable for damages caused by the processing activities when it fails to comply with these Clauses or when it has not followed the lawful instructions of the Controller, except for the provisions of item 17.6.

17.5. The Controllers directly involved in the processing activities which resulted in damage to the Data Subject shall be jointly and severally liable for these damages, except for the provisions of item 17.6.

17.6. Parties shall not be held liable if they have proven that:

- a) they have not carried out the processing of Personal Data attributed to them;
- b) although they did carry out the processing of Personal Data attributed to them, there was no violation of these Clauses or National Legislation; or
- c) the damage results from the sole fault of the Data Subject or of a third party which is not a recipient of the Onward Transfer or not subcontracted by the Parties.

17.7. Under the terms of the National Legislation, the judge may reverse the burden of proof in favor of the Data Subject whenever, in his judgement, the allegation is credible, there is a lack of sufficient evidence or when the Data Subject would be excessively burdened by the production of evidence.

17.8. Judicial proceedings for compensation for collective damages which intend to establish liability under the terms of this Clause may be collectively conducted in court, with due regard for the provisions in relevant legislation.

17.9. The Party which compensates the damage to the Data Subject shall have a right of recourse against the other responsible parties, to the extent of their participation in the damaging event.

#### **CLAUSE 18. Safeguards for Onward Transfers**

18.1. The Importer shall only carry out Onward Transfers of Personal Data subject to the International Data Transfer governed by these Clauses if expressly authorized, in accordance with the terms and conditions described in CLAUSE 3.

18.2. In any case, the Importer:

- a) shall ensure that the purpose of the Onward Transfer is compatible with the specific purposes described in CLAUSE 2;
- b) shall guarantee, by means of a written contractual instrument, that the safeguards provided in these Clauses shall be ensured by the third-party recipient of the Onward Transfer; and
- c) for the purposes of these Clauses, and regarding the Personal Data transferred, shall be considered responsible for any eventual irregularities committed by the third-party recipient of the Onward Transfer.

18.3. The Onward Transfer shall also be carried out based on another valid modality of International Data Transfer provided in National Legislation, regardless of the authorization referred to in CLAUSE 3.

#### **CLAUSE 19. Access Request Notification**

19.1 The Importer shall notify the Exporter and the Data Subject of any Access Request related to the Personal Data subject to the International Data Transfer governed by these Clauses, except in the event that notification is prohibited by the law of the country in which the data is processed.

19.2. The Importer shall implement the appropriate legal measures, including

legal actions, to protect the rights of the Data Subjects whenever there is adequate legal basis to question the legality of the Access Request and, if applicable, the prohibition of issuing the notification referred to in item 19.1.

19.3. To comply with both the ANPD's and the Exporter's requests, the Importer shall keep a record of Access Requests, including date, requester, purpose of the request, type of data requested, number of requests received, and legal measures implemented.

## **CLAUSE 20. Termination of processing and erasure of data**

20.1. Parties shall erase the personal data subject to the International Data Transfer governed by these Clauses after the ending of their processing, being their storage authorized only for the following purposes:

- a) compliance with a legal or regulatory obligation by the Controller;
- b) study by a Research Body, guaranteeing, whenever possible, the anonymization of personal data;
- c) transfer to a third-party, upon compliance with requirements set forth in these Clauses and in the National Legislation; and
- d) exclusive use of the Controller, being the access by a third-party prohibited, and provided data have been anonymized.

20.2. For the purposes of this Clause, processing of personal data shall cease when:

- a) the purpose set forth in these Clauses has been achieved;
- b) Personal Data are no longer necessary or pertinent to attain the intended specific purpose set forth in these Clauses;
- c) at the termination of the treatment period;
- d) Data Subject's request is met; and
- e) at the order of ANPD, upon violation of the provisions of these Clauses or National Legislation.

## **CLAUSE 21. Data processing security**

21.1. Parties shall implement Security Measures which guarantee sufficient protection of the Personal Data subject to the International Data Transfer

*governed by these Clauses, even after its termination.*

*21.2. Parties shall inform, in SECTION III, the Security Measures implemented, considering the nature of the processed information, the specific characteristics and the purpose of the processing, the technology current state and the probability and severity of the risks to the Data Subjects' rights, especially in the case of sensitive personal data and that of children and adolescents.*

*21.3. The Parties shall make the necessary efforts to implement periodic evaluation and review measures to maintain the appropriate level of data security.*

## ***CLAUSE 22. Legislation of country of destination***

*22.1 The Importer declares that it has not identified any laws or administrative practices of the country receiving the Personal Data that prevent it from fulfilling the obligations assumed in these Clauses.*

*22.2. In the event of a regulatory change which alters this situation, the Importer shall immediately notify the Exporter to assess the continuity of the contract.*

## ***CLAUSE 23. Non-compliance with the Clauses by the Importer***

*23.1. In the event of a breach in the safeguards and guarantees provided in these Clauses or being the Importer unable to comply with any of them, the Exporter shall be immediately notified, subject to the provisions in item 19.1.*

*23.2. Upon receiving the communication referred to in item 23.1 or upon verification of non-compliance with these Clauses by the Importer, the Exporter shall implement the relevant measures to ensure the protection of the Data Subjects' rights and the compliance of the International Data Transfer with the National Legislation and these Clauses, and may, as appropriate:*

- a) suspend the International Data Transfer;*
- b) request the return of the Personal Data, its transfer to a third-party, or its erasure; and*
- c) terminate the contract.*

## **CLAUSE 24. Choice of forum and jurisdiction**

24.1. Brazilian legislation applies to these Clauses and any controversy between the Parties arising from these Clauses shall be resolved before the competent courts in Brazil, observing, if applicable, the forum chosen by the Parties in Section IV.

24.2. Data Subjects may file lawsuits against the Exporter or the Importer, as they choose, before the competent courts in Brazil, including those in their place of residence.

24.3. By mutual agreement, Parties may use arbitration to resolve conflicts arising from these Clauses, provided that the procedure is carried out in Brazil and in accordance with the provisions of the Arbitration Law.

## **SECTION III - Security Measures**

To protect Customer data, HP abides by a robust set of information security controls including policies, practices, procedures, and organizational structures to safeguard the confidentiality, integrity, and availability of its own and its customers' information (including Personal Data as defined in HP's Customer and Data Processing Addenda). The following sets forth an overview of HP's technical/organizational security measures throughout the company.

### **1. Security Policy**

HP maintains globally applicable policies, standards, and procedures intended to protect HP and Customer data. The detail of HP's security policies is confidential to protect the integrity of HP's data and systems. However, summaries of our key policies are included below:

### **2. Information Security Organization**

HP's Information Security program is designed to direct and maintain the organization's information security strategy and controls. This system ensures enterprise-wide compliance with HP's security policies and controls, as well as adherence to the security requirements of its customers. Structured in alignment with industry-standard cybersecurity frameworks, laws, and regulations, the Framework is reviewed annually to adapt to HP's evolving threat landscape.

### **3. Cybersecurity Risk Management**

HP's cybersecurity risk management program is designed to preserve the confidentiality, integrity, and availability of its information assets. The program

provides a consistent approach to identifying, assessing, prioritizing, treating, remediating, tracking, and reporting cybersecurity risks. HP defines its Risk Appetite as the acceptable level of loss exposure and Risk Tolerance as the degree of variance from this appetite. Risks are evaluated using a defined methodology, enabling HP to mitigate information security risks to an acceptable level. This program aligns with HP's Enterprise Risk Management process.

#### **4. HR Security**

HP Human Resource Security policy ensures information security throughout the employee lifecycle by establishing processes for access to facilities, information systems, and other assets. This includes obtaining written acknowledgments through confidentiality and non-disclosure agreements, as well as conducting background screening procedures. All candidates for employment with HP must complete a background verification check in accordance with relevant laws, regulations, and ethics.

#### **5. Asset Management**

HP has a process for identifying technical information assets, categorizing critical assets, and maintaining documented handling procedures for each information classification type, including those containing Personal Data. These procedures cover storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification. HP security policies and standards also mandate the secure disposal of media.

#### **6. Data Security**

HP's Data Security program outlines the security practices and technical controls that must be implemented to protect the confidentiality, authenticity, and integrity of data. Legal requirements, value, criticality, and sensitivity to unauthorized disclosure or modification are a few of the factors that determine how information is classified under HP's Data Security policy. In addition to data handling procedures, the policy outlines data encryption, deletion, collection and processing, retention, backup, and data loss prevention.

#### **7. Access Control**

HP employs the principle of least privilege for logical access control, providing user access through unique user IDs and passwords. The password policy defines complexity, strength, validity, and password-history controls. Access rights are periodically reviewed and revoked upon personnel departure. Agreed-upon procedures for user account creation and deletion are implemented to grant and revoke access to client systems during engagements.

## **8. Cryptography**

HP has defined a set of robust processes for cryptography to ensure the confidentiality, integrity, and availability of information assets. Approved protocols require encryption for certain assets, including those that contain personal data. Our Cryptography program involves the use of mathematical techniques to secure information and communications, ensuring that only authorized parties can access the data. A critical component of HP's information security program is protecting data from unauthorized access and tampering.

## **9. Physical and Environmental Security**

HP facilities are secured using various physical and electronic access controls, including security guards, electronic access control, and closed-circuit television (CCTV). Facilities are also equipped with necessary infrastructure support, including temperature control and power backups, using UPS and/or diesel generators to support critical services. All HP personnel are registered and required to carry appropriate identification badges.

## **10. Operations Management**

HP has established minimum hardening requirements for technology infrastructure, including workstations, servers, and network equipment. These devices use pre-hardened operating system images, with requirements varying by operating system and implemented controls. Additionally, HP has deployed Network Intrusion Detection/Prevention Systems (NIDS/NIPS) that are monitored and managed 24/7.

## **11. Communications Security**

Communications Security ensures the protection of information within corporate networks. This includes the installation and management of network security components (e.g., firewalls), segregation of networks, as well as web filtering and email handling controls. Additionally, it involves monitoring and managing communication channels to detect and prevent unauthorized access or data breaches.

## **12. Systems Security**

HP's policy mandates a secure development methodology for systems and software throughout their lifecycle. The Software Development Lifecycle covers initiation, development/acquisition, implementation, operations, and disposal. All system components are evaluated for their impact on overall security. HP has established controls for application service transactions, including user credential

validation, digital signatures, encryption, secure communication protocols, and storing transaction details within the appropriate network security zone. Regular internal vulnerability scans are also performed.

### **13. Third Parties and Subcontractors**

HP has processes in place to select sub-contractors who comply with comprehensive contractual security requirements. For applicable suppliers handling HP or customer data, or accessing the HP network, HP Cybersecurity conducts a risk assessment to verify an information security program with physical, technical, and administrative safeguards. This assessment is required before the supplier can access HP information.

### **14. Information Security Incident Management**

HP has a comprehensive Cyber Incident Management Process that outlines purpose, scope, roles, responsibilities, management commitment, organizational coordination, implementation procedures, and compliance checking. This process is reviewed and updated annually. The Cyber Incident Response Team, including HP Cybersecurity personnel trained in incident response and crisis management, conducts regular tabletop reviews of the process and any incidents or events.

### **15. Business Continuity Management**

HP's global Continuity of Operations program ensures end-to-end continuity through collaborative, standardized, and documented planning processes. The company periodically exercises its business continuity plans to ensure effectiveness, testing and updating all plans at least yearly. Additionally, all personnel involved in the business continuity plan receive proper training.

### **16. Compliance**

Compliance shapes HP's approach to meeting legal, contractual, and internal expectations for an effective information security program. Regular information security reviews ensure protocols are integrated into each business group's operations. The review process also keeps documents updated to reflect current legal obligations as requirements evolve.

### **17. Payment Card Industry**

The Payment Card Industry (PCI) framework guides HP's approach to achieving PCI Compliance, outlining business responsibilities and security controls aligned with PCI DSS. By installing and maintaining network security controls like firewalls, HP ensures it meets PCI Compliance requirements.

## **18. HP Product Security**

HP Product Security encompasses essential practices to secure HP Products, such as code signing, managing product security vulnerabilities, issuing security bulletins, and reporting product security issues. These measures ensure that HP products remain secure and reliable for users. Product security is of paramount importance at HP, as it helps maintain customer trust and protects against potential threats.

## **19. HP Service Security**

HP Service Security encompasses essential practices to secure the services provided to HP customers. This policy addresses various areas of service security, including HP infrastructure hosted, third-party hosted, partner hosted, and customer hosted environments. These measures ensure that HP services remain secure and reliable for users. By implementing robust security practices, HP ensures the safety and integrity of its products and services, fostering a secure and trustworthy environment for all users.

### **Saudi Arabia Standard Contractual Clauses (Data Controller to Data Processor)**

#### **1. Processing Instructions**

The Personal Data Importer shall only process the transferred Personal Data based on written instructions from the Personal Data Exporter. Accordingly, if the Personal Data Importer is unable to follow the instructions, it shall inform

the Personal Data Exporter in writing without undue delay.

## **2.Processing Restrictions**

The Personal Data Importer shall process the transferred Personal Data in accordance with the purposes specified in Appendix (2), unless otherwise directed in writing by the Personal Data Exporter, provided that the Personal Data shall be processed in accordance with the provisions of the Law and its Implementing Regulations in all cases.

## **3.Compliance with the Requests of the Competent Authority**

A. In order for the Competent Authority to exercise its powers under the Law and the Implementing Regulations, the parties shall provide a copy of these Clauses to the Competent Authority upon request and without undue delay. The Competent Authority may request any additional information in relation to transfers of Personal Data.

B. Each party agrees to comply with any requests made by the Competent Authority in relation to these Clauses or the processing of the Transferred Personal Data.

C. Upon request, the Personal Data Importer (either directly or through the Personal Data Exporter) shall disclose its identity and contact details and the categories of Personal Data being processed to the Personal Data Subject and provide a copy of these items.

## **4.Accuracy and Quality of Personal Data**

If The Personal Data Importer realizes that any Personal Data transferred is inaccurate or not up-to-date, it shall inform the Personal Data Exporter in writing without undue delay, in which case the Personal Data Importer shall destroy the Personal Data and notify the Personal Data Exporter accordingly, unless the Personal Data Exporter is instructed not to destroy the data because it wishes to correct the transferred Personal Data.

## **5. Duration of Personal Data Processing and Destruction or Recovery**

A. The processing shall be carried out by the Personal Data Importer only for the period specified in Appendix (2). After completion of the purpose of the processing, The Personal Data Importer shall destroy all Personal Data processed on behalf of the Personal Data Exporter and notify the Personal Data Exporter accordingly unless otherwise instructed by the Personal Data Exporter in the following cases:

1. Return all processed Personal Data to the Personal Data Exporter and delete the copies held by the Data Importer;
2. If the applicable regulations in the Kingdom require the retention of the transferred Personal Data for an additional period of time;

B. The Personal Data Importer remains bound by these Clauses until the Personal Data is deleted or recovered.

## **6. Personal Data Security and Personal Data Breach Notifications**

A. The Parties shall ensure that the organizational, administrative, and technical measures specified in Appendix (3) provide a sufficient level of protection for the transferred Personal Data to comply with the requirements of Article (19) of the Law and Article (23) of the Implementing Regulation.

B. The Personal Data Importer shall implement the security measures specified in Appendix (3) and apply those measures to all transferred Personal Data to ensure the security and protection of Personal Data against any violation that may result in damage to the Personal Data Subject, unlawful action, loss, alteration, disclosure, or unauthorized access to Personal Data.

C. The Personal Data Importer must periodically review the security measures stipulated in Appendix (3) to ensure that they are implemented as required and update them as needed to ensure compliance with Article (19) of the Law and Article (23) of the Implementing Regulation.

D. If The Personal Data Importer becomes aware of a Personal Data Breach incident that affects the transferred Personal Data or is likely to cause damage to the rights and interests of Personal Data Subjects, the Personal Data Importer must immediately take appropriate and necessary measures to contain the incident to minimize any risks or negative consequences and ensure that it is

prevented from reoccurring. The Personal Data Exporter must be notified within (24) hours from the time of occurrence or knowledge of the breach incident, provided that the notification includes a description of the incident, its causes, the measures taken or planned to be taken to contain the incident and prevent its reoccurrence, in addition to the contact details for follow-up by the Personal Data Exporter. If the Personal Data Exporter realizes that the incident may cause damage to Personal Data or Personal Data Subjects or contradict their rights or interests, it shall notify the Competent Authority within (48) hours and in accordance with the requirements set out in Article (24) of the Law's Implementing Regulation.

E. As soon as the Personal Data Exporter receives the Data Importer's notification of a Personal Data breach incident and the incident would harm the Personal Data or the Personal Data Subject or contradict his/her rights or interests, the Personal Data Exporter must provide immediate notification in simple and clear language in accordance with the provisions of Article (24) of the Implementing Regulation to the Personal Data Subjects affected by the data breach incident, provided that the notification includes the potential risks and their nature, the measures taken or planned to be taken to contain the incident, and the contact information of the Personal Data Exporter, Data Importer, and the respective Personal Data Protection Officer of both entities, along with recommendations or consultations to aid the Data Subject in preventing or minimizing the impact of the outlined risks.

## **7.Sensitive Data**

Without prejudice to any restrictions related to sensitive data stipulated in the Law and the Implementing Regulations of the Law, the Personal Data Exporter shall ensure that the Personal Data Importer adopts additional means of protection commensurate with the nature of the sensitive data and guarantees its protection from any risks when processing it, while ensuring that the restrictions and additional guarantees described in Appendix (2) are applied.

## **8.Subsequent Transfer**

A. The Personal Data Importer shall not transfer or disclose the transferred Personal Data to a third party outside the Kingdom unless that party has acceded to these Clauses and in accordance with the appropriate template and the

provisions of Clause (7) above.

B. Without prejudice to the provisions of Articles (8) and (15) of the Law and (17) of the Implementing Regulation of the Law, the provisions of the Law and Regulations shall apply to Personal Data that has been previously transferred or disclosed to an entity outside the Kingdom.

#### **9. Compliance with these Clauses**

A. The Personal Data Importer shall respond to all inquiries of the Personal Data Exporter within the specified period and provide all information requested by the Personal Data Exporter, in addition to providing the Personal Data Exporter with all information it may request regarding the processing of the transferred Personal Data, including any information necessary to enable the Personal Data Exporter to prove its compliance with the requirements contained in these Clauses or the provisions stipulated in the Law and its Implementing Regulations.

B. Each party shall be responsible for demonstrating to the Competent Authority, upon request, that all obligations under these Clauses have been fulfilled.

C. The Personal Data Importer allows the Personal Data Exporter or its appointed representatives to audit the Data Importer's processing of Personal Data without undue delay upon Personal Data Exporter's request.

D. The Personal Data Exporter must provide the information revealed by the audit when requested by the Competent Authority

E. The right of audit does not grant the Personal Data Exporter or its representatives access to any confidential information of the Personal Data Importer as long as this information is not closely related to the processing of the transferred Personal Data.

#### **10. Rights of Personal Data Subjects**

A. The Personal Data Importer shall notify the Personal Data Exporter within (48) hours from the time of receipt of the request of any request received from the Personal Data Subject, and the Personal Data Importer shall not have the right to respond to such requests unless the Personal Data Exporter authorizes it to do

so:

B. The Personal Data Importer shall take all necessary measures in cooperation with the Personal Data Exporter to respond to the requests of Personal Data Subjects and enable them to exercise their rights under the provisions of the Law and Regulations.

C. The Personal Data Importer is obligated to follow all instructions issued by the Personal Data Exporter regarding the processing of the transferred Personal Data.

D. All statements made to the Personal Data Subject must be presented in a clear, legible, and accessible format.

##### *Saudi Arabia Standard Contractual Clauses (Data Processor to Data Processor)*

#### *1. Instructions Processing.*

A. The Personal Data Exporter has clarified to the Personal Data Importer that it processes Personal Data as a Processor based on the instructions of, and on behalf of, its Controller. The Personal Data Exporter confirms that these instructions are compatible and consistent with the instructions provided to it by the Controller.

B. The Personal Data Importer is obliged to process the transferred Personal Data only upon written instructions from the Personal Data Exporter. The Personal Data Importer is obliged to inform the Personal Data Exporter if it is unable to follow these instructions without undue delay.

C. The Personal Data Importer shall notify the Personal Data Exporter if it is unable to comply with The Personal Data Exporter's instructions within (24) hours from the time it becomes aware of this, provided that the Personal Data Exporter shall notify the Controller within (48) hours from the time it receives the Data Importer's notification.

D. The Personal Data Exporter confirms that it has imposed obligations on the Personal Data Importer equivalent to those imposed on the Personal Data Exporter by the Controller with respect to the processing of transferred Personal Data.

## **2. Processing Restrictions**

The Personal Data Importer shall process the transferred Personal Data in accordance with the purposes specified in Appendix (2), unless otherwise directed in writing by the Personal Data Exporter, provided that the Personal Data shall be processed in accordance with the provisions of the Law and its Implementing Regulations in all cases.

## **3. Compliance with the Requests of the Competent Authority**

A. In order for the Competent Authority to exercise its powers under the Law and the Implementing Regulations, the parties shall provide a copy of these Clauses to the Competent Authority upon request and without undue delay. The Competent Authority may request any additional information regarding transfers of Personal Data.

B. Each party agrees to comply with any requests made by the Competent Authority in relation to these Clauses or the processing of the transferred data.

C. Upon request, the Personal Data Importer (either directly or through the Personal Data Exporter or the Controller) shall disclose its identity, contact information, and the categories of Personal Data being processed to the Personal Data Subject and provide a copy of these Clauses.

## **4. Accuracy and Quality of Personal Data**

If The Personal Data Importer realizes that any transferred Personal Data is inaccurate or not up-to-date, it shall inform the Personal Data Exporter in writing without undue delay, provided that the Personal Data Exporter shall inform the Controller within (48) hours from the time the Personal Data Importer notifies the Personal Data Exporter to request a written directive requesting the destruction or correction of the Personal Data.

## **5. Duration of Personal Data Processing and Destruction or Recovery**

A. The processing shall be carried out by the Personal Data Importer only for the period specified in Appendix (2). After completion of the purpose of the processing, the Personal Data Importer shall destroy all Personal Data processed on behalf of the Personal Data Exporter and notify the Personal Data Exporter accordingly, unless otherwise directed by the Personal Data Exporter in the following cases:

1. Return all processed Personal Data to the Personal Data Exporter and delete the copies held by the Data Importer;
2. If the regulations in force in the Kingdom require the retention of the transferred Personal Data for an additional period of time;
3. To retain the minimum amount of Personal Data necessary for the establishment, prosecution, or defense of legal proceedings;
4. Retain the minimum amount of transferred Personal Data necessary to protect the Data Subject's life or vital interests or to prevent, examine, or treat an infection.

B. The Personal Data Importer remains bound by these Clauses until the Personal Data is deleted or recovered.

## **6. Personal Data Security and Personal Data Breach Notifications**

A. The Parties shall ensure that the organizational, administrative, and technical measures specified in Appendix (3) provide a sufficient level of protection for the transferred Personal Data to comply with the requirements of

Article (19) of the Law and Article (23) of the Regulation.

B. The Personal Data Importer shall implement the security measures specified in Appendix (3) and apply those measures to all transferred Personal Data to ensure the security and protection of Personal Data against any violation that may result in damage to the Personal Data Subject, unlawful action, loss, alteration, disclosure, or unauthorized access.

C. The Personal Data Importer must periodically review the security measures stipulated in Appendix (3) to ensure that they are being implemented as required, and update them as needed to ensure compliance with Article (19) of the Law and Article (23) of the Regulation.

If Personal Data Importer becomes aware of a data breach incident that could harm the transferred personal data or the data subjects, or conflict with their rights or interests, the Personal Data Importer must immediately take appropriate and necessary measures to contain the incident to minimize any risks or negative consequences and ensure that it does not recur. The Personal Data Exporter must be notified within 24 hours of the breach or upon becoming aware of it. This notification shall include a description of the incident, its causes, the measures taken or planned to contain the incident and prevent its recurrence, and contact details for follow-up by the Personal Data Exporter. The Personal Data Exporter must notify the controller within 24 hours of receiving the notification from the Data Importer. The controller must then notify the competent authority in accordance with the requirements set forth in "Article 24" of the Implementing Regulations of the Law.

## **7. Sensitive Data**

Without prejudice to any restrictions related to sensitive data as stipulated in the Law and its Implementing Regulations, the Personal Data Exporter must ensure that the Data Exporter adopts additional protection measures appropriate to the nature of the sensitive data and ensures its protection from any risks during processing, while also ensuring the application of the restrictions and additional safeguards outlined in Appendix (2).
